

A close-up photograph of a plant with variegated leaves. The leaves are primarily green with prominent pink and magenta streaks and tips. The plant has a feathery, finely divided appearance. The background is dark and out of focus.

2022-2024

Eshraghi
NURSERIES, LLC

Dear Friends,

We are pleased to present the Eshraghi Nursery 2022-2024 catalog. Inside, you will find exciting new additions alongside an ever expanding selection of grafted maples to meet your customers' unique needs. With eye-catching photography and detailed plant descriptions for over 400 varieties, this is your invaluable guide to plant possibilities for years to come. We look forward to helping your business grow.

As we approach our 33rd anniversary at Eshraghi Nursery, we celebrate by continuing to improve and learn. This year, we have begun construction on a new shipping dock to ensure that your order will arrive without delay, even as demands increase. We are always hard at work improving efficiency and selection, all while maintaining the quality and customer service that you have come to expect.

We welcome you to experience our beautiful plants first-hand. As always, you have an open invitation to tour the nursery. Just give us a call at 503.628.8685 option 2 to schedule your visit and see for yourself. We can't wait to share our ever expanding assortment of Japanese maples, grafted conifers, and perennials, which were many years in the making.

For questions or more information about pricing, please reach out to us at 503-628-8685 option 2. To place your Spring orders, check out our Spring Booking List, which can be obtained via e-mail from sales@eshraghinursery.com.

We look forward to connecting with you. Please enjoy the Eshraghi Nursery 2022-2024 catalog.

Thank you,

A handwritten signature in blue ink that reads "Linda Eshraghi". The signature is fluid and cursive, with the first name "Linda" written in a larger, more prominent script than the last name "Eshraghi".

Linda Hockersmith Eshraghi, Founder

Tags make a difference

How our tags benefit retail garden centers

- Our tags will help reduce labor costs, sell more plants, and increase traffic flow.
- The attractive and informative tags will answer many of your customers' questions, freeing up your sales people to see more customers and sell more plants.
- Tags are made from a waterproof, fade resistant material called MilkMade, made from recycled milk jugs.
- The tag design incorporates a large 4-color image, cultural information, botanical and common names, planting instructions, QR Code and a perforated bottom strip.
- For a nominal fee you can include your retail price and SKU on our tags so that your plants arrive ready for display, saving you time and money!

High-quality image of plant

No matter whether it is the foliage, unusual habit or beautiful blooms, our large 4-color image helps sell the beauty of the plant.

Large common and botanical names

What is in a name? We think everything is in a name, especially if it is the name of the plant your customer wants to buy!

Easy-to-understand descriptions

When your customers are better informed they are more apt to buy!

Care instructions with simple icons

Our tags will build your customers' confidence with simple care instructions helping your sales staff close sales.

A close-up photograph of a holly branch. The leaves are dark green, glossy, and pointed. Small, round, yellow berries are scattered among the leaves. The background is a blurred, darker green, suggesting more foliage.

'Little Gem'

Acer circinatum
'Pacific Fire'

Acer griseum

ABIES CONCOLOR 'BLUE CLOAK'

White Fir

Size: 8 x 4'

Exposure: Full sun

USDA Hardiness Zone: 4

This conifer has striking light blue needles that grow along slightly weeping branches. The pyramidal form makes a great specimen in areas with restricted space.

ABIES KOREANA 'CIS'

Korean Fir

Size: 1.5 x 2'

Exposure: Sun-Part shade

USDA Hardiness Zone: 4

A low, rounded shape and dark green evergreen needles make this a great plant for the front of the border or along a walkway. This dwarf conifer stays neat and compact.

ABIES KOREANA 'HORSTMANN'S SILBERLOCKE'

Korean Fir

Size: 12 x 4'

Exposure: Sun-Part shade

USDA Hardiness Zone: 5

This unusual yet handsome medium sized conical tree has irregular branching and blue-green needles curling up to reveal bright silver undersides. Likes lower elevations and tolerates heat and drought.

ABIES KOREANA 'KHOOUTS ICEBREAKER'

Korean Fir

Size: 6 x 3'

Exposure: Sun-Part shade

USDA Hardiness Zone: 5

A witch's broom of 'Horstmann's Silberlocke', this cultivar will maintain a small stature in the garden. Radial branching and curled needles with white undersides are its signature features.

ABIES KOREANA 'SILBERPERLE'

Korean Fir

Size: 2 x 1.5'

Exposure: Sun-Part shade

USDA Hardiness Zone: 4

Deep green needles have silver-white undersides and white, pearl-like winter buds. Its slow, dense growth initially forms a flattened globe, eventually becoming conical in shape. Protect from hot sun.

ACER CIRCINATUM 'ALLEYNE COOK'

Dwarf Vine Maple

Size: 6 x 4'

Exposure: Full sun

USDA Hardiness Zone: 5

This small vine maple grows more round than its cousins, keeping its nice form throughout its life. This lovely cultivar features yellow foliage with a hint of red in spring and bright burgundy foliage in fall.

ACER CIRCINATUM 'BURGUNDY JEWEL'

Vine Maple

Size: 6 x 4'

Exposure: Sun-Part sun

USDA Hardiness Zone: 5

This selection can take the form of a small deciduous tree or a large shrub. The leaves hold their purple-red color well throughout the summer, especially in full sun. In fall the leaves transition from orange to red.

ACER CIRCINATUM 'LITTLE GEM'

Dwarf Vine Maple

Size: 5 x 5'

Exposure: Sun-Shade

USDA Hardiness Zone: 5

This dwarf vine maple forms a dense mound. Small green leaves emerge with a slight red tinge in the spring and turn shades of orange and red in fall.

ACER CIRCINATUM 'PACIFIC FIRE'

Vine Maple

Size: 12 x 8'

Exposure: Part sun-Shade

USDA Hardiness Zone: 5

This selection forms an open mound featuring light green foliage that takes on orange highlights in full sun. With brilliant red twigs, fall colors are especially striking with contrasting golden yellow and orange foliage.

ACER CIRCINATUM 'SUNNY SISTER'

Vine Maple

Size: 6 x 3'

Exposure: Sun-Part shade

USDA Hardiness Zone: 5

This small, upright, deciduous tree is a great addition to any landscape. Leaves emerge orange-yellow, with pink highlights in full sun, maturing to light green. In fall, leaves change to bright yellow and orange.

ACER GRISEUM

Paperbark Maple

Size: 30 x 20'

Exposure: Sun-Part shade

USDA Hardiness Zone: 4

A gorgeous, small, deciduous tree where the cinnamon to reddish brown bark peels away in paper thin strips. Bluish green toothed foliage changes to bronze-red in the fall.

Acer

Acer japonicum 'Fairy Lights'

Acer palmatum 'Adrian's Compact'

Acer palmatum 'Bloodgood'

Acer palmatum 'Emperor I'®

Acer japonicum 'Aconitifolium'

Acer japonicum 'Green Cascade'

Acer japonicum 'Ruby'

Acer palmatum 'Akita yatsubusa'

Acer palmatum 'Bonfire'

Acer palmatum 'Butterfly'

Acer palmatum 'Dr. Seuss'

Acer palmatum 'Fascination'

ACER JAPONICUM 'ACONITIFOLIUM'

Fernleaf Fullmoon Maple

Size: 15 x 20'

Exposure: Sun-Part sun

USDA Hardiness Zone: 5

An upright tree with a bushy habit and large, rounded fern-like leaves. Rich green color turns dramatic scarlet in fall.

ACER JAPONICUM 'FAIRY LIGHTS'

Dwarf Fullmoon Maple

Size: 5 x 2'

Exposure: Sun-Part shade

USDA Hardiness Zone: 5

This dwarf maple features highly dissected leaves that grow in a range of green shades. In autumn, the leaves take on gold and scarlet colors.

ACER JAPONICUM 'GREEN CASCADE'

Fullmoon Maple

Size: 5 x 10'

Exposure: Sun-Part shade

USDA Hardiness Zone: 5

A weeping form of japonicum, with more substantial leaves and more intense color than 'Viridis'. Medium green color turns a concentrated yellow-gold to crimson in fall.

ACER JAPONICUM 'RUBY'

Fullmoon Maple

Size: 8 x 8'

Exposure: Sun-Part shade

USDA Hardiness Zone: 5

A broad-headed deciduous tree, this maple features green leaves edged in reddish purple. Fall colors are orange, red and purple.

ACER PALMATUM 'ADRIAN'S COMPACT'

Japanese Maple

Size: 10 x 6'

Exposure: Sun-Part shade

USDA Hardiness Zone: 5

A nice upright, compact tree, with small burgundy red leaves. Fall color includes bright orange and red.

ACER PALMATUM 'AKITA YATSUBUSA'

Japanese Maple

Size: 2.5 x 2.5'

Exposure: Sun-Part shade

USDA Hardiness Zone: 6

This shrub maple grows in a round form. Its leaves emerge as pinkish yellow-red, and in the fall they transition to full red. Its leaves also feature long, thin lobes.

ACER PALMATUM 'BLOODGOOD'

Japanese Maple

Size: 20 x 20'

Exposure: Sun-Part shade

USDA Hardiness Zone: 5

A vigorous, upright habit with blackish-red new stems. Large deeply cut red leaves turn bright red in fall. The iconic red upright Japanese maple to which all others are compared.

ACER PALMATUM 'BONFIRE'

Japanese Maple

Size: 15 x 15'

Exposure: Full sun

USDA Hardiness Zone: 5

A small upright tree with glossy leaves that emerge bright red and fade to green. Nice multicolor effect all summer, brilliant red in fall. Dense growth habit.

ACER PALMATUM 'BUTTERFLY'

Japanese Maple

Size: 12-15 x 6'

Exposure: Sun-Part shade

USDA Hardiness Zone: 5

Small tree with an upright form. Small green leaves are edged in white and soft pink margins that turn brighter pink in fall.

ACER PALMATUM 'DR. SEUSS'

Japanese Maple

Size: 5 x 3'

Exposure: Sun-Part shade

USDA Hardiness Zone: 6

The leaves of this maple features small, slightly variegated green and yellow leaves. Variegation is most prominent on new growth. In the fall the leaves transition from yellow to orange.

ACER PALMATUM 'EMPEROR I'®

Japanese Maple

Size: 20 x 20'

Exposure: Sun-Part shade

USDA Hardiness Zone: 5

An upright maple, similar to 'Bloodgood', but with a faster growing rate. This cultivar has a narrower habit with dark red-purple leaves which turn scarlet in the fall. Ideal for colder climates.

ACER PALMATUM 'FASCINATION'

Japanese Maple

Size: 15 x 10'

Exposure: Sun-Part shade

USDA Hardiness Zone: 5

'Fascination' is a medium to large maple with deeply cut leaves. The foliage emerges yellow-orange in spring, then turns a darker green. The fall color is bright orange-red. Tolerates humidity.

Acer

Acer palmatum 'Fireball'

Acer palmatum 'Hime shojo'

Acer palmatum 'Kamagata'

Acer palmatum 'Kurenai jishi'

Acer palmatum 'Gable Glory'

Acer palmatum 'Fireglow'

Acer palmatum 'Geisha Gone Wild'

Acer palmatum 'Ilarian'

Acer palmatum 'Katsura'

Acer palmatum 'Kiyohime'

Acer palmatum 'Koto-no-ito'

Acer palmatum 'Lima Gold'

ACER PALMATUM 'FIREBALL'

Japanese Maple

Size: 4 x 3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

A dwarf maple, this cultivar has deep purple-red leaves, which turn vivid red and orange in fall.

ACER PALMATUM 'FIREGLOW'

Japanese Maple

Size: 16 x 16'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Upright maple similar to 'Bloodgood' but, on the smaller side with brighter red fall coloration. New leaves are also slightly more pink.

ACER PALMATUM 'GABLE GLORY'

Japanese Maple

Size: 15 x 15'
Exposure: Part shade
USDA Hardiness Zone: 5

Bright orange-red new leaf color is long lasting, especially in some shade, maturing to burgundy-green. Unusual bark is yellow-green and provides winter interest.

ACER PALMATUM 'GEISHA GONE WILD'

Japanese Maple

Size: 6 x 3'
Exposure: Part shade
USDA Hardiness Zone: 6

A small variegated form with narrow, purple-green foliage, that is irregularly edged with pink and white. New growth is bright hot-pink while fall foliage changes to purple-orange, then red.

ACER PALMATUM 'HIME SHOJO'

Japanese Maple

Size: 5 x 4'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

An excellent dwarf red palmatum, growing densely, and taller than wide. Flushes of red, deeply divided new leaves appear all season, maturing to a dark maroon, giving this treasure a contrasting color effect.

ACER PALMATUM 'ILARIAN'

Japanese Maple

Size: 8 x 4'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

Small deciduous, upright tree with unusual tiny pink, green, and white variegated leaves. Stunning foliage changes to a bright orange or red in fall.

ACER PALMATUM 'KAMAGATA'

Eagle Claw Japanese Maple

Size: 8-10 x 8-10'
Exposure: Full sun
USDA Hardiness Zone: 5

Small leaves with long angular lobes emerge with a red margin on a light green leaf. Mid-summer color is bright green before turning intense orange-yellow and red in fall. Has a soft appearance and a dense habit.

ACER PALMATUM 'KATSURA'

Japanese Maple

Size: 20 x 15'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Beautiful bright yellow leaves with coral tones lasting into summer. Leaves fade to soft green before turning brilliant gold and orange in autumn. New branches turn vibrant coral-orange in winter.

ACER PALMATUM 'KIYOHIME'

Japanese Maple

Size: 6 x 6'
Exposure: Full sun
USDA Hardiness Zone: 5

Small, star-shaped leaves on a vigorous but dense, compact grower. Rich green leaves initially emerge with bright red-orange margins around yellow centers. Fall color is yellow-orange to bronze.

ACER PALMATUM 'KOTO-NO-ITO'

Harp Strings Japanese Maple

Size: 6-10 x 6-8'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Meaning "harp strings", the name of this cultivar aptly describes this tree's very fine thread-like leaves. Foliage opens with a hint of crimson, quickly turning green. Fall color is bright yellow. Very graceful appearance.

ACER PALMATUM 'KURENAI JISHI'

Dwarf Red Lion

Size: 3 x 2'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

This maple is a dwarf shrub with a compact form. The leaves are small with twisted lobes. New leaf growth emerges bright red, transitioning to a light orange-brown color, and as they mature, the leaves become purple-brown. In the fall, the leaves transition from yellow to red.

ACER PALMATUM 'LIMA GOLD'

Japanese Maple

Size: 4 x 4'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

Tiny yellow-green, seven-lobed leaves adorn this dense, dwarf maple. Fall color is a light golden yellow. Its compact stature makes it highly suitable for a container or small garden.

Acer

Acer palmatum 'Manyo no sato'

Acer palmatum 'Mikazuki'

Acer palmatum 'Orange Dream'

Acer palmatum 'Red Pygmy'

Acer palmatum 'Little Sango'

Acer palmatum 'Mikawa yatsubusa'

Acer palmatum 'Olsen's Frosted Strawberry'

Acer palmatum 'Omato'

Acer palmatum 'Oregon Sunset'

Acer palmatum 'Peaches and Cream'

Acer palmatum 'Purple Ghost'

Acer palmatum 'Rhode Island Red'

ACER PALMATUM 'LITTLE SANGO'

Japanese Maple

Size: 5 x 3'

Exposure: Sun-Part shade
USDA Hardiness Zone: 6

This small deciduous tree has a dense, upright form. Light green leaves become yellow and orange in fall. Newer stems are bright red in winter.

ACER PALMATUM 'MANYO NO SATO'

Japanese Maple

Size: 6 x 4'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Narrow-lobed, deeply divided leaves emerge purple, and harden off to green and purple. In late summer, the purple turns deep green, creating a two-tone green effect. Fall color is purple and orange.

ACER PALMATUM 'MIKAWA YATSUBUSA'

Japanese Maple

Size: 12 x 12'

Exposure: Sun-Shade
USDA Hardiness Zone: 5

Large, overlapping leaves make this maple quite unusual. Bright yellow-green new growth matures to rich green. Very striking dwarf tree.

ACER PALMATUM 'MIKAZUKI'

Crescent Moon Japanese Maple

Size: 13 x 7'

Exposure: Part shade
USDA Hardiness Zone: 5

Spring growth emerges red with green venation. As the deeply divided and undulating foliage matures, it changes to creamy white with pink margins. Fall brings back the green veins highlighting the orange leaves. A great cultivar for humid climates.

ACER PALMATUM 'OLSEN'S FROSTED STRAWBERRY'

Japanese Maple

Size: 6 x 6'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

This small tree features variegated leaves of purple-red and silver-white. The colors are most vibrant in spring. The upper leaves create an open, willowy canopy.

ACER PALMATUM 'OMATO'

Japanese Maple

Size: 25 x 25'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

This upright, green maple has large, broadly ovate leaves with 5-7 lobes. Leaves emerge with a hint of orange-red, mature to rich green, then turn brilliant tones of red in fall.

ACER PALMATUM 'ORANGE DREAM'

Japanese Maple

Size: 25 x 15'

Exposure: Part shade
USDA Hardiness Zone: 5

Similar to 'Katsura' but, even more colorful. A nicely branched upright tree, the large leaves begin coral-orange and progress to vibrant yellow with red undertones, eventually maturing a soft green. Bright gold and coral in fall.

ACER PALMATUM 'OREGON SUNSET'

Japanese Maple

Size: 8-10 x 8-10'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Large leaves round out the overall globe-shape of this compact grower. Purple-red leaves begin as a soft red in spring. In fall, the leaves turn an outstanding orange-red.

ACER PALMATUM 'PEACHES AND CREAM'

Japanese Maple

Size: 10 x 10'

Exposure: Part shade
USDA Hardiness Zone: 5

Spring foliage emerges cream with green highlights and rose-red tips. Deep green veins create a variegated appearance. Fall color is yellow with dark tips.

ACER PALMATUM 'PURPLE GHOST'

Japanese Maple

Size: 15-18 x 15-18'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Purple-red foliage, with dark black veins, turns bright red to orange in fall. The more sun, the darker the leaves.

ACER PALMATUM 'RED PYGMY'

Japanese Maple

Size: 6 x 6'

Exposure: Part shade
USDA Hardiness Zone: 5

Very narrow leaf lobes give these red leaves a strap like look. Leaves are more gold as the season ends. Rounded top, vase-shaped, small tree.

ACER PALMATUM 'RHODE ISLAND RED'

Japanese Maple

Size: 6 x 6'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

This compact, red-leaved maple forms a broad dome-shaped crown. Bright red leaves mature to burgundy red, finally turning orange to red in fall. Dark red stems provide winter interest.

Acer

NEW INTRO

Acer palmatum 'Ryu sei'

Acer palmatum 'Sagara nishiki'

Acer palmatum 'Sharp's Pygmy'

Acer palmatum 'Taylor' PP15943

Acer palmatum 'Ruby Ridge'

Acer palmatum 'Ruby Stars'

Acer palmatum 'Sango kaku'

Acer palmatum 'Seiun kaku'

Acer palmatum 'Shaina'

Acer palmatum 'Shishigashira'

Acer palmatum 'Skeeter's Broom'

Acer palmatum 'Summer Gold'

ACER PALMATUM 'RUBY RIDGE'

Japanese Maple

Size: 6 x 3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

A compact, upright tree with black-red spring foliage. Leaves mature to green by summer's end. Fall color ranges from yellow to red.

ACER PALMATUM 'RUBY STARS'

Japanese Maple

Size: 6 x 3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Small, broadly star-shaped leaves emerge red in spring, maturing to green in summer. A second flush of red growth creates a lovely contrast against the older green leaves. Fall color is yellow to orange. A lovely dwarf tree.

ACER PALMATUM 'RYU SEI'

Japanese Maple

Size: 10 x 6'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

A weeping palmatum, this cultivar has green spring and summer foliage, that turns red and gold in fall. Branches initially grow upwards, but quickly become pendulous. Height depends on training.

ACER PALMATUM 'SAGARA NISHIKI'

Japanese Maple

Size: 10 x 8'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Leaves begin life with some apricot coloration, becoming chartreuse with yellow margins as the season progresses. The foliage will turn orange and yellow in the fall.

ACER PALMATUM 'SANGO KAKU'

Coral Bark Japanese Maple

Size: 20-25 x 18-20'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

'Sango kaku' is best known for its magnificent coral-pink bark in the winter. An upright grower with medium-sized, light green leaves until fall, when they become apricot-orange followed by a brilliant gold. Very showy tree with a nice upright form.

ACER PALMATUM 'SEIUN KAKU'

Japanese Maple

Size: 10 x 10'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Forming a flat-topped crown, the foliage on this upright maple emerges yellow-green, maturing to dark green in summer, and finally turning a lovely red in fall.

ACER PALMATUM 'SHAINA'

Japanese Maple

Size: 5-8 x 4-8'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

A popular compact, upright, and densely branching tree. Small, deeply cut leaves remain close to the branches. Leaves begin a bright red and mature to a deep reddish-purple and magenta in fall.

ACER PALMATUM 'SHARP'S PYGMY'

Japanese Maple

Size: 3-4 x 3-4'
Exposure: Part sun
USDA Hardiness Zone: 5

A dwarf tree with very compact growth. Small, serrated, green leaves turn brilliant yellow and scarlet-orange in autumn.

ACER PALMATUM 'SHISHIGASHIRA'

Lion's Head Japanese Maple

Size: 15-20 x 15'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Small, bright green leaves curl tightly against branches. Densely packed leaves create a striking appearance on this slow-growing, compact, upright tree which turns brilliant gold with some red and pink shades in autumn.

ACER PALMATUM 'SKEETER'S BROOM'

Japanese Maple

Size: 6 x 6'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

New growth on this compact Japanese maple emerges a lovely bright red. As the foliage matures it takes on more of a burgundy color.

ACER PALMATUM 'SUMMER GOLD'

Japanese Maple

Size: 13 x 6'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

A lovely yellow-leaved maple that is sun tolerant. New leaves emerge orange-yellow, transitioning through light yellow, yellow-gold, yellow-green, and finally golden yellow in fall.

ACER PALMATUM 'TAYLOR' PP15943

Japanese Maple

Size: 4 x 3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

This dwarf shrub maple is known for its stunning pink new growth. In late spring, leaf centers turn green while margins remain pink. The leaves turn lime green in fall before they drop. Unlicensed propagation prohibited.

Acer

Acer palmatum 'Tsuma gaki'

Acer palmatum dissectum 'Baby Lace'

Acer palmatum dissectum 'Crimson Queen'

Acer palmatum dissectum 'Red Dragon'

Acer palmatum 'Tobiosho'

Acer palmatum 'Twombly's Red Sentinel'

Acer palmatum 'Winter Red'

Acer palmatum dissectum 'Balldsmith'

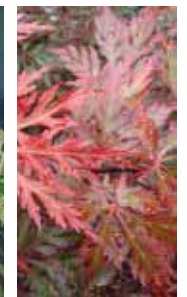

Acer palmatum dissectum 'Hana matoi'

Acer palmatum dissectum 'Inaba shidare'

Acer palmatum dissectum 'Lemon Lime Lace'

Acer palmatum dissectum 'Orangeola'

ACER PALMATUM 'TOBIOSHO'

Japanese Maple

Size: 15-20 x 10-15'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Known for its brilliant red fall color, 'Tobiosho' has an upright, rounded habit and bears medium green leaves through spring and summer.

ACER PALMATUM 'TSUMA GAKI'

Japanese Maple

Size: 6-10 x 6-10'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Light green leaves, with reddish lobe-tips, turn crimson-red in the fall. Small, rounded, upright tree.

ACER PALMATUM 'TWOMBLY'S RED SENTINEL'

Japanese Maple

Size: 6 x 3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

This compact and narrow growing tree has lovely deep maroon foliage. The color holds well throughout the hot summer months, and becomes a beautiful crimson in autumn.

ACER PALMATUM 'WINTER RED'

Japanese Maple

Size: 10 x 6'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

Fiery, coral-red bark provides interest winter through early spring. Then bright yellow-green leaves emerge, creating a lovely contrast to the bark. Fall brings golden yellow and small accents of red.

ACER PALMATUM DISSECTUM 'BABY LACE'

Laceleaf Japanese Maple

Size: 3-4 x 3'
Exposure: Part sun-Part shade
USDA Hardiness Zone: 5

Small, very finely dissected leaves emerge a pinkish red fading to a bronze-green. Fall color is more reddish with hints of pink and orange. A delicate looking maple as leaves have an airy, spider-like appearance. Remains quite dwarf.

ACER PALMATUM DISSECTUM 'BALDSMITH'

Laceleaf Japanese Maple

Size: 5 x 6'
Exposure: Part sun
USDA Hardiness Zone: 5

A mounding laceleaf with finely cut leaves. Spring color is bright orange-red, fading to soft green in summer, finally turning brilliant orange in fall.

ACER PALMATUM DISSECTUM 'CRIMSON QUEEN'

Laceleaf Japanese Maple

Size: 6-8 x 10-12'
Exposure: Part sun
USDA Hardiness Zone: 5

A lovely laceleaf maple with deep purple-red color and a nice cascading habit. Holds color well in heat and turns deep scarlet in fall.

ACER PALMATUM DISSECTUM 'HANA MATOI'

Laceleaf Japanese Maple

Size: 2 x 3'
Exposure: Part shade
USDA Hardiness Zone: 5

Deeply cut lobes and fine serrations create a lacy effect. Adding to the appeal are the variations of deep pink, yellow-green and cream on the green leaves. Protect from hot sun to retain color.

ACER PALMATUM DISSECTUM 'INABA SHIDARE'

Laceleaf Japanese Maple

Size: 7 x 10'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Rich maroon laceleaf with a cascading habit that is a bit more upright than most. Crimson in fall. Faster growing than other red laceleafs.

ACER PALMATUM DISSECTUM 'LEMON LIME LACE'

Laceleaf Japanese Maple

Size: 4 x 9'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Lace-like leaves emerge yellow, maturing to lime green, giving this weeping Japanese maple a lovely two-toned appearance. Fall color ranges from yellow to orange.

ACER PALMATUM DISSECTUM 'ORANGEOLA'

Laceleaf Japanese Maple

Size: 7-8 x 6-7'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Leaves emerge orange-red then fade to dark red. Heavy shade encourages a deep green cast. It is a beautiful effect enhanced by leaves that are a bit more glossy than most of the reddish-purple varieties of laceleaf.

ACER PALMATUM DISSECTUM 'RED DRAGON'

Laceleaf Japanese Maple

Size: 7 x 10'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

A beautiful weeping laceleaf with new red leaves which mature to purple-red. This cultivar holds deep red color in sun or shade, better than any other red dissectum. Rich red in fall.

Acer

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

A very attractive upright growth form with small, lacy green leaves until autumn, when leaves turn red and gold with tones of purple. A very attractive and unusual upright.

ACER PALMATUM DISSECTUM 'TAMUKE YAMA'

Laceleaf Japanese Maple

Size: 6-8 x 8-12'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

A rich red-purple laceleaf which holds its color well through summer. Leaves emerge slightly more red; fall color is brilliant red. Grows quickly to maturity.

ACER PALMATUM DISSECTUM 'IRIDIS'

Laceleaf Japanese Maple

Size: 6-10 x 8-10'
Exposure: Part sun-Part shade
USDA Hardiness Zone: 5

The most common green laceleaf maple. Bright green leaves turn yellow-gold with hints of orange and red in fall. Cascading habit.

ACER SHIRASAWANUM 'AUREUM'

Fullmoon Maple

Size: 15-20 x 15-20'
Exposure: Part sun-Part shade
USDA Hardiness Zone: 5

Beautiful tree with bright yellow leaves that turn orange-red in fall. Leaves have many more lobes than a palmatum, giving them a rounded appearance. In shade, the leaves will be more chartreuse. Upright and bushy growth habit.

ACER SHIRASAWANUM 'AUTUMN MOON'

Fullmoon Maple

Size: 20 x 15'
Exposure: Part sun-Part shade
USDA Hardiness Zone: 5

Small, deciduous tree. Leaves have many more lobes than a palmatum, giving the leaves a rounded appearance. Foliage is burnt orange in sun, yellow in shade, and rose-orange in the fall.

ACER SHIRASAWANUM 'MIKADO'

Fullmoon Maple

Size: 10 x 5'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

The spring and summer foliage of this upright maple is purple. Fall colors are orange to red.

ACER SIEBOLDIANUM 'KUMOI NISHIKI'

Siebold's Maple

Size: 10 x 6'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Broad-lobed, palmate leaves are mottled with varying shades of green and creamy white. Fall colors are orange and red.

AZALEA 'CANZONETTA'

Evergreen Azalea

Size: 1 x 1.5'
Exposure: Part shade
USDA Hardiness Zone: 6

Rosy pink, cup-shaped flowers bloom for weeks in spring on this dwarf evergreen shrub. Dark green, shiny leaves turn burgundy red in winter. All in all, with its low spreading habit, this is a beautiful groundcover shrub.

AZALEA 'CHERRY DROPS'

Evergreen Azalea

Size: 2 x 2'
Exposure: Part sun
USDA Hardiness Zone: 7

A dainty, compact evergreen azalea. Small dark green leaves are covered by cherry red flowers during mid-season. Will tolerate some sun in cool climates.

AZALEA 'GIRARD'S FUCHSIA'

Evergreen Azalea

Size: 3 x 4'
Exposure: Part sun
USDA Hardiness Zone: 5

Red-violet flowers. Dark, glossy green evergreen leaves take on a reddish color in winter. Will tolerate some sun in cool climates.

AZALEA 'GIRARD'S PLEASANT WHITE'

Evergreen Azalea

Size: 3 x 3'

Exposure: Part sun

USDA Hardiness Zone: 5

An upright, low-growing evergreen azalea with dark green leaves. Large white rounded flowers appear in spring. Will tolerate some sun in cool climates.

AZALEA 'GUMPO PINK'

Evergreen Azalea

Size: 2 x 3'

Exposure: Part shade

USDA Hardiness Zone: 7

Dwarf evergreen Azalea growing wider than tall. Blooms late spring with showy light pink to pink flowers with speckled throat.

AZALEA 'HINO-CRIMSON'

Evergreen Azalea

Size: 2-4 x 3-5'

Exposure: Part sun

USDA Hardiness Zone: 6

Bright crimson-red flowers cover its glossy, deep green foliage that is tinged with red in winter. Will tolerate some sun in cool climates.

AZALEA 'HINO-WHITE DWARF'

Evergreen Azalea

Size: 1 x 2'

Exposure: Part sun

USDA Hardiness Zone: 6

Clean white, star-shaped flowers engulf the evergreen foliage of this fantastic dwarf shrub. Will tolerate some sun in cool climates.

AZALEA 'MOTHER'S DAY'

Evergreen Azalea

Size: 5 x 5'

Exposure: Part sun

USDA Hardiness Zone: 6

This evergreen azalea produces large hose-in-hose rose-red flowers with dark spotting in the throat. Gets its name from almost always blooming around Mother's Day. Will tolerate some sun in cool climates.

AZALEA 'PETTICOAT'

Evergreen Azalea

Size: 24 x 32"

Exposure: Part shade

USDA Hardiness Zone: 6

Deep pink, ruffled, hose-in-hose flowers add texture and color to any shady garden. Blooms in late spring for 2-3 weeks. A nice evergreen shrub.

AZALEA 'ROSEBUD'

Evergreen Azalea

Size: 3 x 4'

Exposure: Part sun

USDA Hardiness Zone: 6

This evergreen azalea produces shell pink hose-in-hose flowers which resemble roses. Slow spreading habit makes it ideal for the front of mixed borders. Will tolerate some sun in cool climates.

AZALEA 'STEWARTSTONIAN'

Evergreen Azalea

Size: 5 x 5'

Exposure: Part shade

USDA Hardiness Zone: 5

Orange-red flowers cover this dense spreading shrub in spring. Dark green leaves are evergreen, but turn red-brown in cold weather, adding winter interest. A Gable hybrid. *Photo courtesy of Hoyt Nursery Sales.*

AZALEA DECIDUOUS 'CANDY LIGHTS™'

Northern Lights Azalea

Size: 5-6 x 5-6'

Exposure: Sun-Part shade

USDA Hardiness Zone: 4

Light pink-lavender flowers accented with yellow stripes and wonderful fragrance. This deciduous azalea blooms mid to late spring and has good mildew resistance. A Northern Lights hybrid.

AZALEA DECIDUOUS 'CANNON'S DOUBLE'

Exbury Azalea

Size: 5 x 5'

Exposure: Sun-Part shade

USDA Hardiness Zone: 5

Creamy yellow and pink hose-in-hose flowers bloom late mid-season. Foliage is green with bronze to reddish tints on a deciduous shrub with open habit. An Exbury hybrid.

AZALEA DECIDUOUS 'GIBRALTAR'

Exbury Azalea

Size: 4-6 x 4-6'

Exposure: Sun-Part shade

USDA Hardiness Zone: 5

Fragrant, 2-3", vivid crimson-orange flowers bloom on large trusses mid-season on this deciduous shrub. Foliage is a medium green with leaves that turn bronze orange in the fall. Mildew resistant. An Exbury hybrid.

AZALEA DECIDUOUS 'GOLDEN LIGHTS'

Northern Lights Azalea

Size: 4 x 4'

Exposure: Sun-Part shade

USDA Hardiness Zone: 4

Large, fragrant, golden flowers bloom in late mid-season. This dense, mounding, deciduous shrub has green foliage, good mildew resistance and is very cold hardy and heat tolerant. A Northern Lights hybrid. *Photo courtesy of Briggs Nursery.*

AZALEA DECIDUOUS 'HENRY'S TRIUMPH'

Weston Azalea

Size: 8 x 5'

Exposure: Sun-Part shade
USDA Hardiness Zone: 3

Summer bloomer, heavily covered in pink flowers with an orange eye. Deciduous foliage is a nice green. A Weston hybrid.

AZALEA DECIDUOUS 'LEMON LIGHTS'

Northern Lights Azalea

Size: 4 x 4'

Exposure: Sun-Part shade
USDA Hardiness Zone: 4

This is a cold hardy azalea with plentiful lemon-yellow flowers that appear late mid-season. Deciduous leaves are elongated and medium green. A Northern Lights hybrid.

AZALEA DECIDUOUS 'MANDARIN LIGHTS'

Northern Lights Azalea

Size: 6-8 x 8'

Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Upright, rounded deciduous shrub with ruffled, lightly fragrant, bright red-orange flowers which bloom late season. Fall showcases orange-red leaves. A Northern Lights hybrid.

AZALEA DECIDUOUS 'NORTHERN HI-LIGHTS'

Northern Lights Azalea

Size: 5 x 5'

Exposure: Part shade
USDA Hardiness Zone: 4

Soft creamy white flowers with a yellow blotch on upper petals make a good contrast against green foliage. Blooms age to pale yellow, and leaves turn burgundy red in fall. Vigorous and very cold hardy deciduous plant. A Northern Lights hybrid.

AZALEA DECIDUOUS 'PINK-A-BOO'

Exbury Azalea

Size: 5 x 5'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Bright pink, frilled flowers have a golden yellow flare in the throat. Foliage emerges bronze and maintains this color all season.

AZALEA DECIDUOUS 'RIBBON CANDY'

Weston Azalea

Size: 4 x 3'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

A deciduous azalea with dark green leaves. Fragrant, reblooming flowers are pink with white stripes. Fall foliage is red and orange. A Weston hybrid.

AZALEA DECIDUOUS 'TANGERINE DELIGHT'

Exbury Azalea

Size: 10 x 8'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

A fast growing, large, deciduous azalea with abundant orange and peach flower clusters blooming in mid-season. Flowers are intensely scented with a sweet and spicy fragrance.

AZALEA DECIDUOUS 'WESTON'S INNOCENCE'

Weston Azalea

Size: 3 x 3'

Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Large white, heavily scented flowers bloom densely on this mounded shrub. Foliage has reddish burgundy fall color, resists mildew. A Weston hybrid.

BERBERIS THUNBERGII 'ADMIRATION' PP16921

Barberry

Size: 2 x 2'

Exposure: Full sun
USDA Hardiness Zone: 4

A compact, rounded shrub with vivid coral red leaves that have golden yellow margins. Rust resistant. Unlicensed propagation prohibited.

BERBERIS THUNBERGII 'BOGOZAM' BONANZA GOLD®

Barberry

Size: 1.5 x 3'

Exposure: Sun-Part shade
USDA Hardiness Zone: 4

This dwarf, golden barberry is a low rounded, deciduous shrub with bright yellow leaves that resist leaf scorch. Fall color is orange. Low maintenance. Rust resistant.

BERBERIS THUNBERGII 'CONCORDE'

Barberry

Size: 18-24 x 18-24"

Exposure: Full sun
USDA Hardiness Zone: 4

Low-growing and dense shrub is ideal for the front of the border. Deep burgundy foliage on thorny branches becomes crimson in fall. Yellow spring blooms yield red berries in fall. Rust resistant.

BERBERIS THUNBERGII 'CRIMSON PYGMY'

Barberry

Size: 2-3 x 2'

Exposure: Full sun

USDA Hardiness Zone: 4

A dwarf form of purple barberry, reaching heights of only 2-3'. New growth is crimson-red, holding color best in full sun. Red berries develop in fall. Rust resistant.

BERBERIS THUNBERGII 'FIREBALL' PP21100

Barberry

Size: 2 x 2'

Exposure: Sun-Part shade

USDA Hardiness Zone: 4

A compact, rounded, deciduous shrub. Its vibrant, bright fiery red foliage stands out in the landscape. This cultivar is Federally approved as cereal rust resistant. Unlicensed propagation prohibited.

BERBERIS THUNBERGII 'GOLDEN ROCKET' PP18626

Barberry

Size: 4 x 1.5'

Exposure: Sun-Part sun

USDA Hardiness Zone: 4

Tight columnar habit that has bright chartreuse foliage with coral stems and tip growth. Deciduous and rust resistant. Unlicensed propagation prohibited.

BERBERIS THUNBERGII 'ORANGE ROCKET' PP18411

Barberry

Size: 4 x 1.5'

Exposure: Sun-Part shade

USDA Hardiness Zone: 4

Upright, columnar habit on this deciduous shrub with bright orange-red foliage. Foliage becomes a brilliant red in fall. Rust resistant. Unlicensed propagation prohibited.

BERBERIS THUNBERGII 'ROSE GLOW'

Variegated Barberry

Size: 6 x 7'

Exposure: Sun-Part shade

USDA Hardiness Zone: 4

Small, rounded, deciduous shrub with marbled bronze-red and mottled pink and white leaves that darken to rose-bronze. Bright red berries in the fall attract birds. Best color in full sun. Rust resistant.

BUXUS MICRO. JAPONICA 'GREGEM' BABY GEM™ PP21159

Boxwood

Size: 4 x 5'

Exposure: Sun-Part sun

USDA Hardiness Zone: 5

The dark green leaves on this compact mounding boxwood hold their color well year-round. Perfect for low hedges. Deer resistant and drought tolerant. Unlicensed propagation prohibited.

BUXUS SEMPERVIRENS 'AURO-VARIEGATA'

Variegated Boxwood

Size: 8 x 8'

Exposure: Sun-Part sun

USDA Hardiness Zone: 5

Loosely mounded evergreen shrub with light green foliage that has a creamy margin. Tolerates pruning well.

BUXUS SEMPERVIRENS 'GREEN PILLAR'

Green Tower Boxwood

Size: 9 x 2'

Exposure: Sun-Part sun

USDA Hardiness Zone: 5

The extremely narrow form of this evergreen shrub makes it useful for a narrow hedge or as a focal point. Young plants will have a more irregular shape. Does not brown out in winter.

BUXUS SEMPERVIRENS 'SUFFRUTICOSA'

True Dwarf English Boxwood

Size: 4 x 4'

Exposure: Sun-Part sun

USDA Hardiness Zone: 5

A slow-growing, dense, compact evergreen with a mounding growth habit and small, glossy, dark green foliage. Great in borders.

BUXUS SEMPERVIRENS

American Boxwood

Size: 15 x 15'

Exposure: Sun-Part sun

USDA Hardiness Zone: 5

Dense evergreen that has rich green color, which may bronze in harsh winters. Tolerates shearing and is ideal for formal gardens.

BUXUS SINICA VAR. INSULARIS 'WINTER GEM'

Korean Boxwood

Size: 4 x 4'

Exposure: Sun-Part sun

USDA Hardiness Zone: 5

A compact, mounded, evergreen shrub with small rich green leaves. One of the hardiest small leaved boxwoods if located in a sheltered position. Can take shearing to shape for more formal gardens. Excellent for small hedges.

Cedrus atlantica 'Sapphire Nymph'

Cedrus atlantica 'Horstmann'

Cedrus deodara 'Electra Blue'

BUXUS X 'GREEN GEM'

Boxwood

Size: 4 x 4'

Exposure: Sun-Part sun

USDA Hardiness Zone: 4

A broadleaf evergreen shrub that typically grows in a dense globe shape. Glossy, dark green leaves hold their color well in winter. More resistant to winter burn, but best protected from cold winds.

CEDRUS ATLANTICA 'FASTIGIATA'

Blue Atlas Cedar

Size: 40 x 15'

Exposure: Full sun

USDA Hardiness Zone: 6

This upright plant has a narrower profile than the species. The evergreen foliage has a beautiful green-blue color, adding to this plant's beauty.

CEDRUS ATLANTICA 'HORSTMANN'

Blue Atlas Cedar

Size: 12 x 8'

Exposure: Full sun

USDA Hardiness Zone: 5

Short, silver-blue needles and stiff, irregular branching make this intermediate sized evergreen tree stand out in the garden. Drought tolerant once established.

CEDRUS DEODARA 'ELECTRA BLUE'

Himalayan Cedar

Size: 8 x 5'

Exposure: Full sun

USDA Hardiness Zone: 6

A lovely evergreen with striking blue needles which lend both color and texture to the landscape, especially during the winter months. Makes a fine specimen for smaller gardens.

BUXUS X 'GREEN MOUNTAIN'

Boxwood

Size: 8 x 5'

Exposure: Sun-Part sun

USDA Hardiness Zone: 5

Lustrous evergreen foliage is borne on a plant that has a naturally conical shape. Regular pruning enhances the shape even further.

CEDRUS ATLANTICA 'GLAUCA PENDULA'

Weeping Blue Atlas Cedar

Size: 10 x 15'

Exposure: Sun-Part sun

USDA Hardiness Zone: 6

Weeping evergreen conifer has blue-green needles on long, pendulous branches. A unique specimen for the landscape. Size and form depend on training: cascade over low walls, stake to form a central leader, train along strong supports.

CEDRUS ATLANTICA 'SAPPHIRE NYMPH'

Atlas Cedar

Size: 24 x 30"

Exposure: Full sun

USDA Hardiness Zone: 7

This dwarf blue atlas cedar has a prostrate habit. The short needles are initially creamy white, and mature to silvery blue. Originally from McCracken's Nursery.

CEDRUS DEODARA 'FEELIN BLUE'

Himalayan Cedar

Size: 1 x 6'

Exposure: Full sun

USDA Hardiness Zone: 6

One of the lowest dwarf forms of blue cedar. A spreading, evergreen conifer that rarely develops a leader. Needles are blue-green and soft textured which contrast easily with other low growing plants. Can be staked to achieve desired height.

BUXUS X 'GREEN VELVET'

Boxwood

Size: 4 x 4'

Exposure: Sun-Part sun

USDA Hardiness Zone: 5

Deserving of its name this evergreen shrub has lovely green foliage that remains throughout the year. A compact and bushy plant. Tolerates pruning well.

CEDRUS ATLANTICA 'GLAUCA'

Blue Atlas Cedar

Size: 60 x 40'

Exposure: Sun-Part sun

USDA Hardiness Zone: 6

This conifer has silvery blue needles in whorls. Upright barrel-shaped cones are 2-3" tall.

CEDRUS DEODARA 'DIVINELY BLUE'

Himalayan Cedar

Size: 6 x 3'

Exposure: Full sun

USDA Hardiness Zone: 7

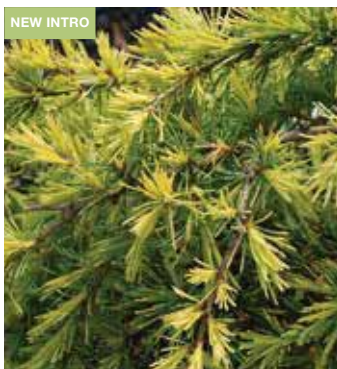

Dwarf, dense, compact shrub with mounding habit. Pale gray-green new growth darkens to blue-green with age. Height depends on training.

CEDRUS DEODARA 'GOLD CASCADE'

Himalayan Cedar

Size: 8 x 15'

Exposure: Full sun

USDA Hardiness Zone: 7

This broadly upright evergreen has gracefully cascading branches. The needles on the upper sides are yellow, contrasting nicely with the lower and inner growth, which is light green.

CEDRUS DEODARA 'KARL FUCHS'

Himalayan Cedar

Size: 60 x 20'

Exposure: Full sun

USDA Hardiness Zone: 6

Blue-green foliage adorns layered branches that droop slightly over time. Good resistance to storm damage.

CEDRUS DEODARA 'MILES HIGH'

Himalayan Cedar

Size: 30 x 15'

Exposure: Sun-Part sun

USDA Hardiness Zone: 7

This evergreen is excellent for adding height to the landscape, with its tall central leader and graceful pendulous branches. Foliage is a nice blue-green color.

CEPHALOTAXUS HARRINGTONIA 'DUKE GARDENS'

Japanese Plum Yew

Size: 4 x 4'

Exposure: Part shade-Shade

USDA Hardiness Zone: 6

A shade loving evergreen that has deep green, needle-like foliage which grows into a dense and bushy plant. Excellent for low hedges or mixed plantings. Deer resistant.

CEPHALOTAXUS HARRINGTONIA 'FASTIGIATA'

Japanese Plum Yew

Size: 10 x 5'

Exposure: Part shade-Shade

USDA Hardiness Zone: 6

A columnar habit makes this evergreen a wonderful vertical accent in the garden. 2" long dark green needles are arranged in spirals on the stem. Heat tolerant. Deer resistant.

CEPHALOTAXUS HARRINGTONIA 'KOREAN GOLD'

Japanese Plum Yew

Size: 5 x 2'

Exposure: Part shade-Shade

USDA Hardiness Zone: 6

A slow-growing fastigate evergreen that has needle-like foliage with a lovely golden hue that is sure to make a statement in the landscape. Color holds well throughout the summer and turns a deep green during the winter months. Deer resistant.

CEPHALOTAXUS HARRINGTONIA 'PROSTRATA'

Japanese Plum Yew

Size: 4 x 8'

Exposure: Sun-Part shade

USDA Hardiness Zone: 6

Arching pendulous branches create a feathery evergreen groundcover. New growth is lime green, becoming dark glossy green as the season progresses. Deer resistant and drought tolerant.

CERCIS CANADENSIS 'GRESWAN' BURGUNDY HEARTS® PP19654

Eastern Redbud

Size: 20 x 25'

Exposure: Sun-Part sun

USDA Hardiness Zone: 5

This redbud has fuchsia pea-like flowers along the branches from early to mid-spring, before the leaves appear. It has attractive burgundy foliage which emerges brick red in spring. The heart-shaped leaves turn yellow in fall. Unlicensed propagation prohibited.

CERCIS CANADENSIS 'HEARTS OF GOLD' PP17740

Eastern Redbud

Size: 25 x 35'

Exposure: Sun-Part shade

USDA Hardiness Zone: 5

Early purple buds line branches before reddish leaves appear in spring. The display of tiny red-purple flowers lasts for 2-3 weeks in early spring. Foliage matures to a golden-yellow heart shaped leaf. Unlicensed propagation prohibited. *Photo courtesy of David J. Stang.*

CERCIS CANADENSIS 'JN2' THE RISING SUN™ PP21451

Eastern Redbud

Size: 12 x 15'

Exposure: Full sun

USDA Hardiness Zone: 5

Foliage on this deciduous tree changes from bright yellow to yellow-green, maturing to light green with some speckling. Drought resistant and cold hardy. Unlicensed propagation prohibited.

Eastern Redbud

Size: 10 x 4'
Exposure: Full sun
USDA Hardiness Zone: 5

A unique weeping redbud, this cultivar produces the usual lavender-pink flowers, but then come the beautiful golden leaves. The narrow habit is suitable for small spaces. Tolerates heat. Unlicensed propagation prohibited.

CERCIS CANADENSIS 'NC2016-2' FLAME THROWER® PP31260

Eastern Redbud

Size: 20 x 15'
Exposure: Full sun
USDA Hardiness Zone: 5

Pink flowers precede the foliage in spring. Burgundy, gold, and copper leaves create a wonderful multi-colored specimen for the garden. Unlicensed propagation prohibited.

CERCIS CANADENSIS 'NCCC1' CAROLINA SWEETHEART® PP27712

Eastern Redbud

Size: 30 x 35'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Small pink flowers bloom in early spring before foliage emerges. Leaves start out purple, becoming variegated with white, green and pink, and finally maturing to green in summer. Needs more shade in hot climates. Unlicensed propagation prohibited. Photo courtesy of JC Raulston Arboretum.

CERCIS CANADENSIS 'PINK HEARTBREAKER' PP23043

Eastern Redbud

Size: 12 x 8'
Exposure: Full sun
USDA Hardiness Zone: 5

Lavender pink flowers line the bare branches of this weeping tree in spring. Red foliage emerges afterwards, maturing to dark green and turning yellow in fall. Branching is broadly irregular. Height depends upon training. Unlicensed propagation prohibited. Photo courtesy of JC Raulston Arboretum.

CERCIS CANADENSIS 'RUBY FALLS' PP22097

Eastern Redbud

Size: 8 x 12'
Exposure: Full sun
USDA Hardiness Zone: 4

A weeping redbud with large purple leaves which become green in late summer. Red-purple flowers bloom on bare stems in early spring. Unlicensed propagation prohibited.

CERCIS X 'PINK POM POMS' PP27630

Eastern Redbud

Size: 20 x 20'
Exposure: Full sun
USDA Hardiness Zone: 6

Dark pink, double flowers bloom in early spring, before the leaves emerge. Green foliage turns yellow in fall. Seedless. Unlicensed propagation prohibited. Photo courtesy of JC Raulston Arboretum.

CHAMAECYPARIS LAWSONIANA 'WISSEL'S SAGUARO'

Port Orford Cedar

Size: 8 x 3'
Exposure: Full sun
USDA Hardiness Zone: 5

An interesting and unique specimen with blue-green foliage on branches that arch out, reminiscent of the shape of a saguaro cactus. Looks great as a specimen or planted in mixed conifer beds.

CHAMAECYPARIS NOOTKATENSIS 'GLAUCA PENDULA'

Blue Weeping Alaskan Cedar

Size: 30 x 20'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

Dense, deep bluish-green foliage on graceful weeping branches. Likes a moderately humid atmosphere.

CHAMAECYPARIS NOOTKATENSIS 'GREEN ARROW'

Blue Weeping Alaskan Cedar

Size: 30 x 4'
Exposure: Full sun
USDA Hardiness Zone: 4

Very narrow habit with deep green, pendulous branches. A clean and graceful tree. Likes a moderately humid atmosphere.

CHAMAECYPARIS NOOTKATENSIS 'PENDULA'

Weeping Alaskan Cedar

Size: 45 x 40'
Exposure: Full sun
USDA Hardiness Zone: 4

A strong upright trunk rises up with sweeping arched side branches hanging with drooping branchlets of dark green foliage. Likes a moderately humid atmosphere.

CHAMAECYPARIS OBTUSA 'CONFUCIUS'

Hinoki Falsecypress

Size: 10 x 8'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Bright lemon-yellow foliage on the outside, deeper yellow, gold, and emerald green on the interior. Broad conical form with graceful branching.

CHAMAECYPARIS OBTUSA 'FERNSPRAY GOLD'

Hinoki Falsecypress

Size: 5-10 x 5-10'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

Coniferous evergreen shrub with bright yellow foliage in fern-like sprays. Protect from strong winds. Likes a moderately humid atmosphere.

CHAMAECYPARIS OBTUSA 'GRACILIS'

Hinoki Falsecypress

Size: 15 x 6'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Narrow, upright, pyramidal evergreen with graceful horizontal branching. Reddish new growth matures to deep green. Foliage takes on a bronzy color in the fall.

CHAMAECYPARIS OBTUSA 'KAMAENI HIBA'

Hinoki Falsecypress

Size: 4 x 4'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

A dwarf cultivar with a rounded habit and golden twisted threads of foliage that become a creamy ochre-green on the interior. Likes a moderately humid atmosphere with shade.

CHAMAECYPARIS OBTUSA 'KOSTERI'

Hinoki Falsecypress

Size: 4 x 4'
Exposure: Full sun
USDA Hardiness Zone: 5

A loosely globe-shaped conifer that will take on a more pyramidal form as it matures. Foliage is produced in flattened sprays that are medium green in color with a lacey texture. A great plant for containers as well as the landscape.

CHAMAECYPARIS OBTUSA 'NANA LUTEA'

Golden Dwarf Hinoki Falsecypress

Size: 3 x 3'
Exposure: Full sun
USDA Hardiness Zone: 5

A very vivid form of dwarf Hinoki with golden yellow foliage. Likes a moderately humid atmosphere.

CHAMAECYPARIS OBTUSA 'NANA'

Dwarf Hinoki Falsecypress

Size: 3 x 3'
Exposure: Full sun
USDA Hardiness Zone: 4

A slow-growing, mounding form with dark green foliage. Bronze tinge on winter foliage.

CHAMAECYPARIS OBTUSA 'TEMPELHOF'

Hinoki Falsecypress

Size: 4 x 3'
Exposure: Full sun
USDA Hardiness Zone: 5

Evergreen, broad, dark green form of Hinoki Falsecypress. Red stems and bronze winter foliage color. Likes a moderately humid atmosphere.

CHAMAECYPARIS PISIFERA 'CREAM BALL'

Sawara Cypress

Size: 5 x 5'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Globe-shaped dwarf with splashes of white on green foliage. Juvenile foliage, like other Sawara falsecypress, is thread-like.

CHAMAECYPARIS PISIFERA 'DOW WHITING' SOFT SERVE® PP20883

Sawara Cypress

Size: 10 x 6'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

A conical and compact variety with bright green fern-like branches that are tinged with silvery-blue on the underside. Deer resistant. Unlicensed propagation prohibited. *Photo courtesy of Proven Winners.*

CHAMAECYPARIS PISIFERA 'GOLDEN MOP'

Sawara Cypress

Size: 5 x 5'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

This mounding, dwarf shrub has pendulous filaments, giving it a mop-like appearance. Foliage is golden yellow and holds its color year-round.

CHAMAECYPARIS PISIFERA 'KING'S GOLD'

Sawara Cypress

Size: 6 x 4'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

Fine foliage held closely on thin branches creates a corded appearance. Bright gold foliage has best color in full sun. Soft, rounded habit.

CHAMAECYPARIS PISIFERA 'SUNGOLD'

Sawara Cypress

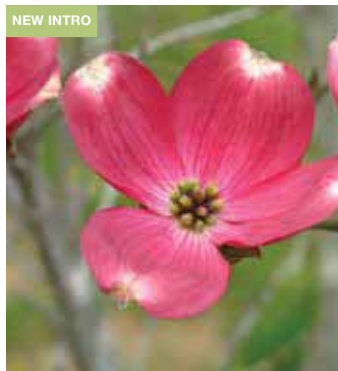

Size: 8 x 12'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

Tight foliage on weeping thread-like branches gives this evergreen shrub a mop-like appearance. Golden yellow foliage matures to green. Mounding to broadly conical. Good as a small hedge, as an accent, and in borders. Best color in sun.

Cornus x 'KN30-8' Venus®

CORNUS ALBA 'BAILHALO' IVORY HALO®

Red Twig Dogwood

Size: 6 x 6'

Exposure: Sun-Part shade
USDA Hardiness Zone: 3

Deciduous, compact shrub with green and white variegated foliage that turns a dusty red in fall. Clusters of fragrant, creamy white flowers bloom late spring, attracting birds. Bright red stems in winter.

CORNUS ALBA 'JEFREB' LITTLE REBEL® PP27402

Red Twig Dogwood

Size: 3-4 x 3-4'

Exposure: Sun-Part shade
USDA Hardiness Zone: 2

Small, compact, rounded shrub with bright green foliage during the growing season. In winter stems turn from greenish red to a brilliant blood-red color creating a striking appearance in the landscape. Unlicensed propagation prohibited.

CORNUS FLORIDA 'RUTNUT' RED PYGMY® PP15219

Flowering Dogwood

Size: 7 x 5'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Perfect for smaller gardens, this cultivar is quite small, but still produces showy flower bracts. The red bracts have a distinctive white tip at the notch, and in fall flowers produce bright red fruit. Foliage is dark green, becoming rusty red in fall. Unlicensed propagation prohibited. *Photo courtesy of Rutgers University.*

CORNUS KOUSA 'RUTPINK' SCARLET FIRE® PP28311

Kousa Dogwood

Size: 25 x 20'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Blooming in late spring, medium to large bracts range from dusky purple to fuchsia-pink. Bracts are long lasting, and dark green leaves provide a nice background. Round fruit also has a strong pink color. Disease resistant. Unlicensed propagation prohibited. *Photo courtesy of Rutgers University.*

CORNUS KOUSA 'SAMZAM' SAMARITAN®

Kousa Dogwood

Size: 20-25 x 15-20'

Exposure: Sun-Part shade
USDA Hardiness Zone: 4

A multi-season performer, with creamy white star-shaped flowering bracts in spring. Green foliage with cream variegation through the summer which takes on red tones in the fall. Also has bright red fall fruit.

CORNUS KOUSA 'SNOW TOWER'

Kousa Dogwood

Size: 12 x 4'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

This flowering dogwood has upright branching with large white flowers covering the tree in spring. Beautiful rich green foliage shows off the large crisp white flower bracts, which are about 7" across, bloom later in the season, and generally hold their hair color 5-6 weeks.

CORNUS KOUSA 'SUMMER FUN'

Kousa Dogwood

Size: 18 x 15'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

An impressive new white variegated kousa dogwood. In spring, each leaf emerges with a stunning pink-white margin, and displays showy fall color. White flower bracts open in late spring.

CORNUS X 'KN144-2' ROSY TEACUPS® PP26211

Flowering Dogwood

Size: 23 x 25'

Exposure: Sun-Part shade
USDA Hardiness Zone: 6

Dense, glossy green foliage creates a nice background for overlapping pink flower bracts. Flowers can last 3 weeks, and produce 1" orange-red fruits. Red fall foliage showcases multi-season interest. Insect and disease resistant. Unlicensed propagation prohibited.

CORNUS X 'KN30-8' VENUS® PP16309

Flowering Dogwood

Size: 25 x 25'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Deciduous tree with showy white, 6" flowers, followed by bright, shiny red fruit. Dark green foliage turns orange in the fall. Highly disease resistant! Unlicensed propagation prohibited.

CORNUS X 'KN4-43' STARLIGHT® PP16293

Flowering Dogwood

Size: 30 x 20'

Exposure: Sun-Part shade
USDA Hardiness Zone: 6

Masses of white flowers with soft greenish tones in spring become brilliant red, strawberry-like fruit. This hybrid (C. kousa x C. nuttallii) is both disease-resistant and drought tolerant once established. Unlicensed propagation prohibited. *Photo courtesy of JC Raulston Arboretum.*

COTINUS COGGYGRIA 'ANCOT' GOLDEN SPIRIT

Smoketree

Size: 15 x 15'

Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Intense, deciduous lime-green spring foliage turns to bright yellow in summer. Abundant flower plumes appear in late summer. Outstanding fall color hues of red and orange. An interesting large, upright shrub.

COTINUS COGGYGRIA 'ROYAL PURPLE'

Smoketree

Size: 15 x 12'

Exposure: Full sun
USDA Hardiness Zone: 5

Deciduous, multi-stemmed shrub with broad, urn shaped habit has deep purple-red leaves that maintain their color throughout the growing season. Clusters of tiny spring flowers are followed by attractive, airy puffs of smoky pink seed heads that last from June to August or September.

COTINUS COGGYGRIA 'YOUNG LADY'

Smoketree

Size: 6 x 6'

Exposure: Full sun
USDA Hardiness Zone: 4

The most floriferous of the smokebush varieties, "Young Lady" is also prized for its dwarf habit. Fall color is orange-red. Tolerates most soil types.

COTINUS X 'DUSKY MAIDEN' PP20358

Smoketree

Size: 8 x 8'

Exposure: Full sun
USDA Hardiness Zone: 5

Oval leaves are greenish-purple and hold their color well. Fine, profuse flowers create a smoky effect. This deciduous shrub is compact with a rounded habit. Unlicensed propagation prohibited. *Photo courtesy of Concept Plants.*

EUONYMUS ALATUS 'COMPACTUS'

Dwarf Burning Bush

Size: 8 x 8'

Exposure: Full sun
USDA Hardiness Zone: 4

Deciduous, vase-shaped shrub. Branches have thin tan corky strips. Tapered, drooping leaves turn brilliant red in the fall.

EUONYMUS ALATUS 'ODOM' LITTLE MOSES

Dwarf Burning Bush

Size: 3 x 3'

Exposure: Sun-Shade
USDA Hardiness Zone: 4

Smaller, mounded version of the classic dwarf burning bush. This densely branched, multi-stemmed shrub has tapered drooping leaves that emerge lime-green, mature to pale green, and finally turn brilliant red in fall.

EUONYMUS FORTUNEI 'EMERALD 'N GOLD'

Wintercreeper

Size: 2-3 x 3-4'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Low, mounding evergreen shrub has 1.5" emerald green leaves with golden edges that tint pink in winter. Mature plants produce tiny, greenish white flowers, followed by pinkish red fruit that attracts birds. Climbs if planted next to a taller shrub or structure.

EUONYMUS FORTUNEI 'EMERALD GAITY'

Wintercreeper

Size: 2-3 x 3-4'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

A broadleaf, semi-evergreen shrub with low mounded or sprawling trailing stems. Glossy green leaves are edged in white, tinged pink in winter. Climbing habit if planted next to a taller shrub or structure.

EUONYMUS FORTUNEI 'MOONSHADOW'

Wintercreeper

Size: 3 x 5'

Exposure: Sun-Part sun
USDA Hardiness Zone: 5

Evergreen groundcover or low hedge can reach heights of 5' tall if not sheared. Glossy green leaves have yellow blotch in the middle. Markings are variable between new and mature leaves.

EUONYMUS JAPONICUS 'AUREO-MARGINATUS'

Gold Edge Japanese Euonymus

Size: 10 x 8'

Exposure: Sun-Part shade
USDA Hardiness Zone: 6

Upright evergreen shrub. Shiny 3" golden yellow leaves with green centers create a bold color statement. Useful as a low hedge or specimen plant. Best color in full sun.

EUONYMUS JAPONICUS 'GREEN SPIRE'

Green Spire Euonymus

Size: 15 x 6'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

A unique selection that can be very effective to add height to the landscape or even to containers. The foliage is a rich, deep green color. Will tolerate salt spray.

EUONYMUS JAPONICUS 'HAPPINESS' PP21823

Japanese Euonymus

Size: 2 x 3'
Exposure: Part sun-Shade
USDA Hardiness Zone: 6

This compact, mounding cultivar features a mounding form with toothed leaves that emerge pale green, turning golden-yellow, then finally a dark green. Evergreen. Unlicensed propagation prohibited.

EUONYMUS JAPONICUS 'SILVER KING'

Japanese Euonymus

Size: 6-8 x 3-4'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

Dense, upright, evergreen shrub with glossy, green leaves that are edged in bright white. Useful as a low hedge or screen. Best color in full sun.

GINKGO BILOBA 'AUTUMN GOLD'

Maidenhair Tree

Size: 50 x 30'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

This male cultivar of Ginkgo is practically pest-free and resistant to storm damage. The shape is often irregular with a large branch or two seemingly forming its own tree on the trunk. Unique fan-shaped green foliage turns golden yellow in fall.

GINKGO BILOBA 'MARIKEN'

Maidenhair Tree

Size: 6 x 6'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

A dwarf, low-spreading, somewhat weeping male cultivar. Small, fan-shaped leaves are a medium green that turn a golden yellow in the fall. Deer resistant.

GINKGO BILOBA 'PNI 2720' PRINCETON SENTRY®

Maidenhair Tree

Size: 45 x 25'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

Narrow, columnar, deciduous tree with chartreuse fan-shaped leaves. Fall color is a spectacular yellow. Resistant to pests and disease. A male, non-fruiting selection.

GINKGO BILOBA 'SARATOGA'

Maidenhair Tree

Size: 40 x 30'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

'Saratoga' is an elegant variety that has unique, elongated fan-shaped leaves with veins. Emerald green foliage turns gold in the fall.

GINKGO BILOBA 'SPRING GROVE'

Maidenhair Tree

Size: 6 x 4'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

This dwarf ginkgo forms a dense, upright pyramid. Excellent for smaller spaces, its bright green foliage turns golden yellow in fall, extending its seasonal interest. Deer resistant and pollution tolerant.

GINKGO BILOBA 'TROLL'

Maidenhair Tree

Size: 6 x 6'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

A dwarf cultivar of the ancient ginkgo tree. Growing slowly, it forms a bushy mound of rich green fan-shaped leaves that change to yellow in the fall. Can be grown on a standard or as a small tree. Suitable for container gardening.

Blooming from mid to late summer, this deciduous shrub is a nice addition to the garden. Semi-double flowers are white with purple-red centers. Foliage is dark green. *Photo courtesy of Credit First Editions*

HIBISCUS SYRIACUS 'MINSPOT' FIRST EDITIONS® FIJI™

Rose of Sharon

Size: 8 x 7'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Pink buds open to semi-double pink flowers with deep red centers. Petals will slowly age to light pink. Attractive leaves are medium green and coarsely toothed. *Photo courtesy of JC Raulston Arboretum*

HYDRANGAEA ANOMALA PETIOLARIS

Climbing Hydrangea

Size: 30-50 x 5-6'
Exposure: Part shade-Shade
USDA Hardiness Zone: 4

Glossy green, heart shaped leaves on a woody deciduous vine. Clusters of large, white, lacecap flowers bloom late June into July. Exfoliating cinnamon-brown older bark. Good vigorous cover for walls or other strong supports.

HYDRANGAEA ARBORESCENS 'ANNABELLE'

Hydrangea

Size: 4-6 x 4-6'
Exposure: Part shade
USDA Hardiness Zone: 3

Rounded deciduous shrub has green, oval leaves. Large clusters (up to 12" across) of creamy white, sterile flowers bloom June through July and again from late August through September.

HYDRANGAEA MACROPHYLLA 'BAILMACFIVE' SUMMER CRUSH® PP30359

Bigleaf Hydrangea

Size: 3 x 3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Huge and plentiful pink-red or purple blooms on a compact, rounded shrub. Unlicensed propagation prohibited.

HYDRANGAEA MACROPHYLLA 'DANCING ANGEL' SWEET FANTASY PP20140

Bigleaf Hydrangea

Size: 3 x 3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

A lovely speckled, long blooming mophead. Flowers have a light background with dark markings, pink to blue depending on soil. Blooms on old wood. Fall leaf color has streaks of red throughout. Unlicensed propagation prohibited.

HYDRANGAEA MACROPHYLLA 'DANCING SNOW' WEDDING GOWN PP21052

Bigleaf Hydrangea

Size: 3 x 5'
Exposure: Part shade
USDA Hardiness Zone: 5

Early blooming lacecap keeps blooming till frost. Double white flowers stand out against deep green leaves. Unlicensed propagation prohibited.

HYDRANGAEA MACROPHYLLA 'H19-17' LOVE PP24755

Bigleaf Hydrangea

Size: 3 x 3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Double, light to dark pink flowers bloom on old and new wood on this mophead hydrangea. Leaves are serrated and medium green. Unlicensed propagation prohibited.

Unusual flowers will make this mophead a summertime focal point. Double flowers are white, and each petal is edged in rosy pink. New leaves emerge bronze with light veins, and mature to bronzy green. Blooms on old and new wood. Unlicensed propagation prohibited.

HYDRANGAEA MACROPHYLLA 'KOMPEITO' STAR GAZER PP20998'

Bigleaf Hydrangea

Size: 4 x 5'
Exposure: Part shade
USDA Hardiness Zone: 5

Compact, re-blooming lacecap has pink to blue flowers with white picotee edges. Blooms on old and new growth. Unlicensed propagation prohibited.

HYDRANGAEA MACROPHYLLA 'LINDSEY ANN' L.A. DREAMIN'® PP26249

Bigleaf Hydrangea

Size: 3 x 3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

A unique, compact hydrangea, producing blue, purple and pink mophead flowers at the same time. Flowering continues from late spring to fall. Unlicensed propagation prohibited.

HYDRANGAEA MACROPHYLLA 'MCKAY' CHERRY EXPLOSION™ PP28757

Bigleaf Hydrangea

Size: 4 x 4'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

A very hardy macrophylla with rounded form. In spring, it is fully covered with star-like pink flowers that are encased in cherry red petals. Fall foliage color is burgundy. Unlicensed propagation prohibited.

HYDRANGAEA MACROPHYLLA 'PARIS RAPA' CITYLINE® PARIS

Bigleaf Hydrangea

Size: 2 x 3'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

One of the smallest and most compact of all hydrangeas with the reddest red blooms you can imagine. No pruning needed on this mildew-resistant cultivar. Deep green leaves look lovely all season. Keeps its red color in most any soil, only developing purple centers in acidic soil.

HYDRANGAEA MACROPHYLLA 'PIIHM-II' ENDLESS SUMMER® BLOOMSTRUCK® PP25566

Bigleaf Hydrangea

Size: 4 x 5'
Exposure: Part shade
USDA Hardiness Zone: 4

Depending on soil pH, the flowers on BloomStruck can be vivid rose-pink or purple. Red-purple stems, dark green leaves, red petioles, and red veins create a unique contrast. Heat tolerant and disease resistant. Unlicensed propagation prohibited.

HYDRANGAEA MACROPHYLLA 'QUFU' TILT-A-SWIRL® PP26426

Bigleaf Hydrangea

Size: 5 x 5'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

Also known as 'Magical Greenfire', hardy pink and green to white-pink bicolor flowers with leathery sepals can last for weeks when cut and months as a dried cut. Blooming from summer into fall, these unique flowers will provide contrast all season long. Unlicensed propagation prohibited. *Photo courtesy of Bloomin Easy.*

HYDRANGAEA MACROPHYLLA 'RED SENSATION' PP18197

Bigleaf Hydrangea

Size: 3 x 3'
Exposure: Part shade
USDA Hardiness Zone: 4

Enjoy rounds of brilliant blooms from this reblooming mophead! Bold red flowers age to purple over time. Unlicensed propagation prohibited.

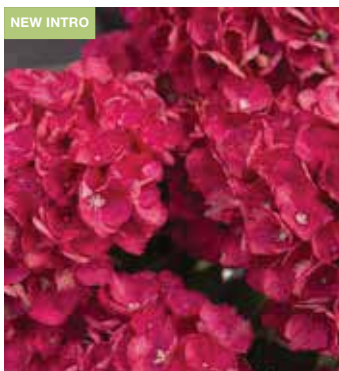

HYDRANGAEA MACROPHYLLA 'SAXREB13' LIME LOVEBIRD PP27134

Bigleaf Hydrangea

Size: 4 x 4'
Exposure: Part shade
USDA Hardiness Zone: 6

Individual florets start green and develop dark pink to purple edges. A compact, dense shrub. Unlicensed propagation prohibited.

Green florets have serrated petals with white centers. Leaves are dark green. Reblooming

HYDRANGEA MACROPHYLLA 'ZORRO' PP18255

Hydrangea

Size: 4 x 3'
Exposure: Part shade
USDA Hardiness Zone: 5

A recipient of the Award of Garden Merit, this lacecap produces deep blue flowers in acidic soils and pink flowers in neutral soils. The purple to black stems contrasts nicely against the glossy, dark green foliage. Autumn color is tinged in red. Unlicensed propagation prohibited.

HYDRANGEA PANICULATA 'AJ14' EARLY EVOLUTION PP30983

Hydrangea

Size: 2.5 x 2'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

This very compact, deciduous shrub bears panicles of flowers from late spring through summer. Starting earlier than other paniculatas, blooms transition from greenish white to white to dark pink. Unlicensed propagation prohibited.

HYDRANGEA PANICULATA 'DVPPINKY' PINKY WINKY® PP16166

Hydrangea

Size: 8 x 8'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Large white panicles gradually fade to pink, creating two-toned flower clusters. Unlicensed propagation prohibited.

HYDRANGEA PANICULATA 'JANE' LITTLE LIME® PP22330

Hydrangea

Size: 5 x 5'
Exposure: Sun-Part shade
USDA Hardiness Zone: 3

Dwarf form of 'Limelight' hydrangea. Little Lime® has flower panicles that emerge creamy white, becoming chartreuse-green, then pink-rose, and finally fading to beige. Dark green leaves become red in the fall. Unlicensed propagation prohibited.

HYDRANGEA PANICULATA 'PHANTOM'

Hydrangea

Size: 10 x 8'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Phantom' hydrangea features bold conical white flowers with pink overtones from mid-summer to late fall. The flowers are excellent for cutting. It has green foliage throughout the season.

HYDRANGEA PANICULATA 'SMHPFL' FIRE LIGHT® PP25135

Hydrangea

Size: 8 x 8'
Exposure: Sun-Part shade
USDA Hardiness Zone: 3

An exceptionally hardy hydrangea with sturdy stems and huge blooms that emerge in a creamy white hue, aging to a bright red in summer. Makes an eye catching dried or fresh cut flower. Unlicensed propagation prohibited. *Photo courtesy of Proven Winners.*

HYDRANGEA PANICULATA 'SMNHPPH' LIMELIGHT PRIME® PP32511

Hydrangea

Size: 6 x 5'
Exposure: Sun-Part shade
USDA Hardiness Zone: 3

The next generation of the popular 'Limelight', this hydrangea produces brighter blooms earlier on stronger stems and is more compact than it's parent. You can still expect dozens of huge blooms every year. An excellent dried or fresh cut flower. Unlicensed propagation prohibited. *Photo courtesy of Proven Winners.*

HYDRANGEA QUERCIFOLIA 'RUBY SLIPPERS'

Oakleaf Hydrangea

Size: 4 x 5'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

This compact hydrangea produces large panicles of white flowers that change to pink, then ruby red. Deep green leaves turn mahogany red in fall.

HYDRANGEA SERRATA 'MAK20' TUFF STUFF™ PP24820

Hydrangea

Size: 3 x 3'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

A beautiful reblooming lacecap, this hydrangea has deep pink semi-double to double florets, that initially have yellow-green centers which mature to pink. Sturdy, mounding, slightly spreading habit keeps its shape. Good cold tolerance. Unlicensed propagation prohibited.

HYDRANGEA SERRATA 'MAKD' TINY TUFF STUFF™ PP24842

Hydrangea

Size: 2 x 2'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

A hardy, reblooming lacecap hydrangea with flower colors ranging from blue to pink to white, aging to pink. Unlicensed propagation prohibited. *Photo courtesy of Proven Winners.*

Hydrangea

Size: 3 x 3'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

A prolific, reblooming hydrangea that produces double florets all summer long. Will bloom pink or blue depending on soil acidity. Unlicensed propagation prohibited. *Photo courtesy of Proven Winners.*

HYDRANGEA X 'H21-3' WOWTIME PP27935

Hydrangea

Size: 4 x 3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Star-shaped, double flowers bloom in summer on this mophead. Blooms open green and change to dark pink. Green foliage turns bronze in fall. Flowerheads persist into fall, prolonging the season of interest. Growth habit is broadly upright. Unlicensed propagation prohibited.

HYDRANGEA X 'USHYD0405' FAIRYTRAIL BRIDE® PP31120

Hydrangea

Size: 4 x 4'
Exposure: Sun-Part sun
USDA Hardiness Zone: 6

White flowers bloom along cascading branches on this unique hydrangea. Deciduous foliage is medium green. Place in seasonal planters or atop rock walls. Unlicensed propagation prohibited. *Photo courtesy of Proven Winners.*

ILEX CRENATA 'ANNYS5' LUXUS GLOBE PP29992

Japanese Holly

Size: 2 x 1.5'
Exposure: Sun-Shade
USDA Hardiness Zone: 6

Dark green, glossy leaves and a compact rounded shape are perfect qualities for a boxwood substitute. Evergreen foliage retains its color well, year-round. Disease tolerant, male cultivar. Unlicensed propagation prohibited.

ILEX CRENATA 'DWARF PAGODA'

Dwarf Japanese Holly

Size: 3 x 2'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

A very slow-growing evergreen holly. Tiny rounded leaves grow in close layers on stiff stems creating an irregular bonsai effect. Dainty white flowers in spring are followed by small, shiny, black fruit in fall and winter. Protect from early frosts.

ILEX CRENATA 'SKY PENCIL'

Columnar Japanese Holly

Size: 6-8 x 2'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

A strongly upright evergreen that is a fantastic choice for adding vertical accents to the landscape. Small rounded leaves are glossy green and grow densely along the vertical branches. Also works well in containers.

ILEX GLABRA 'SHAMROCK'

Inkberry

Size: 4 x 4'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Shiny, dark leaves are evergreen and hold up well in winter, unless temperatures are sub-zero. This cultivar forms a compact, rounded shrub, that spreads by suckers, but more slowly than the species.

ILEX VERTICILLATA 'JIM DANDY'

Winterberry

Size: 6 x 8'
Exposure: Sun-Part shade
USDA Hardiness Zone: 3

Used as a male pollinator for other winterberries, this is a dwarf cultivar with glossy, dark green leaves.

ILEX X 'MESCHICK' DRAGON LADY

Holly

Size: 20 x 6'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

This attractive evergreen has dark green spiny leaves and scarlet berries which persist through winter. Its narrow conical shape is excellent for smaller areas. A male cultivar is required for fruit production.

ILEX X 'RUTZAN' RED BEAUTY® PP14750

Blue Holly

Size: 10 x 5'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

A narrow conical holly requiring little pruning to maintain its Christmas tree-like shape. Dark green, glossy leaves with undulating edges are a perfect backdrop to spring flowers and bright red berries from fall to winter attract birds. Deer resistant. Unlicensed propagation prohibited.

Juniperus communis 'Gold Cone'

Juniperus horizontalis 'Bar Harbor'

JUNIPERUS CHINENSIS 'ANGELICA BLUE'

Angelica Blue Chinese Juniper

Size: 5 x 10'
Exposure: Full sun
USDA Hardiness Zone: 4

Feathery blue foliage makes this cultivar a refreshing change from other groundcover junipers. The blue color becomes even brighter in cooler weather.

JUNIPERUS CHINENSIS 'BAKAUREA' GOLD STAR

Chinese Juniper

Size: 4 x 6'
Exposure: Full sun
USDA Hardiness Zone: 4

Gold tips highlight light green to blue-green branches on this spreading evergreen shrub. Good resistance to root problems. Great choice for using to brighten the front of borders as a low growing shrub.

JUNIPERUS CHINENSIS 'BLUE POINT'

Chinese Juniper

Size: 12 x 8'
Exposure: Full sun
USDA Hardiness Zone: 4

Multi-stemmed, evergreen shrub with a distinctive and refined pyramidal form. Foliage is an attractive blue-green.

JUNIPERUS CHINENSIS 'DAUB'S FROSTED'

Chinese Juniper

Size: 2 x 3-5'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Low growing spreader with bright lemon-yellow highlights over emerald green foliage. Needs afternoon shade in hot summer areas.

JUNIPERUS CHINENSIS 'GOLD LACE'

Chinese Juniper

Size: 4 x 7'
Exposure: Full sun
USDA Hardiness Zone: 4

Vivid, yellow-tipped foliage visually softens the landscape and is brightest in summer. Branches spread horizontally, enhancing the lacy appearance. Good for rock gardens and erosion control.

JUNIPERUS CHINENSIS 'KAIZUKA' TORULOSA

Hollywood Juniper

Size: 15 x 10'
Exposure: Full sun
USDA Hardiness Zone: 5

Upright irregular conifer with scale-like bright green foliage. The unusual twisted form makes an effective statement in the garden. Also useful as a hedge or wind break. Tolerant of most soils except wet conditions. Good salt tolerance.

JUNIPERUS CHINENSIS 'SEA GREEN'

Chinese Juniper

Size: 6 x 8'
Exposure: Full sun
USDA Hardiness Zone: 4

Evergreen conifer with upright, arching branches. Soft, bright mint-green foliage darkens in winter. Good in borders or as a specimen. Needs afternoon shade in hot summer areas.

JUNIPERUS CHINENSIS 'TRAUTMAN'

Trautman Chinese Juniper

Size: 15 x 4'
Exposure: Full sun
USDA Hardiness Zone: 4

A tall, narrow juniper, this cultivar is also cold hardy and has blue-green foliage. Excellent as a focal point or can be used in narrow spaces to form a screen.

JUNIPERUS COMMUNIS 'COMPRESSA'

Pencil Point Juniper

Size: 10 x 2'
Exposure: Full sun
USDA Hardiness Zone: 4

This narrow, upright, columnar conifer has finely textured blue-green foliage. Great as an accent or specimen plant.

JUNIPERUS COMMUNIS 'GOLD CONE'

Common Juniper

Size: 5 x 1-2'
Exposure: Full sun
USDA Hardiness Zone: 4

Upright, narrow, evergreen shrub. Golden yellow foliage fades to bluish green in winter.

JUNIPERUS HORIZONTALIS 'BAR HARBOR'

Creeping Juniper

Size: 1 x 6'
Exposure: Full sun
USDA Hardiness Zone: 3

Blue-gray foliage takes on a purple hue in winter. This fast-growing, evergreen, woody groundcover is good for erosion control, is deer resistant and air pollution tolerant. Great for rock gardens or planted on slopes.

JUNIPERUS HORIZONTALIS 'BLUE CHIP'

Creeping Juniper

Size: 8-10" x 8'
Exposure: Sun-Part shade
USDA Hardiness Zone: 3

A low mounding, evergreen ground cover. Silver-blue foliage. Grows in most soils, but requires afternoon shade in hot summer areas.

Juniperus

Leucothoe

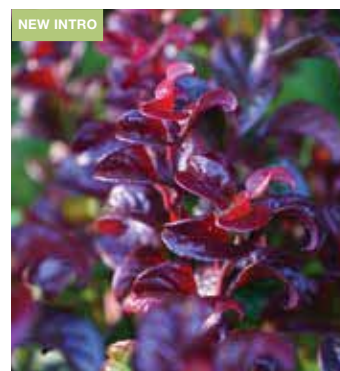

Juniperus horizontalis 'Wiltonii'

Juniperus scopulorum 'Medora'

Juniperus squamata 'Blue Star'

Leucothoe axillaris 'Opstal20' Twisting Red®

Leucothoe axillaris 'Squzam' Squirt™

JUNIPERUS HORIZONTALIS 'WILTONII'

Blue Rug Creeping Juniper

Size: 4-6" x 6-8'
Exposure: Sun-Part shade
USDA Hardiness Zone: 3

Dense, very prostrate evergreen shrub has rich, silvery blue foliage that acquires lavender tints in winter. Produces tiny, silvery blue cones. Heat and cold tolerant. Good as ground cover or for erosion control. Afternoon shade in hot summer areas.

JUNIPERUS PROCUMBENS 'NANA'

Dwarf Garden Juniper

Size: 8-12" x 6-8'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Compact, mat-forming evergreen shrub has dense blue-green foliage. Good in border, massing, ground cover, or for erosion control. This plant can be staked to form an upright shrub. Afternoon shade in hot areas.

JUNIPERUS SCOPULORUM 'BLUE ARROW'

Rocky Mountain Juniper

Size: 15 x 2'
Exposure: Full sun
USDA Hardiness Zone: 4

This columnar evergreen has blue-green needles and a very narrow habit, perfect for small spaces. Drought tolerant.

JUNIPERUS SCOPULORUM 'MEDORA'

Rocky Mountain Juniper

Size: 15 x 5'
Exposure: Full sun
USDA Hardiness Zone: 3

This blue-green conifer forms a compact, narrowly conical shape. Great as a vertical accent.

JUNIPERUS SCOPULORUM 'MOONGLOW'

Rocky Mountain Juniper

Size: 20 x 8'
Exposure: Full sun
USDA Hardiness Zone: 3

A very columnar tree with upright, bright, bluish green, needle-like foliage. Good as a specimen or for privacy screens. Tolerates coastal exposures.

JUNIPERUS SCOPULORUM 'SKYROCKET'

Rocky Mountain Juniper

Size: 15 x 3'
Exposure: Full sun
USDA Hardiness Zone: 3

A very narrow upright form containing silver-blue needle-like foliage. Popular for use as a specimen or privacy screen.

JUNIPERUS SQUAMATA 'BLUE STAR'

Blue Star Juniper

Size: 2-3 x 3-4'
Exposure: Full sun
USDA Hardiness Zone: 5

This rounded, evergreen shrub has steel-blue foliage that looks like starbursts on the branch ends. Great in rock gardens, or as a contrast plant in mixed borders.

LEUCOTHOE AXILLARIS 'OPSTAL20' TWISTING RED®

Doghobble

Size: 20 x 24"
Exposure: Part shade-Shade
USDA Hardiness Zone: 6

The small twisted leaves on this evergreen shrub provide year-round interest. Foliage emerges red, matures to green, then turns red again in winter. Small white flowers provide additional summer color. *Photo courtesy of Concept Plants.*

LEUCOTHOE AXILLARIS 'SQUZAM' SQUIRT™

Doghobble

Size: 2 x 3'
Exposure: Sun-Shade
USDA Hardiness Zone: 4

This little evergreen shrub has creamy white blooms in spring. Narrow foliage emerges burgundy, becoming glossy dark green. Overall shape is spreading, with graceful arching branches.

LEUCOTHOE FONTANESIANA 'RAINBOW'

Doghobble

Size: 5 x 6'
Exposure: Part sun
USDA Hardiness Zone: 5

Green lance-shaped leaves are mottled with pink and cream. Upright, arching branches have clusters of white flowers on the tips.

LEUCOTHOE KEISKEI 'OPSTAL16' HALLOWEEN

Doghobble

Size: 30 x 20"
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

A beautiful little evergreen shrub. Fine foliage has red and orange coloration in the new growth.

PHYSOCARPUS OPUL. 'HOOGI021' LITTLE JOKER® PP27986

Ninebark

Size: 24 x 12"
Exposure: Sun-Part shade
USDA Hardiness Zone: 3

Rich red wine, purple leaves with a beautiful green undertone cover this dwarf, deciduous shrub. Burgundy stems match the dramatic foliage and contrast pale pink flowers through spring and summer. Unlicensed propagation prohibited.

PHYSOCARPUS OPUL. 'PODARAS 3' LEMON CANDY PP22362

Ninebark

Size: 3 x 2'
Exposure: Full sun
USDA Hardiness Zone: 3

Compact, mounding shrub with bright gold foliage in full sun. Small white blooms in mid to late spring add a nice contrast to the foliage. Unlicensed propagation prohibited.

PHYSOCARPUS OPUL. 'SMNPOTWG' TINY WINE® GOLD PP28857

Ninebark

Size: 5 x 5'
Exposure: Full sun
USDA Hardiness Zone: 3

Spring foliage emerges bright yellow, maturing to yellow-green. Small pinkish white flower clusters appear in late spring. Disease resistant and drought tolerant. Unlicensed propagation prohibited. *Photo courtesy of Proven Winners.*

PHYSOCARPUS OPUL. 'ZLEBIC5' SWEET CHERRY TEA™ PP31235

Ninebark

Size: 4 x 4'
Exposure: Full sun
USDA Hardiness Zone: 3

The first re-blooming ninebark! Pinkish-white flowers arrive in spring and again in mid-summer. The foliage emerges in a lovely orange-red shade gradually turning purple as they age. Flowers give way to rosy-red fruit. Unlicensed propagation prohibited. *Photo courtesy of Plants Nouveau.*

PHYSOCARPUS OPUL. 'ZLEYE12' RASPBERRY LEMONADE™ PP31198

Ninebark

Size: 4 x 4'
Exposure: Full sun
USDA Hardiness Zone: 3

This ninebark has a compact, dense mounding growth habit features vivid chartreuse foliage, bursting forth in summer with white flowers, followed by red, ornamental fruits. Unlicensed propagation prohibited. *Photo courtesy of Plants Nouveau.*

PICEA ABIES 'CUPRESSINA'

Columnar Norway Spruce

Size: 30 x 10'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

Dense, narrow, evergreen tree with stiff, dark green needles, arranged singularly around upright branches.

PICEA ABIES 'FARNSBURG'

Weeping Norway Spruce

Size: 6 x 3'
Exposure: Full sun
USDA Hardiness Zone: 3

Weeping conifer with short light green needles. More compact and denser than the common weeping Norway spruce.

PICEA ABIES 'FASTIGIATA COMPACTA'

Compact Norway Spruce

Size: 12 x 5-6'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

Perfect for the smaller landscape, this narrowly pyramidal, compact tree has dark green needles and upright branching.

Picea

Picea abies 'Frohburg'

Picea glauca 'Conica'

PICEA ABIES 'FROHBURG'

Norway Spruce

Size: 7 x 3'
Exposure: Full sun
USDA Hardiness Zone: 3

A small, compact, evenly branched weeping conifer. Dark green, thin needles on branches that drape with lower branches spreading along the ground.

PICEA ABIES 'GOLD DRIFT'

Gold Drift Weeping Norway Spruce

Size: 6 x 10'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

This moderate growing, weeping conifer has yellow to green needles. Protect young plants from strong sun to prevent foliage burn. Use as a groundcover or stake into a small weeping tree. Height depends on training.

PICEA ABIES 'HILLSIDE UPRIGHT'

Hillside Upright Norway Spruce

Size: 20 x 8'
Exposure: Full sun
USDA Hardiness Zone: 3

Dark green conifer has a narrow pyramidal form. Ascending, irregular branching is very sculptural.

PICEA ABIES 'LITTLE GEM'

Dwarf Norway Spruce

Size: 3 x 5-6'
Exposure: Sun-Part shade
USDA Hardiness Zone: 3

Compact, flat-topped, dwarf, evergreen shrub with dark green foliage.

PICEA ABIES 'NIDIFORMIS'

Bird's Nest Spruce

Size: 5 x 6'
Exposure: Sun-Part shade
USDA Hardiness Zone: 3

Best known as "Bird's Nest Spruce", this dwarf evergreen conifer grows into a dense, wide-spreading mound. The center has a slight depression as it does not develop a leader.

PICEA ABIES 'PAUL'S SELECT'

Paul's Select Norway Spruce

Size: 25 x 5'
Exposure: Sun-Part shade
USDA Hardiness Zone: 3

A slow-growing, blue-needled Norway spruce that has a dense pyramidal habit. Makes a good accent plant.

PICEA ABIES 'PENDULA'

Weeping Norway Spruce

Size: 6 x 10'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

Evergreen with rich green needles on trailing branches and 4" long hanging cones. Good accent plant. Size depends on training.

PICEA ABIES 'PUMILA'

Dwarf Norway Spruce

Size: 4 x 5'
Exposure: Full sun
USDA Hardiness Zone: 3

Slow-growing, with small dark green needles, this evergreen makes a great foundation plant. Rounded when young, becoming flatter with age. Prefers cool summer climates.

PICEA ABIES 'PUSCH'

Pusch Norway Spruce

Size: 1.5 x 1.5'
Exposure: Full sun
USDA Hardiness Zone: 3

Without a leader, this dwarf Norway spruce slowly forms an irregular mound. In early spring, cones are vivid purplish red, maturing to light brown.

PICEA ENGELMANNII 'BUSH'S LACE'

Bush's Lace Engelmann Spruce

Size: 12'+
Exposure: Full sun
USDA Hardiness Zone: 3

Although this is an upright conifer, its branches are somewhat weeping. New needles are light blue-green, adding to the soft appearance. Not for hot climates.

PICEA GLAUCA 'BLUE TEARDROP'

White Spruce

Size: 4 x 2'
Exposure: Full sun
USDA Hardiness Zone: 2

A dense, dwarf conifer with short, tightly set, blue-green needles. The tear drop shapes make it an attractive accent plant.

PICEA GLAUCA 'CONICA'

Dwarf Alberta Spruce

Size: 8 x 5'
Exposure: Sun-Part shade
USDA Hardiness Zone: 3

This dense, pyramidal, evergreen shrub has soft, bright green new growth that matures to a darker green. Good in rock gardens, large containers, as a foundation plant, or a specimen.

Picea

Picea mariana 'Nana'

PICEA GLAUCA 'ESHRAIGHI1' POCO VERDE

White Spruce

Size: 5 x 2'
Exposure: Full sun
USDA Hardiness Zone: 3

Dwarf, narrowly pyramidal, evergreen conifer. New growth is light yellow-green, creating a contrasting polka dot effect against the dense darker green foliage.

PICEA GLAUCA 'PENDULA'

Weeping White Spruce

Size: 20-30 x 6'
Exposure: Full sun
USDA Hardiness Zone: 2

An outstanding specimen, whose blue-green needled branches weep from a tall central leader, creating a slender spire. Ideal for small spaces. Best with cold winters and cool summers.

PICEA MARIANA 'NANA'

Dwarf Black Spruce

Size: 3 x 5'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

This slow-growing evergreen forms a neat mound without the need for any pruning. The foliage has a nice bluish-gray color.

PICEA OMORIKA 'PENDULA BRUNS'

Weeping Serbian Spruce

Size: 30 x 8'
Exposure: Full sun
USDA Hardiness Zone: 4

A unique looking conifer, with a main leader that seems to climb toward the sky, while the side branches are strongly pendulous and weep to the ground. The foliage emerges light green, turning blue-green with silver undersides. Makes a great focal point in the landscape.

PICEA ORIENTALIS 'GOWDY'

Oriental Spruce

Size: 10 x 6'
Exposure: Full sun
USDA Hardiness Zone: 4

This slow-growing, narrow, pyramidal spruce is a good choice for smaller landscapes. It's short, dark green, fine-textured needles are soft and the red-purple cones provide a nice contrast in spring. Tolerates heat and humidity well.

PICEA ORIENTALIS 'NUTANS'

Oriental Spruce

Size: 15 x 3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

This upright evergreen is called a nodding Caucasian spruce because of pendulous branch tips. Irregular branching and short, dark green needles give it a very sculptural form.

PICEA ORIENTALIS 'SKYLANDS'

Golden Oriental Spruce

Size: 25-30 x 8-10'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Upright spruce with spiky needles that emerge bright yellow in spring and turn gold. Older needle growth is dark green. Protect from late afternoon sun.

PICEA PUNGENS 'BAKERI'

Colorado Spruce

Size: 20 x 12'
Exposure: Full sun
USDA Hardiness Zone: 3

Beautiful blue needles adorn this broadly conical evergreen tree.

PICEA PUNGENS 'BLUE TOTEM'

Colorado Spruce

Size: 20 x 4'
Exposure: Full sun
USDA Hardiness Zone: 3

A blue gray conifer with a dense columnar shape. Good for narrow screening or as a vertical accent.

PICEA PUNGENS 'FASTIGIATA'

Columnar Colorado Spruce

Size: 30 x 10'
Exposure: Full sun
USDA Hardiness Zone: 3

This narrow, upright tree with stiff bright blue needles adds vertical interest to the landscape.

PICEA PUNGENS 'FAT ALBERT'

Colorado Spruce

Size: 10-15 x 10-12'
Exposure: Full sun
USDA Hardiness Zone: 3

Dense, upright, very broad, pyramidal evergreen with blue needles. Good as windbreak, screen, and as landscape accent.

PICEA PUNGENS 'GLAUCA GLOBOSA'

Globe Blue Spruce

Size: 3 x 4'
Exposure: Full sun
USDA Hardiness Zone: 3

This dense, compact, globe-shaped, evergreen shrub has stiff, bright blue needles. Excellent selection as an accent or specimen plant.

PICEA PUNGENS 'GLAUCA SLENDERINA'® PENDULA'

Slenderina® Weeping Colorado Spruce

Size: 12'
Exposure: Full sun
USDA Hardiness Zone: 3

Introduced by Eshraghi Nursery. A weeping form of Colorado blue spruce, which is more narrow and blue than other varieties.

PICEA PUNGENS 'HOCKERSMITH' LINDA

Globe Blue Spruce

Size: 3 x 4'
Exposure: Full sun
USDA Hardiness Zone: 3

Discovered at Eshraghi Nursery, this evergreen has beautiful blue needles, that are deeper blue, thicker, and longer than 'Glauca Globosa'.

PICEA PUNGENS 'HOOPSII'

Colorado Spruce

Size: 30-50 x 10-20'
Exposure: Full sun
USDA Hardiness Zone: 3

Pyramidal, evergreen tree with long, thick, silvery blue needles on spreading branches. Produces large magenta cones in spring.

PICEA PUNGENS 'WALDBRUNN'

Colorado Spruce

Size: 2 x 4'
Exposure: Full sun
USDA Hardiness Zone: 3

Short horizontal branches are covered with unusual blue-gray needles. Slow-growing, pyramidal form of Colorado blue spruce. Maintains a deep blue color.

PIERIS JAPONICA 'FLAMING SILVER'

Variiegated Lily-of-the-Valley Shrub

Size: 4-6 x 4-6'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Compact evergreen with upright, tiered, dense growth. Fiery red new growth chartreuse, then matures to variegated green and cream. White flowers in spring. Protect from strong winds.

PIERIS JAPONICA 'KATSURA' PP15452

Lily-of-the-Valley Shrub

Size: 5 x 5'
Exposure: Part sun- Part shade
USDA Hardiness Zone: 4

A medium, dome-shaped evergreen shrub with red leaves in spring that turn to long, lustrous, dark green leaves. It flowers freely, producing arching racemes of rose-colored, bell-shaped flowers in spring. Unlicensed propagation prohibited.

PIERIS JAPONICA 'MOUNTAIN FIRE'

Lily-of-the-Valley Shrub

Size: 6-8 x 3-6'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Evergreen shrub has fiery red new leaves that mature to deep green. Pendulous clusters of white flowers bloom March and April.

PIERIS JAPONICA 'PASSION' PP19319

Lily-of-the-Valley Shrub

Size: 5 x 3'
Exposure: Part sun-Part shade
USDA Hardiness Zone: 5

Cherry red flowers crowned in white drape over glossy dark green foliage. Deer resistant. Unlicensed propagation prohibited.

Pinus mugo 'Columnaris'

PIERIS JAPONICA 'PRELUDE'

Dwarf Lily-of-the-Valley Shrub

Size: 2 x 2-3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

This compact broadleaf evergreen has bronzy new leaves that mature deep green. Pendulous clusters of white flowers bloom March and April.

PIERIS JAPONICA 'RALTO' PASSION FROST PP19331

Lily-of-the-Valley Shrub

Size: 5 x 3'
Exposure: Part sun-Part shade
USDA Hardiness Zone: 5

Dense, upright shrub of green and white variegation with red-pink blossoms in spring. Unlicensed propagation prohibited.

PIERIS JAPONICA 'VALLEY VALENTINE'

Lily-of-the-Valley Shrub

Size: 7 x 5'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Dense, upright habit of dark green foliage. Dark pink-red flowers in early spring.

PINUS BANKSIANA 'SCHOODIC'

Jack Pine

Size: 2 x 4'
Exposure: Full sun
USDA Hardiness Zone: 2

This jack pine variant forms a prostrate, ground hugging mound with contorted branches and fine textured needles. 'Schoodic' would make a fine accent for a rock wall and is very cold hardy.

PINUS BANKSIANA 'UNCLE FOGGY'

Jack Pine

Size: 2 x 15'
Exposure: Full sun
USDA Hardiness Zone: 2

This pendulous form of jack pine produces a large unique specimen in short order. Curving, trailing branches create an interesting, woody groundcover, with good cold tolerance. Can be trained to a variety of forms.

PINUS CEMBRA 'GLAUCA'

Blue Swiss Stone Pine

Size: 15 x 10'
Exposure: Full sun
USDA Hardiness Zone: 4

A fantastic, disease resistant cultivar that has lovely silvery blue needles. It is quite slow-growing with a broadly conical shape, becoming somewhat rounded with age. A very attractive conifer that adds great color to the landscape.

PINUS CONTORTA 'CHIEF JOSEPH'

Lodgepole Pine

Size: 6 x 4'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

This dwarf conifer, with its bright yellow winter color, is on every collector's list. Slowly growing 3-6" per year, it forms a broad upright to oval shape. New growth in spring is a medium green maintaining its color throughout summer until frost initiates the winter transformation.

PINUS FLEXILIS 'DOMINGO'

Limber Pine

Size: 25 x 15'
Exposure: Full sun
USDA Hardiness Zone: 4

Beautiful long needles have a soft, bluish-green color on a broadly pyramidal tree. Good as a specimen or for hedging.

PINUS FLEXILIS 'VANDERWOLF'S PYRAMID'

Limber Pine

Size: 20-25 x 10-15'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

Long, twisted, blue-green needles on a pyramidal tree make this an interesting landscape addition.

PINUS MUGO 'COLUMNARIS'

Mugo Pine

Size: 8 x 4'
Exposure: Full sun
USDA Hardiness Zone: 2

With an upright, rather than rounded shape, this mugo pine will provide height to the landscape. Long needles are dark green and the bark is red-orange.

PINUS MUGO 'SHERWOOD COMPACT'

Mugo Pine

Size: 1.5 x 2'
Exposure: Full sun
USDA Hardiness Zone: 2

A super choice for the front of the border, or for edging a walkway. Also works well as a bonsai specimen. Compact and well branched with small deep green needles that create a bottle-brush appearance.

Pinus

Pinus mugo 'Slowmound'

Pinus nigra 'Oregon Green'

Pinus strobus 'Blue Shag'

Pinus strobus 'Coney Island'

Pinus mugo 'Tannenbaum'

Pinus mugo 'Valley Cushion'

Pinus mugo var. pumilio

Pinus nigra 'Green Tower'

Pinus parviflora 'Glauca'

Pinus strobus 'Angel Falls'

Pinus strobus 'Fastigiata'

PINUS MUGO 'SLOWMOUND'

Mugo Pine

Size: 4 x 6'
Exposure: Full sun
USDA Hardiness Zone: 2

Consistent dark green color and a naturally compact, mounding shape makes this conifer perfect for rock gardens and smaller spaces. As the name suggests, very slow-growing.

PINUS MUGO 'TANNENBAUM'

Mugo Pine

Size: 11 x 6'
Exposure: Full sun
USDA Hardiness Zone: 2

This unusual mugo pine is upright, and has a broad Christmas tree shape. Deep green needles have a hint of blue. Very cold hardy.

PINUS MUGO 'VALLEY CUSHION'

Mugo Pine

Size: 3 x 3'
Exposure: Full sun
USDA Hardiness Zone: 2

Excellent for smaller landscapes, this dwarf evergreen shrub is globe-shaped and has very short green needles.

PINUS MUGO VAR. PUMILIO

Mugo Pine

Size: 3-4 x 6'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

Evergreen shrub has short, dark green needles. New growth appears as narrow candles. Produces small dark brown cones.

PINUS NIGRA 'GREEN TOWER'

Austrian Pine

Size: 8 x 2'
Exposure: Full sun
USDA Hardiness Zone: 4

If you want an ideal specimen for a smaller space, this is it. A strongly fastigate habit is softened by lush long dark green needles. The sturdy branching withstands snow and ice well.

PINUS NIGRA 'OREGON GREEN'

Austrian Pine

Size: 10-12 x 8-10'
Exposure: Full sun
USDA Hardiness Zone: 4

This relatively slow-growing upright tree has very fine-textured green needles and a distinctive pyramidal form. Bright white candles stand out against the green needles in the spring. Excellent as an accent or can be massed to form a tall screen.

PINUS PARVIFLORA 'GLAUCA'

Japanese White Pine

Size: 8-12'
Exposure: Full sun
USDA Hardiness Zone: 4

Evergreen tree with dense, conical form when young then wide spreading as it matures. Green needles with blue undersides are twisted and coarse. Freely produces red-brown, 1-4" long cones.

PINUS STROBUS 'ANGEL FALLS'

White Pine

Size: 10 x 3'
Exposure: Full sun
USDA Hardiness Zone: 3

Left unstaked, this weeping conifer forms a dense mound. When staked, its weeping branches create a dense, softly irregular column, with a weeping top. The habit is more narrow than 'Pendula'.

PINUS STROBUS 'BLUE SHAG'

White Pine

Size: 4 x 4'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

Compact, dwarf, globe-shaped evergreen shrub with short, soft, blue-green needles. Does not produce cones. Good as a specimen.

PINUS STROBUS 'CONEY ISLAND'

White Pine

Size: 5 x 3'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

A unique, dwarf pine, is dense with long 5" blue-green needles softening the look of this rounded conifer. Bears numerous gray to blue cones, even when young.

PINUS STROBUS 'FASTIGIATA'

Columnar White Pine

Size: 40 x 10'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

An evergreen with an upright growth habit that makes it much more suitable for smaller spaces than other white pines. Soft, blue-green needles look great when mixed with other conifers.

'Wiethorst'

PINUS STROBUS 'GREEN TWIST'

White Pine

Size: 5 x 3'

Exposure: Sun-Part sun

USDA Hardiness Zone: 4

This dwarf White Pine with twisted, curly green needles will add texture and interest to any garden. This compact grower originated as a witch's broom.

PINUS STROBUS 'LOUIE'

White Pine

Size: 20 x 15'

Exposure: Full sun

USDA Hardiness Zone: 3

Globe shaped when young, this conifer eventually becomes loosely pyramidal. Long, thin needles emerge golden, fading to a soft yellow-green during winter.

PINUS STROBUS 'MINI TWISTS'

Dwarf White Pine

Size: 6 x 4'

Exposure: Full sun

USDA Hardiness Zone: 3

A slower growing variety of Pinus strobus 'Contorta'. Encourage a more compact, dense tree by candle pruning annually, or allow to form a more pyramidal shape. Small, twisted needles offer a unique textural element to the landscape. Evergreen.

PINUS STROBUS 'SEA URCHIN'

White Pine

Size: 2 x 2'

Exposure: Sun-Part shade

USDA Hardiness Zone: 3

A very tight, slow-growing dwarf. Globe-shaped with a flattened top, the silvery blue-green needles are a standout in the landscape.

PINUS STROBUS 'STOWE PILLAR'

White Pine

Size: 12 x 3'

Exposure: Full sun

USDA Hardiness Zone: 3

Extremely upright branching creates a narrow form perfect for a vertical accent or small space. Long green needles soften this conifer's shape, and large pine cones add interest.

PINUS SYLVESTRIS 'GREEN PENGUIN'

Scots Pine

Size: 4 x 2'

Exposure: Full sun

USDA Hardiness Zone: 3

This dwarf evergreen is a dense, rich green cone of needles producing curious "flowers" of juvenile foliage in the late summer each year. This cultivar is taller than it is wide and takes on a penguin-shape as it matures. Extremely cold hardy.

PINUS SYLVESTRIS 'WATERERI'

Scots Pine

Size: 12 x 10'

Exposure: Sun-Part sun

USDA Hardiness Zone: 3

The blue-green needles on this evergreen contrast nicely against its exfoliating cinnamon-brown bark. Pyramidal when young, becoming irregular to dome-shaped when mature.

PINUS THUNBERGII 'KOTOBUKI'

Dwarf Japanese Black Pine

Size: 7-8 x 3'

Exposure: Full sun

USDA Hardiness Zone: 5

Short, dark green needles, with branches that grow upward with a tight and narrow habit.

PINUS THUNBERGII 'THUNDERHEAD'

Dwarf Japanese Black Pine

Size: 10 x 10'

Exposure: Full sun

USDA Hardiness Zone: 5

Dwarf evergreen shrub with glossy, dark green needles and large white candles. Forms a broad, dense pyramid.

PINUS X SCHWERINII 'WIETHORST'

Schwerin Pine

Size: 5 x 3'

Exposure: Sun-Part sun

USDA Hardiness Zone: 4

This dwarf, pyramidal pine has delicate, light green needles with silvery undersides, giving it a soft appearance. Produces seed cones at a young age.

Prunus lusitanica

POTENTILLA FRUTICOSA 'ABBOTSWOOD'

Cinquefoil

Size: 3 x 3'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

Abundant white flowers bloom in summer, contrasting nicely against blue-green foliage. Better flowering occurs with more sun. A compact, deciduous shrub that is drought tolerant once established.

POTENTILLA FRUTICOSA 'FARGO' DAKOTA SUNSPOT®

Cinquefoil

Size: 3 x 3'
Exposure: Sun-Part sun
USDA Hardiness Zone: 2

Blooming from midsummer until frost, this compact shrub features bright yellow flowers and bright green foliage. Deer resistant and cold hardy.

POTENTILLA FRUTICOSA 'SMNPPS' HAPPY FACE HEARTS® PP30710

Cinquefoil

Size: 2 x 2'
Exposure: Sun-Part sun
USDA Hardiness Zone: 2

This low growing, deciduous shrub is a blanket of cheerful pink flowers from late spring until the first frost. Deer and rabbit resistant. *Photo courtesy of Proven Winners.*

POTENTILLA FRUTICOSA 'UMAN' MANGO TANGO™

Cinquefoil

Size: 2 x 2'
Exposure: Sun-Part sun
USDA Hardiness Zone: 2

Masses of flowers have orange-red centers, fading to orange-yellow towards the outer edges. The green, fine-textured leaves of this deciduous shrub provide a nice background for this summer display.

PRUNUS LAUROCERASUS 'JONG1' VOLCANO PP29889

English Laurel

Size: 5 x 4'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

A cold hardy, evergreen shrub, this cultivar has a compact habit, and shiny foliage. Oval leaves emerge dark red and mature to dark green. May flush 3 times during the season. Excellent hedging material. Unlicensed propagation prohibited.

PRUNUS LAUROCERASUS 'JONG2' GREENFINITY PP29890

English Laurel

Size: 5 x 4'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

This cold hardy evergreen shrub has a bushy habit and shiny dark green leaves. New growth is yellowish lime green. An excellent hedging plant. Unlicensed propagation prohibited.

PRUNUS LAUROCERASUS 'JONG3' GREEN GOBLET PP29891

English Laurel

Size: 28 x 28"
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

A compact evergreen shrub, this cultivar has glossy leaves which emerge yellow-green, and mature to dark green. Cold hardy, with a bushy, compact habit. Unlicensed propagation prohibited.

PRUNUS LAUROCERASUS 'OTTO LUYKEN'

English Laurel

Size: 6 x 6'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

Low growing evergreen shrub. Glossy dark green foliage. White flower spikes in spring.

PRUNUS LAUROCERASUS 'SCHIPKAENSIS'

Schip Laurel

Size: 15 x 8'
Exposure: Sun-Shade
USDA Hardiness Zone: 6

This evergreen shrub has glossy, deep green leaves. Racemes of very fragrant, white flowers bloom freely and abundantly in spring, attracting butterflies. Red berries ripen black and attract birds. Good as a privacy screen. Needs some shade in hot areas.

PRUNUS LUSITANICA

Portuguese Laurel

Size: 15 x 15'
Exposure: Sun-Part shade
USDA Hardiness Zone: 7

Large evergreen shrub or small tree has glossy dark green leaves. 10" long racemes of fragrant white flowers attract butterflies. Red berries ripen black and attract birds.

Rhododendron 'Landmark'

RHODODENDRON 'ANAH KRUSCHKE'

Rhododendron

Size: 10 x 10'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Rich reddish purple flowers, clusters contrast nicely against evergreen foliage. Sun and heat tolerant. A midseason bloomer. H2

RHODODENDRON 'BLUE BARON'

Rhododendron

Size: 6 x 4'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

Early-midseason bloomer with striking blue flowers, and small glossy leaves. Foliage emerges bronze in spring, maturing to green. This evergreen shrub has an open habit. H3

RHODODENDRON 'CAPISTRANO'

Rhododendron

Size: 5 x 5'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

Firly greenish yellow flowers bloom midseason on a mounding shrub with dark green leaves. H3

RHODODENDRON 'CATAWBIENSE BOURSALT'

Rhododendron

Size: 10 x 10'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Dark rose-lilac flowers, with reddish brown spotting, bloom on ball-shaped trusses, in late midseason. Foliage is bright green, covering dense spreading growth. Tolerates heat, sun, and cold. H2

RHODODENDRON 'CATAWBIENSE GRANDIFLORUM'

Rhododendron

Size: 10 x 10'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

Large trusses of rosy lavender flowers bloom on this uniformly rounded evergreen shrub. Makes nice screening or hedge. Midseason bloomer. H3

RHODODENDRON 'CHERRY CHEESECAKE'

Rhododendron

Size: 10 x 10'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

Large white flowers with red edges and red throat blotch on a large leaved plant. H3

RHODODENDRON 'ENGLISH ROSEUM'

Rhododendron

Size: 6 x 7'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Soft mauve-pink flowers bloom mid-late season. Fast growing plant tolerates extremes of cold, heat and humidity. H2

RHODODENDRON 'FLORENCE PARKS'

Rhododendron

Size: 7 x 7'
Exposure: Part shade
USDA Hardiness Zone: 4
A heavy blooming shrub with deep purple flowers and dark spotting. Contrasts nicely against dark foliage. Very hardy, late midseason bloomer. H1

RHODODENDRON 'HOLDEN'

Rhododendron

Size: 5 x 5'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

Large, frilly, funnel-shaped flowers are deep pink with red spotting. Bloom time is midseason. Shiny, dark green foliage is evergreen, and heat tolerant. H3

RHODODENDRON 'HONEY BUTTER'

Rhododendron

Size: 3 x 3'
Exposure: Part shade
USDA Hardiness Zone: 7

Yellow-orange flowers with pink midribs bloom midseason in dome-shaped trusses. New growth emerges glossy wine-red with a compact habit. H4

RHODODENDRON 'LANDMARK'

Rhododendron

Size: 4 x 4'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

Wavy-edged flowers are purple-red with light scarlet spotting. Blooms in midseason. Dark green leaves have edges that curve down. Foliage turns bronze in winter. More sun tolerant than many other rhododendrons. H2

Rhododendron

Spiraea

Rhododendron 'Minnetonka'

RHODODENDRON 'MINNETONKA'

Rhododendron

Size: 3 x 3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Large purple flower buds open to lavender funnel-shaped flowers that fade toward the center. Yellow-green throat spots appear on one upper lobe. Evergreen foliage has wavy margins, and forms a spreading mound. H2

RHODODENDRON 'NOVA ZEMBLA'

Rhododendron

Size: 5 x 6'
Exposure: Part sun
USDA Hardiness Zone: 5

Dark red flowers bloom in ball-shaped trusses with deep green foliage. A popular midseason, bushy shrub. Heat and cold tolerant. H2

RHODODENDRON 'PERCY WISEMAN'

Rhododendron

Size: 3 x 4'
Exposure: Part shade
USDA Hardiness Zone: 5

Midseason flowers open to peach, pink and cream, then mature to creamy white with a yellow throat. Green leaves have velvety tan indumentums. This evergreen shrub is compact and spreading. Can tolerate more sun in cooler climates. H2

RHODODENDRON 'POLARNACHT'

Rhododendron

Size: 3 x 6'
Exposure: Part sun-Part shade
USDA Hardiness Zone: 6

Late midseason flowers are deep purple-red with dark red spotting. Leaves are dark green on this mounding, evergreen shrub. H3

RHODODENDRON 'PURPUREUM ELEGANS'

Rhododendron

Size: 5 x 4'
Exposure: Shade-Part shade
USDA Hardiness Zone: 5

Wavy-edged flowers are bluish purple with brown markings. Blooms midseason. Foliage is deep green. H1

RHODODENDRON 'ROSEUM ELEGANS'

Rhododendron

Size: 6 x 8'
Exposure: Sun-Shade
USDA Hardiness Zone: 5

Funnel-shaped pink-lilac flowers, with reddish brown spotting, age to pink. Blooms late midseason. Large rounded olive green leaves. Tolerates heat and cold, but protect from harsh sun and wind. H2

RHODODENDRON 'SCINTILLATION'

Rhododendron

Size: 4 x 4'
Exposure: Part shade
USDA Hardiness Zone: 6

Midseason flowers are purple-pink, lighter towards the center, with green-yellow throat markings. Large leaves are glossy dark green. Heat tolerant. H3

RHODODENDRON 'THE HON. JEAN MARIE DE MONTAGUE'

Rhododendron

Size: 5 x 6'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

This selection has thick textured evergreen leaves. Flowers appear mid to late season and are an outstanding bright scarlet color with dark center speckles. Heat tolerant. H3

SPIRAEA JAPONICA 'MATGOLD' RAINBOW FIZZ™ PP28876

Spiraea

Size: 3 x 4'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

New foliage emerges a rusty sienna changing to a gold in summer. In Fall, the foliage returns to a beautiful red once again. In addition to the colorful foliage, pink flowers highlight the golden summer leaves. *Photo courtesy of Boomin Easy.*

SPIRAEA JAPONICA 'ICECONSPIR' EMPIRE® ICE DRAGON™ PP33786

Spiraea

Size: 4 x 4'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

A low maintenance, deer resistant perennial that's perfect for foundation plantings, containers, and more. New growth emerges in deep burgundy, contrasting mature blue-green foliage. In late spring, waves of pink blooms appear. Unlicensed propagation prohibited.

SPIRAEA JAPONICA 'WALBUMA' MAGIC CARPET

Spiraea

Size: 1.5 x 2'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

Low growing, mounding shrub that has bright red new growth. Foliage matures to golden yellow then to lime green, and is topped in spring with dainty clusters of pink blooms.

SPIRAEA JAPONICA 'WHITE GOLD'

Spiraea

Size: 3 x 3'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

Flattened clusters of white blossoms are produced above beautiful golden colored foliage on a compact plant.

SPIRAEA THUNBERGII 'OGON'

Spiraea

Size: 5 x 5'
Exposure: Full sun
USDA Hardiness Zone: 4

This delightfully mounded, multi-stemmed deciduous shrub is an early bloomer with its slender branches covered in clusters of brilliant white flowers. Wispy, willow-like leaves emerge golden yellow in spring, before gradually changing to bright green and finally an orange-yellow in the fall.

SPIRAEA X 'NCSX2' DOUBLE PLAY DOOZIE®

Spiraea

Size: 3 x 3'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

A perpetual bloomer that requires no deadheading. This non-invasive, sterile spirea will produce waves of magenta flowers from the beginning of summer through the first frost.

TAXUS BACCATA 'FASTIGIATA AUREA'

Golden Irish Yew

Size: 25 x 8'
Exposure: Sun-Shade
USDA Hardiness Zone: 6

A columnar, slow-growing evergreen. New needles are golden yellow, developing a green center that becomes more prominent with age. Displays red berries in fall. Beautiful accent plant when grown next to contrasting colors.

TAXUS BACCATA 'FASTIGIATA'

Irish Yew

Size: 8 x 3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

The deep green, soft needles on this columnar growing evergreen add a nice touch of both color and texture to the landscape. Perfect for vertical accents due to its upright growth habit.

TAXUS BACCATA 'REPANDENS'

Spreading English Yew

Size: 4 x 15'
Exposure: Sun-Shade
USDA Hardiness Zone: 5

A prostrate yew with shiny, dark green needles. Branches tend to grow horizontally with pendulous tips, creating a soft effect. Produces red berries.

TAXUS CUSPIDATA 'NANA AURESCENS'

Dwarf Golden Japanese Yew

Size: 3 x 6'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

The foliage on this low, spreading evergreen starts bright, golden yellow, gradually changing to dark green. Looks good planted in masses as a ground cover, or used in mixed borders. Non-fruit bearing male cultivar.

TAXUS X MEDIA 'DENSIFORMIS'

Dense Spreading Yew

Size: 3-4 x 4-6'
Exposure: Sun-Shade
USDA Hardiness Zone: 4

Low growing, dense, spreading evergreen shrub with dark green needled foliage. May have scarlet winter berries.

TAXUS X MEDIA 'H.M. EDDIE'

English Yew

Size: 20 x 5'
Exposure: Sun-Shade
USDA Hardiness Zone: 4

This narrow, upright yew takes well to pruning and is perfect for small spaces or as hedge material. Foliage emerges bright green, fading to a darker blue-green. It is a male selection, does not produce fruit, keeping a relatively tidy space.

TAXUS X MEDIA 'HICKSII'

Columnar Yew

Size: 20 x 10'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Columnar evergreen shrub has glossy, dark green needled foliage with pale green reverse. Red winter berries. Very tolerant of urban conditions.

TAXUS X MEDIA 'HILLII'

Columnar Yew

Size: 6 x 6'
Exposure: Sun-Full shade
USDA Hardiness Zone: 4

The columnar Yew is an adaptable, hardy, evergreen capable of withstanding heavy pruning, but beautiful unpruned for a softer landscape. Perfect for hedges or planting along fences and walls.

TAXUS X MEDIA 'TAUNTONII'

Taunton's Yew

Size: 4 x 5'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

A wonderful dwarf evergreen shrub for use as a foundation plant or in mixed borders. It grows wider than tall and has deep green needles that hold onto their color year round. Tolerates summer heat.

THUJA OCCIDENTALIS 'AMBER GLOW'

Arborvitae

Size: 1 x 1'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

Forming a small mound, this cultivar is golden in summer, and amber-orange in winter. Good for small spaces and as an accent.

THUJA OCCIDENTALIS 'ANNIEK' SIENNA SUNSET™ PP22813

Arborvitae

Size: 2 x 2.5'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

This miniature arborvitae will maintain a compact globe shape. Branching is very short and covered with dense foliage. Soft and green at the core, the foliage has yellow tips. In winter, it transforms to a bronzy orange. Unlicensed propagation prohibited.

THUJA OCCIDENTALIS 'BOBAZAM' MR. BOWLING BALL®

Arborvitae

Size: 3 x 3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 3

This unusual arborvitae grows in a compact globe with a soft, feathery texture. Light green juvenile foliage eventually turns sage-green.

THUJA OCCIDENTALIS 'CONGABE' FIRE CHIEF™ PP19009

Arborvitae

Size: 4 x 4'
Exposure: Full sun
USDA Hardiness Zone: 5

Selected for its bright orange to flame-red foliage, this sport of 'Rheingold' lights up the landscape year-round. A slow grower, which requires little to no pruning, making it perfect for low-maintenance mass plantings or as a rock garden specimen. Unlicensed propagation prohibited.

THUJA OCCIDENTALIS 'DEGROOT'S SPIRE'

Arborvitae

Size: 20 x 5'
Exposure: Full sun
USDA Hardiness Zone: 3

Medium green foliage on this narrow, columnar evergreen shrub, has purple tint in winter. Protect from strong winds.

THUJA OCCIDENTALIS 'HETZ MIDGET'

Arborvitae

Size: 5 x 5'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

A slow-growing compact globe-shaped shrub with rich bluish-green foliage that bronzes in winter.

THUJA OCCIDENTALIS 'JANTAR' PP22296

Arborvitae

Size: 15 x 3'
Exposure: Full sun
USDA Hardiness Zone: 3

A narrow, bright yellow arborvitae with a dense habit and a narrow, pointed top. The color becomes orange-yellow in winter, giving this cultivar its name, which means "amber". Suitable as a screen or accent plant. Unlicensed propagation prohibited.

THUJA OCCIDENTALIS 'SMARAGD'

Emerald Green Arborvitae

Size: 15 x 5'
Exposure: Sun-Part shade
USDA Hardiness Zone: 2

Compact, columnar evergreen shrub has feathery, rich green foliage that holds its color all year. Needs a moist atmosphere and some shade in hot summer areas.

THUJA OCCIDENTALIS 'TOM THUMB'

Arborvitae

Size: 3-4'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

This semi-dwarf Arborvitae will form a neat globe shaped mound. Dense foliage is a lovely emerald green color that holds well throughout the year with little bronzing. Makes a fine low growing hedge or mixes well in shrub borders.

THUJA OCCIDENTALIS 'HIGHLIGHTS'™ 'JANED GOLD' PP21967

Arborvitae

Size: 8 x 4'
Exposure: Sun-Part shade
USDA Hardiness Zone: 3

Upright, pyramidal evergreen with yellow-gold foliage. Holds bright color throughout the year. Unlicensed propagation prohibited.

THUJA ORIENTALIS 'FRANKY BOY'

Franky Boy Dwarf Oriental Arborvitae

Size: 6 x 4'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

Unique golden, thread-like foliage grows upright creating a tear drop effect on this dwarf conifer. Winter foliage turns orange-bronze, adding both color and texture to the landscape year-round.

THUJA PLICATA '4EVER' FOREVER GOLDY PP19267

Western Red Cedar

Size: 20 x 5'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Year-round interest is what you get with this upright conifer. Its golden color and sculptural form are stunning. Red stems and an orange tint to the foliage appear in fall and winter. Unlicensed propagation prohibited.

THUJA PLICATA 'WHIPCORD'

Western Red Cedar

Size: 5 x 5'
Exposure: Full sun
USDA Hardiness Zone: 5

An interesting evergreen with foliage that is thin and cord-like, arching from the center of the plant. Makes a great focal point in the landscape.

THUJA PLICATA 'NORTHERN SPIRE' PP31298

Western Red Cedar

Size: 20 x 5'
Exposure: Full sun
USDA Hardiness Zone: 4

Columnar evergreen with dense, dark green foliage. Unlicensed propagation prohibited.

THUJA STANDISHII X PLICATA 'GREEN GIANT'

Western Red Cedar

Size: 60 x 18'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

An excellent substitute for Leyland cypress. This evergreen has dark green foliage, and a nice upright conical shape that requires no pruning. Ideal for screens and can be sheared for hedges. Disease and deer resistant.

VIBURNUM CARLESII 'SMVCB' SPICE BABY™

Koreanspice Viburnum

Size: 5 x 5'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

A slow-growing, deciduous shrub decorated with Red buds that reveal pink to white flowers in snowball clusters. Berry like drupes follow the flowers adding further interest. Prune after flowering. *Photo courtesy of Proven Winners.*

VIBURNUM DAVIDII

Evergreen Viburnum

Size: 5 x 6'
Exposure: Sun-Part sun
USDA Hardiness Zone: 7

Evergreen shrub with mounding habit has deeply veined, dark green leaves. Clusters of pink buds open to white flowers in spring. Female plants bear blue fruit if male plants are present.

VIBURNUM CASSINOIDES 'SMNVCDD' LIL' DITTY® PP27549

Witherod Viburnum

Size: 2 x 2'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

This dwarf viburnum is perfectly sized for smaller gardens. Clusters of white flowers are fragrant, have a fluffy appearance, and bloom in late spring. Deciduous leaves are glossy green. Unlicensed propagation prohibited. *Photo courtesy of Proven Winners.*

VIBURNUM PLICATUM 'NEWZAM' NEWPORT™

Doublefile Viburnum

Size: 6 x 6'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

Dense, upright, multi-stemmed, deciduous shrub. Creamy white sterile flowers bloom along the branches. Attractive red to burgundy fall color.

VIBURNUM PLICATUM VAR. TOMENTOSUM 'MARIESII'

Doublefile Viburnum

Size: 12 x 15'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

The branches of this viburnum grow in an interesting layered pattern, and are topped in the spring with flattened clusters of pretty white blossoms. Fall color is a very pleasing reddish purple.

VIBURNUM PLICATUM VAR. TOMENTOSUM 'SUMMER SNOWFLAKE'

Doublefile Viburnum

Size: 6 x 6'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

This compact, deciduous shrub has a layered branching habit with clusters of white flowers that bloom along the tops of the branches from April into November. Rich green leaves turn burgundy red in fall. Sets very little fruit.

VIBURNUM TINUS 'SPIRIT'

Viburnum

Size: 7 x 7'
Exposure: Sun-Part shade
USDA Hardiness Zone: 7

This evergreen, compact plant was originally developed for cut flowers. The dark green foliage and red stems create a nice background for the fragrant, striking white flower clusters that begin as deep pink buds. After flowering, metallic, purple-blue berries appear.

VIBURNUM TINUS 'SPRING BOUQUET'

Viburnum

Size: 8 x 8'
Exposure: Sun-Part sun
USDA Hardiness Zone: 7

Small, compact, upright evergreen shrub has dark green foliage. Fragrant, pink-white flowers in spring are followed by dark blue-black fruit.

WEIGELA FLORIDA 'ALEXANDRA'

Weigela

Size: 5 x 5'
Exposure: Full sun
USDA Hardiness Zone: 4

Reddish pink, funnel-shaped flowers cover this deciduous shrub in spring. Foliage is purple, extending the seasonal interest.

WEIGELA FLORIDA 'BOKRASPIWI' SPILLED WINE®

Weigela

Size: 2 x 3'
Exposure: Full sun
USDA Hardiness Zone: 4

Wider than tall, this deciduous shrub works in borders and under windows. In spring, pink flowers and dark purple foliage create a nice color contrast. Unlicensed propagation prohibited.

WEIGELA FLORIDA 'MORCOLZAM' MOR-COLOURFUL™

Weigela

Size: 4 x 5'
Exposure: Full sun
USDA Hardiness Zone: 5

Brighten up the garden with this compact, mounding shrub. Trumpet-shaped flowers are light pink to white, and green foliage has broad, creamy yellow margins. Tolerates urban conditions, drought, and is disease resistant.

WEIGELA FLORIDA 'REDTWBIZAM' RED TWEEDIE BIRD™

Weigela

Size: 3 x 4'
Exposure: Full sun
USDA Hardiness Zone: 4

Red, trumpet-shaped flowers cover long arching branches in spring. Great for attracting hummingbirds and butterflies. Deciduous foliage is medium green.

WEIGELA FLORIDA 'SMNWDFPD' VERY FINE WINE® PPAF

Weigela

Size: 3 x 3'
Exposure: Full sun
USDA Hardiness Zone: 4

An exceptionally hardy plant in a compact size, this deer resistant, deciduous Weigela offers beautiful contrast to your space. Aubergine leaves offer long season color and is blanketed with small pink blooms in Spring. Unlicensed propagation prohibited. *Photo courtesy of Proven Winners.*

WEIGELA FLORIDA MY MONET® 'SUNSET' PP23212

Weigela

Size: 18 x 18"
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

Unlike other weigela, the main attraction of this cultivar is its colorful foliage. Chartreuse leaves are variegated with cream and pink, with orange, red and yellow sunset colors in Fall. Occasionally pink flowers appear in late spring. Unlicensed propagation prohibited.

A close-up photograph of several flowers with vibrant orange and red petals and dark, textured centers. The flowers are in various stages of bloom, with some fully open and others partially closed. The background is a soft, out-of-focus green, suggesting a garden setting. The lighting is natural, highlighting the texture of the petals and the central disk.

Agastache 'Blue Boa'

Agastache 'Morello'

ACHILLEA MILLEFOLIUM 'ACBZ0002' LITTLE MOONSHINE PP28179

Yarrow

Size: 8 x 12"

Exposure: Full sun

USDA Hardiness Zone: 4

A compact variety of yarrow displaying canary yellow blooms from Late Spring to Fall. The small, green to gray foliage grows in a highly dissected form, allowing flowers to remain the focal point. Unlicensed propagation prohibited.

ACHILLEA MILLEFOLIUM 'SASSY SUMMER SANGRIA' PP31355

Yarrow

Size: 36 x 42"

Exposure: Full sun

USDA Hardiness Zone: 3

Taller than other yarrows, this cultivar features dark red flowers with white eyes. The light green foliage is fragrant and textural. Attracts pollinators. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

ACHILLEA MILLEFOLIUM 'MILLY ROCK'™ YELLOW TERRACOTTA PPAF

Yarrow

Size: 12 x 12"

Exposure: Full sun

USDA Hardiness Zone: 4

Known for its compact habit and prolific blooms, Terracotta has beautiful rusty orange blooms from late spring to late summer. Attracts pollinators. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

AGASTACHE 'KUDOS CORAL' PP25613

Anise Hyssop

Size: 16 x 18"

Exposure: Full sun

USDA Hardiness Zone: 5

This long blooming variety boasts bright pink to coral flowers growing in tight spikes. Blooms from Late Spring to Late Fall. Great pollinator and color burst. Good in Pots and borders. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

ACHILLEA MILLEFOLIUM 'BALVINROSE' NEW VINTAGE™ ROSE PP25712

Yarrow

Size: 12 x 28"

Exposure: Full sun

USDA Hardiness Zone: 4

Umbels of tiny, rose-pink flowers are prolific on this spreading Yarrow. Fern-like, green foliage is also fragrant. Attracts pollinators. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

ACHILLEA MILLEFOLIUM 'SASSY SUMMER TAFFY' PP31755

Yarrow

Size: 26 x 26"

Exposure: Full sun

USDA Hardiness Zone: 3

Dark salmon flowers age to light peach-pink. The foliage is fragrant and deep green. Attracts pollinators. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

ACHILLEA X 'MOONSHINE'

Yarrow

Size: 1 x 1'

Exposure: Full sun

USDA Hardiness Zone: 4

A compact hybrid noted for its fern-like, fragrant foliage and bright yellow flowers. Best in dry to moderate moisture, well-draining soils in full sun. Tolerates poor soils as long as drainage is good. Deadhead to promote continued blooming. Deer resistant.

AGASTACHE 'MORELLO' PP29527

Anise Hyssop

Size: 22 x 24"

Exposure: Full sun

USDA Hardiness Zone: 5

A great pollinator species. Agastache 'Morello' displays large, dark burgundy to rose colored flowers with dense inflorescence. Blooms spring through fall. Foliage is a lovely dark green providing a nice contrast to flowers. Upright, clumping habit makes this variety a favorite to landscapers and home gardeners alike. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

ACHILLEA MILLEFOLIUM 'SASSY SUMMER SUNSET' PP31412

Yarrow

Size: 36 x 32"

Exposure: Full sun

USDA Hardiness Zone: 3

Large, dark orange flowers mature to yellow. This taller growing Yarrow will stand out in the landscape for its height. Attracts pollinators. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

ACHILLEA MILLEFOLIUM 'BALVINOLET' NEW VINTAGE™ VIOLET PP25750

Yarrow

Size: 12 x 12"

Exposure: Full sun

USDA Hardiness Zone: 4

A compact yarrow, this cultivar bears violet-red blooms that keep their color well into the summer months. Drought tolerant and attracts pollinators. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

AGASTACHE 'BLUE BOA' PP24050

Anise Hyssop

Size: 1 x 3'

Exposure: Full sun

USDA Hardiness Zone: 5

This vigorous hybrid has an upright growth habit and features beautiful violet-blue flowers. Unlicensed propagation prohibited. *Photo courtesy of Terra Nova Nurseries.*

AGASTACHE 'MANGO TANGO' PP28747

Anise Hyssop

Size: 16 x 14"

Exposure: Full sun

USDA Hardiness Zone: 5

Herbaceous perennial with tall spikes of orange flower clusters rising above mint-scented foliage. Attracts hummingbirds and butterflies. Unlicensed propagation prohibited.

AGASTACHE FIRST LIGHT® 'SUNRISE™ RED'

Anise Hyssop

Size: 24 x 16"

Exposure: Full sun

USDA Hardiness Zone: 6

This cultivar of Agastache boasts the reddest of reds amongst the taller growing varieties. Blooms are prolific from later spring through fall. The medium green, fragrant foliage attracts hummingbirds and bees.

AGASTACHE 'ROSIE POSIE' PP25857

Anise Hyssop

Size: 2 x 3'

Exposure: Full sun

USDA Hardiness Zone: 6

Densely compact, clump of aromatic green foliage is blanketed in hot pink flowers with Magenta calyx. This long blooming Agastache will provide color for months. Attracts Hummingbirds. Deer and rabbit resistant. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Co.*

ALCEA ROSEA 'CHATER'S DOUBLE MIX'

Hollyhock

Size: 7 x 24"

Exposure: Full sun

USDA Hardiness Zone: 2

This hollyhock cultivar features fluffy, double flowers on tall spikes, blooming in mid-summer. Will self sow for years to come! Attracts butterflies and hummingbirds.

ALYSSUM WULFENIANUM 'GOLDEN SPRING' PP25710

Sweet Alyssum

Size: 6 x 14"

Exposure: Full sun

USDA Hardiness Zone: 4

The first cultivar of the species, this spring bloomer has larger, brighter yellow flowers. The gray-green foliage forms a low mound and is evergreen in mild winter regions. Attractive to bees and butterflies. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

AQUILEGIA X HYBRIDA 'PAS1258487' EARLYBIRD™ PURPLE BLUE

Columbine

Size: 2 x 2'

Exposure: Full sun

USDA Hardiness Zone: 3

An early flowering Columbine with deep purple flowers with blue centers. Makes a great cut flower, lasting up to 2 weeks in a vase. *Photo courtesy of Mark Wichalm & Ball Horticultural Co.*

AQUILEGIA X HYBRIDA 'NIGHTINGALE' SONGBIRD

Columbine

Size: 18 x 16"

Exposure: Part sun-Part shade

USDA Hardiness Zone: 3

Purple buds open to showy purple and white flowers with yellow stamens. This perennial blooms from late spring to early summer. *Photo courtesy of Ball Horticultural Company.*

ARMERIA PSEUDARMERIA 'DAYDREAM' DREAMERIA® PP29381

Sea Thrift

Size: 10 x 12"

Exposure: Full sun

USDA Hardiness Zone: 5

Large flowers form a globe on tall stems above tiny, mounded foliage. Its salt and heat tolerance make it a great selection for coastal areas. Attracts pollinators and makes a great cut flower. Unlicensed propagation prohibited.

ARMERIA PSEUDARMERIA 'DREAM CLOUDS' DREAMERIA® PP33597

Sea Thrift

Size: 10 x 12"

Exposure: Full sun

USDA Hardiness Zone: 5

White pom-pom flowers appear on stems above tiny, mounding foliage. Blooms appear in early spring and last through to the first frost of fall. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

ARMERIA PSEUDARMERIA 'DREAM WEAVER' DREAMERIA® PP30600

Sea Thrift

Size: 12 x 12"

Exposure: Full sun

USDA Hardiness Zone: 6

Deep pink flowers are clustered into a globe on stems that rise above the mounding foliage. Blooms last from early spring through fall. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

ARMERIA PSEUDARMERIA 'DREAMLAND' DREAMERIA® PP30601

Sea Thrift

Size: 10 x 12"

Exposure: Full sun

USDA Hardiness Zone: 6

Dark salmon-colored blooms appear on stems above tidy, mounding foliage. Blooms begin early spring and carry through to fall. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

ARTEMISIA GMELINII 'BALFERNLYM' SUNFERN™ OLYMPIA PP33775

Mugwort

Size: 18 x 18"

Exposure: Full sun

USDA Hardiness Zone: 4

With fern-like foliage that will thrive in full sun, this cultivar makes an excellent accent plant in containers or in the landscape. Dark green with red stems. Drought tolerant, winter hardy and non invasive. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

ARTEMISIA SCHMIDTIANA 'SILVER MOUND'

Mugwort

Size: 10 x 18"
Exposure: Full sun
USDA Hardiness Zone: 5

A compact, mounding, semi-evergreen perennial with fine yet dramatic silver foliage. Tiny yellow flowers appear mid to late summer but not ornamentally significant. A great neutral spacer.

ASTILBE 'DELFT LACE' PP19839

False Goat's Beard

Size: 24 x 24"
Exposure: Part shade-Shade
USDA Hardiness Zone: 4

Apricot pink plumes rise above the lacy blue-green foliage of this shade-loving perennial. Attracts butterflies and hummingbirds. Deer resistant. *Photo courtesy of Ball Horticultural Company.*

ASTILBE CHINENSIS 'MILK AND HONEY'

False Goat's Beard

Size: 12 x 14"
Exposure: Part shade-Shade
USDA Hardiness Zone: 5

The creamy white plumes of this Astilbe fade to light pink as they age. New foliage emerges green marbled with silver, then matures to solid green. *Photo courtesy of Proven Winners.*

ASTILBE X ROSEA 'PEACH BLOSSOM'

False Goat's Beard

Size: 2 x 1.5"
Exposure: Part shade-Shade
USDA Hardiness Zone: 4

This hybrid spring bloomer features mounding foliage in a rich green color with feathery panicles of peach-pink flowers on tall stems. *Photo courtesy of Ball Horticultural Company.*

ASTER NOVAE-ANGLIAE 'PURPLE DOME'

New York Aster

Size: 2 x 3'
Exposure: Full sun
USDA Hardiness Zone: 5

This Herbaceous Perennial boasts profuse royal purple, showy flowers with yellow centers. It has a low, bushy, upright habit and blooms Late Summer to Early Fall.

ASTILBE 'RISE AND SHINE'

False Goat's Beard

Size: 1.5 x 2'
Exposure: Part shade-Shade
USDA Hardiness Zone:

This long lived perennial thrives with consistent watering and rich soil. Hot pink plumes are held up by strong flower stems that do not require staking. Blooms in midsummer. *Photo courtesy of Ball Horticultural Company.*

ASTILBE X ARENSDII 'BRIDAL VEIL'

False Goat's Beard

Size: 1.5 x 3'
Exposure: Part shade-Shade
USDA Hardiness Zone: 4

White plumes of flowers rise above deep green foliage in striking contrast. *Photo courtesy of Walter's Gardens, Inc.*

ASTRANTIA MAJOR 'ROMA'

Great Masterwort

Size: 2 x 2'
Exposure: Part shade
USDA Hardiness Zone: 4

Tiny pink flowers burst forth from a ruffle of papery creamy white and pink bracts like pins on a cushion. Blooms are held aloft by long, wiry stems from late spring to early summer.

ASTER NOVI-BELGII ISLAND® 'BAHAMAS'

New York Aster

Size: 2 x 2'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

Dwarf variety of aster displaying an abundance of bright pink to fuchsia flowers. Its compact, mounding habit makes it a great cultivar for borders, containers, and color splashes. Blooms late summer to late fall.

ASTILBE CHINENSIS 'BLACK PEARLS'

False Goat's Beard

Size: 1 x 2'
Exposure: Part shade-Shade
USDA Hardiness Zone: 3

Bright purple flowers appear in dense plumes above dark green, fern-like foliage. Attracts butterflies and hummingbirds. Deer resistant. *Photo courtesy of Ball Horticultural Company.*

ASTILBE X ARENSDII 'FANAL'

False Goat's Beard

Size: 2 x 1'
Exposure: Part shade-Shade
USDA Hardiness Zone: 4

Tall, feathery, deep red blooms arise above mounding bronzy-green foliage. Excellent for adding color to shady areas. *Photo courtesy of Ball Horticultural Company.*

BRUNNERA MACROPHYLLA 'JACK FROST' PP13859

Siberian Bugloss

Size: 1.5 x 1.5"
Exposure: Part shade-Shade
USDA Hardiness Zone: 3

Attractive, silvery-white, heart shaped leaves adorn this Brunnera cultivar. Small, blue flowers with white centers rise in airy racemes in spring. Perfect for shady areas.

Perennials

Brunnera macrophylla 'Queen of Hearts'

Coreopsis verticillata 'Novocorcar' Crème Caramel™

Coreopsis hybrida 'Super Star'

Corydalis flexuosa 'Porcelain Blue' Hillier™

Brunnera macrophylla 'Sterling Silver'

Ceratostigma plumbaginoides

Coreopsis grandiflora 'Presto'

Coreopsis grandiflora 'Sunfire'

Coreopsis verticillata 'Moonbeam'

Coreopsis verticillata 'Zagreb'

Crocosmia x 'Sharona'

Crocosmia x Crocosmiiflora 'Lucifer'

BRUNNERA MACROPHYLLA 'QUEEN OF HEARTS' PP32737

Siberian Bugloss

Size: 1.5 x 3'
Exposure: Part shade-Shade
USDA Hardiness Zone: 3

A stunning Brunnera with silvery, heart shaped leaves with dark green veining. Mid to late spring brings airy racemes of small, forget-me-not like, blue flowers that rise above the foliage. Unlicensed propagation prohibited. *Photo courtesy of Proven Winners.*

BRUNNERA MACROPHYLLA 'STERLING SILVER' PP31280

Siberian Bugloss

Size: 1 x 2'
Exposure: Part shade-Shade
USDA Hardiness Zone: 3

Huge silvery-green leaves will thrive in shade and provide you with blue, forget-me-not like blooms in spring that rise airily above the mounding foliage. Blooms make a nice addition to spring bouquets. Unlicensed propagation prohibited.

CERATOSTIGMA PLUMBAGINOIDES

Plumbago

Size: 12 x 18"
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Mat-forming perennial. Summer expresses green leaves and gentian blue flowers while in fall leaves turn a red-bronze. Blooms late spring through summer. Good groundcover.

COREOPSIS VERTICILLATA 'NOVCORCAR' CRÈME CARAMEL™ PP22565

Tickseed

Size: 24 x 18"
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

COREOPSIS GRANDIFLORA 'PRESTO'

Tickseed

Size: 10 X 12"
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

Compact, mound forming perennial with large, golden-yellow semi-double to double flowers. Blooms early summer to fall. Prune and deadhead regularly to promote continuous blooms.

COREOPSIS GRANDIFLORA 'SUNFIRE'

Tickseed

Size: 18 x 12-18"
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

Medium sized, mounding herbaceous perennial displaying bright yellow, single flowers with maroon centers. Striking garden specimen that flowers throughout summer and fall. Attracts butterflies and makes a great cut flower.

COREOPSIS HYBRIDA 'SUPER STAR' PP30805

Tickseed

Size: 18 x 16"
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

COREOPSIS VERTICILLATA 'MOONBEAM'

Tickseed

Size: 2 x 2'
Exposure: Full sun
USDA Hardiness Zone: 3

Bushy clumps of fine-textured, airy foliage and pale yellow, daisy-like blooms with darker yellow centers are features of this more compact selection. Winner of the 1992 Perennial Plant of the Year award.

COREOPSIS VERTICILLATA 'ZAGREB'

Tickseed

Size: 2 x 2'
Exposure: Full sun
USDA Hardiness Zone: 3

One of the easiest perennials to grow, this variety is a vigorous grower, featuring bright yellow flowers that bloom through summer. Forms an airy clump of fine-textured foliage.

CORYDALIS FLEXUOSA 'PORCELAIN BLUE' HILLIER™ PP31637

Blue Corydalis

Size: 1 x 1'
Exposure: Part shade-Shade
USDA Hardiness Zone: 5

This stunning Corydalis bursts forth with aqua-blue flowers in spring and again in late summer and fall. Blue-green foliage is finely-cut and may bronze in the summer heat, best to keep in filtered sun or part shade. Unlicensed propagation prohibited.

CROCOSMIA X 'SHARONA'

Montbretia

Size: 3.5 x 3.5'
Exposure: Full sun
USDA Hardiness Zone: 5

This deciduous perennial displays striking and unique tubular coral pink flowers. Sword-like leaves and clump forming habit.

CROCOSMIA X CROCOSMIIFLORA 'LUCIFER'

Montbretia

Size: 2-4 x 1-2'
Exposure: Full sun
USDA Hardiness Zone: 5

Funnel shaped, scarlet red flowers bloom along arching, dark bronze stems. Upright, sword shaped foliage. Good cut flower.

Perennials

Delphinium 'Blue Buccaneers'

Delphinium elatum 'Guardian Lavender'

Delphinium grandiflorum 'Blue Mirror'

Dianthus 'Kahori' Pink Beauties Series®

Delphinium 'Breezin' Delgenius™

Delphinium elatum 'Black Eyed Angels'

Dianthus 'Maraschino' Fruit Punch®

DELPHINIUM 'BLUE BUCCANEERS'

Larkspur

Size: 3 x 2'
Exposure: Full sun
USDA Hardiness Zone: 3

A seed selection boasting dark, electric blue flowers on strong stems. The habit is more compact than 'Cobalt Dreams'. *Photo courtesy of Walters Gardens, Inc.*

DELPHINIUM 'BREEZIN' DELGENIUS™

Larkspur

Size: 1.5 x 2'
Exposure: Full sun
USDA Hardiness Zone: 3

Sturdy stems shoot up from a mound of dark green foliage. Very tall spires display purple, double flowers that bloom early summer through fall. Great for attracting butterflies and hummingbirds. Good cut flower. *Photo courtesy of Proven Winners.*

DELPHINIUM ELATUM 'BLACK EYED ANGELS'

Larkspur

Size: 3 x 2'
Exposure: Full sun
USDA Hardiness Zone: 3

A hybrid delphinium selected for its frilly white flowers and contrasting black bees that bloom on strong stems. Also noted for its tolerance of heat and humidity. *Photo courtesy of Ball Horticultural Company.*

DELPHINIUM ELATUM 'GUARDIAN LAVENDER'

Larkspur

Size: 2 x 3'
Exposure: Full sun
USDA Hardiness Zone: 4

Fripped, lavender blooms densely cover strong stems above light green foliage. Makes a great cut flower and stands out in containers or the landscape where height is desired. *Photo courtesy of Ball Horticultural Company.*

DELPHINIUM ELATUM 'MAGIC FOUNTAIN DARK BLUE DARK BEE'

Larkspur

Size: 3 x 2'
Exposure: Full sun
USDA Hardiness Zone: 3

Low mounding foliage bears tall spikes of dramatic, deep blue flowers with dark centers or "bees". Deadheading will encourage reblooming in fall. Makes an excellent cut flower and attracts bees, butterflies and hummingbirds. *Photo courtesy of Ball Horticultural Company.*

DELPHINIUM ELATUM 'PURPLE PASSION'

Larkspur

Size: 5 x 2'
Exposure: Full sun
USDA Hardiness Zone: 3

Intense, deep purple blooms with a white striped bee are very showy! Large, green leaves add contrast and texture even after blooms are done. Attracts pollinators. *Photo courtesy of Ball Horticultural Company.*

DELPHINIUM GRANDIFLORUM 'BLUE MIRROR'

Larkspur

Size: 1.5 x 1.5'
Exposure: Full sun
USDA Hardiness Zone: 3

Sturdy stems shoot up from a mound of dark green foliage. Very tall spires display striking blue-violet flowers that bloom early summer through fall. Great for attracting butterflies and hummingbirds. Good cut flower. Cold hardy.

DELPHINIUM X ELATUM 'PINK PUNCH'

Larkspur

Size: 5 x 2'
Exposure: Full sun
USDA Hardiness Zone: 3

The deepest pink Delphinium with large spikes bearing rich pink, frilled flowers. Bees can be white, brown, or pink striped. May require staking to hold stems upright. Deer and rabbit resistant. *Photo courtesy of Ball Horticultural Company.*

DELPHINIUM X HYBRIDA 'RED LARK' PP29761

Larkspur

Size: 18 x 28"
Exposure: Full sun
USDA Hardiness Zone: 5

Brilliant coral-red flower spikes are very attractive on this new Delphinium. Mounding, lacy-green foliage is an attractive contrast. Attracts pollinators. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

DIANTHUS 'KAHORI' PINK BEAUTIES SERIES® PP21016

Pinks

Size: 6-12 x 12-16"
Exposure: Full sun
USDA Hardiness Zone: 4

An herbaceous perennial with fragrant, rosy-pink flowers. Blooms late spring to early summer. Linear green-gray leaves form a dense mound of grass-like foliage. *Photo courtesy of Ball Horticultural Company.*

DIANTHUS 'MARASCHINO' FRUIT PUNCH® PP27882

Pinks

Size: 12-14 x 12-14"
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

This herbaceous, mounding perennial boasts semi to fully double, bright red, fragrant flowers. Excellent heat and humidity tolerance. Blooms in early summer to early fall. Great for color splashes, borders and containers. Silver-blue spiky foliage. Deer resistant. Attracts bees and butterflies. Unlicensed propagation prohibited. *Photo courtesy of Proven Winners.*

DIANTHUS 'SPIKED PUNCH' FRUIT PUNCH® PP28635

Pinks

Size: 8 x 14"

Exposure: Sun-Part sun
USDA Hardiness Zone: 4

Vibrant pink, double-flowered perennial with deep red-eye and serrated edges. Mounding habit with cool blue/green foliage. Blooms early summer and will rebloom in fall with proper care. Unlicensed propagation prohibited.

DIANTHUS BARBATUS 'NEON DUO' AMAZON™

Pinks

Size: 36 x 12"

Exposure: Full sun
USDA Hardiness Zone: 7

Perfect for cut flowers, 'Neon duo' produces high yields of flashy, fuchsia flowers. With hardy stems that are great for cutting, these flowers will make stunning bouquets and attract pollinators to your garden. *Photo courtesy of Ball Horticultural Company.*

DIANTHUS BARBATUS 'NEON PURPLE' AMAZON™

Pinks

Size: 36 x 12"

Exposure: Full sun
USDA Hardiness Zone: 6

Strong glossy green stems support giant, vibrant purple flowers. With long vase life, these beautiful blooms are perfect for cut flower arrangements. *Photo courtesy of Ball Horticultural Company.*

DIANTHUS BARBATUS 'SWEET™ CORAL'

Pinks

Size: 36 x 12"

Exposure: Full sun
USDA Hardiness Zone: 6

A great selection for cooler climates, this Dianthus is known for its salmon-coral flowers. The fragrant blooms attract butterflies and bees. Both cold and heat tolerant. *Photo courtesy of Ball Horticultural Company.*

DIANTHUS GRATIANOPOLITANUS 'FIREWITCH'

Pinks

Size: 8 x 24"

Exposure: Full sun
USDA Hardiness Zone: 3

Evergreen perennial producing an abundance of small, pink flowers with sharply serrated ruffles. Mounding habit with grass-like blue/silver foliage. Blooms cover entire plant from mid to late spring with sporadic rebloom in summer and fall when pruned. Excellent ground cover or rock garden plant. Drought Tolerant.

DICENTRA SPECTABILIS

Bleeding Heart

Size: 3 x 3'

Exposure: Part shade-Shade
USDA Hardiness Zone: 3

Pink heart-shaped flowers bloom in late spring. Long arching stems create a delicate appearance, with pendant flowers and pinnate green leaves. Plants go dormant in summer, so best mixed with other plants that will fill in as the season progresses.

DICENTRA SPECTABILIS 'ALBA'

Bleeding Heart

Size: 3 x 2'

Exposure: Part shade-Shade
USDA Hardiness Zone: 3

White heart-shaped flowers bloom in late spring. Long arching stems create a delicate appearance, with pendant flowers and pinnate green leaves. Plants go dormant in summer, so best mixed with other plants that will fill in as the season progresses.

DICENTRA SPECTABILIS 'GOLD HEART'

Bleeding Heart

Size: 3 x 2'

Exposure: Part shade-Shade
USDA Hardiness Zone: 3

Pink heart-shaped flowers bloom in late spring. Long arching stems create a delicate appearance, with pendant flowers and pinnate yellow-green leaves. Plants go dormant in summer, so best mixed with other plants that will fill in as the season progresses.

DICENTRA SPECTABILIS 'HORDIVAL' VALENTINE® PP22739

Bleeding Heart

Size: 2.5 x 2.5'

Exposure: Part shade-Shade
USDA Hardiness Zone: 3

Red and white flowers hang from dark arching stems. Fern-like foliage is deep green. Unlicensed propagation prohibited.

DIGIPELIXIS X 'FALCON FIRE'

Tender Foxglove

Size: 36 x 18"

Exposure: Full sun-Part shade

Tender Foxglove

Size: 36 x 18"

Exposure: Full sun-Part shade

USDA Hardiness Zone: 8

A hybrid of Digitalis and Isoplexis, 'Flamingo' is a long-blooming selection boasting tall spikes of rosy pink flowers. The glossy green foliage provides contrast to the blooms. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

DIGIPLEXIS X 'RISING PHOENIX' PP33764

Tender Foxglove

Size: 36 x 18"

Exposure: Full sun-Part shade

USDA Hardiness Zone: 8

A hybrid of Digitalis and Isoplexis, 'Rising Phoenix' offers rich, pink blooms with light peach interiors. The darker of the pinks, it has lovely contrast against the dark green foliage. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

DIGIPLEXIS X 'BERRY CANARY' PP27607

Tender Foxglove

Size: 24 x 24"

Exposure: Full sun-Part shade

USDA Hardiness Zone: 8

A hybrid of Digitalis and Isoplexis, the spikes of hot pink flowers are accentuated by creamy yellow and burgundy speckled throats. The deep green foliage provides excellent contrast. Unlicensed propagation prohibited.

DIGITALIS HYBRIDA 'BALROXROSE' ARCTIC FOX ROSE PP31900

Foxglove

Size: 3.5 x 1.5'

Exposure: Sun-Part sun

USDA Hardiness Zone: 5

Upright, long-blooming true perennial with gorgeous peach to dusty rose, bell-shaped flowers. Digitalis is deer resistant, frost tolerant and attracts bees and butterflies. These delightful flowers stay upright and do not flop like many other varieties. Unlicensed propagation prohibited.

DIGITALIS PURPUREA 'CAMELOT ROSE'

Foxglove

Size: 4 x 2'

Exposure: Sun-Part sun

USDA Hardiness Zone: 4

Upright perennial with massive spires of bright pink to blush rose, bell-shaped flowers, peppered with yellow to burgundy spots. Heat tolerant and multiple bloom cycles from late Spring through Late Summer. Great for edging and containers.

DIGITALIS PURPUREA 'CANDY MOUNTAIN'

Foxglove

Size: 4 x 2'

Exposure: Sun- Part shade

USDA Hardiness Zone: 4

Upward facing flowers are unique to this biennial Digitalis. Large rosettes of green foliage bear spikes of rose-pink blossoms. Deer and rabbit resistant. Attracts pollinators. *Photo courtesy of Walters Gardens, Inc.*

DIGITALIS PURPUREA 'DALMATIAN MIX'

Foxglove

Size: 2 x 2'

Exposure: Sun- Part shade

USDA Hardiness Zone: 5

This mix features a range of flowers that can be white, cream, apricot, or purple. Spires of blossoms rise above contrasting green foliage.

DIGITALIS PURPUREA 'SUGAR PLUM'

Foxglove

Size: 2 x 4'

Exposure: Sun- Part shade

USDA Hardiness Zone: 4

A biennial, this Digitalis bears large rosettes of green foliage and tall spikes of pink flowers with dark purple throats. *Photo courtesy of Walters Gardens, Inc.*

DIGITALIS X VALINII 'TAKFOPLGO' FOXLIGHT™ PLUM GOLD PP26586

Foxglove

Size: 2 x 2'

Exposure: Sun- Part shade

USDA Hardiness Zone: 7

Echinacea x 'Balsomsed' Sombrero® Salsa Red

Echinacea x 'Balscober' Double Scoop™ Orangeberry

Echinacea x Color Coded® 'Orange You Awesome'

Echinacea purpurea 'Green Jewel'

Echinacea purpurea 'Magnus'

ECHINACEA 'CHEYENNE SPIRIT'

Coneflower

Size: 2 x 2.5'

Exposure: Sun-Part sun

USDA Hardiness Zone: 4

An herbaceous perennial with a vivid and delightful mix that includes oranges, bright to deep reds, purples, creams and yellow flowers. Continues to bloom from Summer to Fall when pruned.

ECHINACEA 'PAS702917' POWWOW® WILD BERRY

Coneflower

Size: 16 x 20"

Exposure: Sun-Part sun

USDA Hardiness Zone: 3

This herbaceous perennial boasts prolific and showy deep pink to magenta flowers up to 3-4" wide. Compact habit with sturdy, well-branched stems. Blooms late spring to late summer with sporadic blooms until first frost. *Photo courtesy of Ball Horticultural Company.*

ECHINACEA X 'BALSCBLUM' DOUBLE SCOOP™ BUBBLE GUM PP23103

Coneflower

Size: 24 x 36"

Exposure: Sun-Part sun

USDA Hardiness Zone: 4

Prolific double blooms are pure pink. Green foliage provides a contrast to the flowers. Attracts pollinators. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

ECHINACEA X 'BALSCOBERR' DOUBLE SCOOP™ ORANGEBERRY PP23145

Coneflower

Size: 26 x 22"

Exposure: Sun-Part sun

USDA Hardiness Zone: 4

Orange-red, double blooms retain their color all season. Drought tolerance makes this a great selection for many gardens. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

ECHINACEA X 'BALSOMEMY' SOMBRERO® LEMON YELLOW PP24768

Coneflower

Size: 22 x 24"

Exposure: Sun-Part sun

USDA Hardiness Zone: 4

Bright yellow flowers bloom through summer. Foliage is dark green, forming an upright clump. Drought tolerant. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

ECHINACEA X 'BALSOMSED' SOMBRERO® SALSA RED PP23105

Coneflower

Size: 22 x 22"

Exposure: Sun-Part sun

USDA Hardiness Zone: 4

Orange-red flowers bloom through the summer on sturdy stems. Foliage is dark green, forming an upright clump. Drought tolerant. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

ECHINACEA X COLOR CODED® 'ORANGE YOU AWESOME' PP32105

Coneflower

Size: 22 x 20"

Exposure: Sun-Part sun

USDA Hardiness Zone: 4

Large orange flowers with a hint of red bloom on stems above dark green foliage. The colorful blooms give the late summer garden a splash of color. Seedheads attract winter birds. Drought tolerant. Unlicensed propagation prohibited. *Photo courtesy of Proven Winners.*

ECHINACEA X HYBRIDA 'BALSOMOLD' SOMBRERO® GRANADA GOLD PP30115

Coneflower

Size: 22 x 24"

Exposure: Sun-Part sun

USDA Hardiness Zone: 4

Golden yellow flowers bloom through the summer. Dark green foliage on branching stems makes the perfect background. Drought tolerant. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

ECHINACEA PURPUREA 'GREEN JEWEL'

Coneflower

Size: 2 x 1.5'

Exposure: Sun-Part sun

USDA Hardiness Zone: 3

"Green Jewel" features unique jade green, fragrant flowers. Blooms can reach an impressive 5' across. Blooms from mid to late summer.

ECHINACEA PURPUREA 'HOT PAPAYA' PP21022

Coneflower

Size: 3 x 2.5'

Exposure: Sun-Part sun

USDA Hardiness Zone: 4

Reddish orange flowers bloom on stems above green foliage. The showy, pom-pom flowers bring a splash of color to the late summer garden. Drought tolerant. Unlicensed propagation prohibited.

ECHINACEA PURPUREA 'MAGNUS'

Coneflower

Size: 3 x 1.5'

Exposure: Sun-Part sun

USDA Hardiness Zone: 3

This echinacea variety has broad, non-drooping petals with rosy purple petals and a dark center cone. Will bloom throughout summer atop sturdy stems and dark-green leaves. Excellent cut or dried flowers. Birds will visit the spent flowers and feed on the seeds.

Perennials

Echinacea purpurea 'PowWow White'

Gaillardia aristata 'Arizona Apricot'

Gaillardia x grandiflora 'Mesa™ Red'

Gaillardia x grandiflora 'Mesa Yellow'

Echinacea x purpurea 'Balscanery' Double Scoop™

Gaillardia aristata 'Spintop™ Orange Halo'

Gaillardia x grandiflora 'Arizona Sun'

Gaillardia x grandiflora 'Goblin'

Geranium x 'Rozanne'

Geranium x cantabrigiense 'Karmina'

ECHINACEA PURPUREA 'POWWOW WHITE'

Coneflower

Size: 1-2 x 1-2'
Exposure: Sun-Part sun
USDA Hardiness Zone: 3

This floriferous, herbaceous perennial puts on a great display of large, pure white flowers with golden-yellow cones. Flowers can reach up to 4 inches wide. Blooms start Spring and continue through Late Summer. Compact habit, sturdy, branching stems. Attracts birds, bees and hummingbirds.

ECHINACEA X PURPUREA 'BALSCANERY' DOUBLE SCOOP™ CRANBERRY PP24769

Coneflower

Size: 21 x 25"
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

Cranberry-colored double blooms are prolific on the compact Echinacea. Blooms for many months and makes a great cut flower. Attracts pollinators. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

GAILLARDIA ARISTATA 'ARIZONA APRICOT'

Blanket Flower

Size: 1 x 1'
Exposure: Full sun
USDA Hardiness Zone: 3

A compact, bushy and colorful, free-flowering perennial with gorgeous, two-toned apricot to dark orange petals. Flowers are up to 3.5 inches across. Their large globe shaped seed heads are nectar rich and attract butterflies. Drought, Heat, Deer, Rabbit, Dry Soil and Salt tolerant. Long flowering time begins in Early Summer through late fall.

GAILLARDIA ARISTATA 'SPINTOP™ ORANGE HALO'

Blanket Flower

Size: 8-15 x 8-15"
Exposure: Full sun
USDA Hardiness Zone: 5

A compact, bushy and colorful, free-flowering perennial with gorgeous, tri-toned petals from burgundy to deep orange with yellow tips. Flowers are up to 3.5 inches across. Their large globe shaped seed heads are nectar rich and attract butterflies. Drought, Heat, Deer, Rabbit, Dry Soil and Salt tolerant. Long flowering time begins in Early Summer through late fall. Mounded upright habit makes for a great borders, containers and mass planting.

GAILLARDIA X GRANDIFLORA 'PAS933516' MESA™ RED

Blanket Flower

Size: 1-2 x 1-2'
Exposure: Full sun
USDA Hardiness Zone: 5

This upright herbaceous perennial has a beautiful, well-branched habit, and boasts large, intense dark red, daisy-like flowers. These prolific, flower-producing varieties are great for pollinator and meadow gardens as well as border and container gardening. *Photo courtesy of Ball Horticultural Co.*

GAILLARDIA X GRANDIFLORA 'ARIZONA SUN'

Blanket Flower

Size: 8-14 x 10-14"
Exposure: Full sun
USDA Hardiness Zone: 3

A floriferous, herbaceous perennial producing brilliant red petals that turn to golden-yellow at the tips resembling the Arizona Sun. Great in beds, borders containers and mass planting. Deer, Drought, Rabbit, Dry Soil, and Salt tolerant. Blooms from Summer to Late Fall. Attracts butterflies and other pollinators.

GAILLARDIA X GRANDIFLORA 'GOBLIN'

Blanket Flower

Size: 12 x 18"
Exposure: Full sun
USDA Hardiness Zone: 3

Stunning red and bright gold blooms above compact foliage mounds adorn this heat-loving perennial from summer through fall.

GAILLARDIA X GRANDIFLORA 'PAS888653' MESA™ YELLOW

Blanket Flower

Size: 1-2 x 1-2'
Exposure: Full sun
USDA Hardiness Zone: 5

A prolific producer of sunshine yellow flowers that can get up to 3.5' wide. Attractive globe-shaped seed heads offer a secondary point of interest. Blooms early to late summer and is a great pollinator variety. Uniform, upright, well branched habit. Drought and heat tolerant.

GERANIUM X 'ROZANNE'

Cranesbill

Size: 36 x 18"
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Violet-blue flowers with white eyes and reddish-purple veining abound above deep green foliage.

GERANIUM X CANTABRIGIENSE 'KARMINA'

Cranesbill

Size: 12 x 12"
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Carmine red flowers appear above masses of low-spreading green foliage that quickly carpet the ground. *Photo courtesy of Ball Horticultural Company.*

Perennials

Geranium x cantabrigiense 'St Ola'

Helenium autumnale 'Salsa' Mariachi™

Helleborus x 'ABCRD02' FrostKiss® Anna's Red

Helleborus x 'RD09' FrostKiss® Pippa's Purple

Geranium x psilostemon 'Patricia'

Helenium autumnale 'Sombbrero' Mariachi™

Helleborus 'Charmer' Winter Angels™

Helleborus x 'EPB 25' FrostKiss® Glenda's Gloss

Heuchera 'Electric Plum'

Heuchera 'Lava Lamp'

GERANIUM X CANTABRIGIENSE 'ST OLA'

Cranesbill

Size: 24 x 15"

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Pure white flowers with a small pink center blush adorn this spreading green foliage of this hardy Geranium. *Photo courtesy of Ball Horticultural Company.*

GERANIUM X PSILOSTEMON 'PATRICIA'

Cranesbill

Size: 38 x 30"

Exposure: Sun-Part shade
USDA Hardiness Zone: 4

One of the taller Geranium hybrids, 'Patricia' bears bright magenta flowers with black centers. Makes an excellent border plant.

HELENIUM AUTUMNALE 'FUEGO' MARIACHI™ PP25977

Sneezeweed

Size: 19 x 24"

Exposure: Sun-Part sun
USDA Hardiness Zone: 3

In late summer, deep green foliage is painted with fiery red, orange, and yellow bicolor blooms. A compact variety reaching only 18 to 24 inches in height. *Photo courtesy of Ball Horticultural Company*

HELENIUM AUTUMNALE 'SALSA' MARIACHI™ PP25978

Sneezeweed

Size: 20 x 24"

Exposure: Sun-Part sun
USDA Hardiness Zone: 3

A compact but showy plant, displaying bold orange to deep red sienna blooms throughout late summer and into fall.

HELENIUM AUTUMNALE 'SOMBRERO' MARIACHI™ PP25968

Sneezeweed

Size: 20 x 24"

Exposure: Full sun
USDA Hardiness Zone: 3

Blooming with gusto throughout late summer into fall, this compact variety features cheerful bright yellow blooms

HELEBORUS 'CHARMER' WINTER ANGELS™

Lenten Rose

Size: 1 x 2'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Single flowers with cherry-red pink petals and creamy yellow stamens. Very sturdy and compact habit.

HELEBORUS X 'ABCRD02' FROSTKISS® ANNA'S RED PP24720

Lenten Rose

Size: 9 x 24"

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Purplish red flowers bloom in late winter, maturing to burgundy red. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

HELEBORUS X 'EPB 25' FROSTKISS® GLENDA'S GLOSS PP28008

Lenten Rose

Size: 2 x 2'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

This evergreen perennial has green foliage with light veins. In winter or early spring, white flowers edged in violet bloom on upright stems. Unlicensed propagation prohibited.

HEUCHERA 'ELECTRIC PLUM' PP29924

Coral Bells

Size: 10 x 18"

Exposure: Sun-Shade
USDA Hardiness Zone: 4

New foliage is almost black, becoming vivid purple with black veins. Small pink flowers are borne on 18" tall dark stems above the foliage. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

HELEBORUS X 'RD09' FROSTKISS® PIPPA'S PURPLE PP27121

Lenten Rose

Size: 1 x 2'

Exposure: Sun-Part shade
USDA Hardiness Zone: 5

The stunning silver-veined foliage with violet purple flowers. Unlicensed propagation prohibited.

HEUCHERA 'LAVA LAMP' PP26761

Coral Bells

Size: 16 x 28"

Exposure: Sun-Shade
USDA Hardiness Zone: 4

New foliage is coppery orange, expanding to large coppery purple leaves with purple undersides. Small creamy flowers bloom on tall stems in early summer. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

Perennials

Heuchera x 'Black Pearl' Primo®

Heuchera x 'Georgia Peach'

HEUCHERA X 'BLACK PEARL' PRIMO® PP29395

Coral Bells

Size: 1 x 2'

Exposure: Part sun-Shade

USDA Hardiness Zone:

Stunning black foliage in sun or shade! Dense growth habit with ruffled leaves and purple undersides. White flowers rise above on tall spikes. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

HEUCHERA X 'CARAMEL' PP16560

Coral Bells

Size: 1 x 1.5'

Exposure: Part sun-Shade

USDA Hardiness Zone: 4

Golden new growth turns a peachy shade as it matures. Evergreen. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

HEUCHERA X 'FIRE ALARM' PP24525

Coral Bells

Size: 1 x 1'

Exposure: Part sun-Shade

USDA Hardiness Zone: 4

Featuring fiery colored foliage in early spring and fall and pink spikes of bell-shaped flowers on red stems in summer. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

HEUCHERA X 'GEORGIA PEACH' PP19375

Coral Bells

Size: 1 x 2'

Exposure: Shade-Part sun

USDA Hardiness Zone: 4

A vigorous, clump-forming Heuchera with ever-changing foliage. Leaves emerge peach-orange with contrasting, dark veins and mature to deeper rose tones in the summer. By fall, the foliage darkens to rose-purple. Creamy white flowers appear on spires in summer that rise above the foliage. Unlicensed propagation prohibited. *Photo courtesy of Terra Nova Nursery.*

HEUCHERA X 'LEMON LOVE' PP31223

Coral Bells

Size: 1 x 3'

Exposure: Part shade-Shade

USDA Hardiness Zone: 4

A chartreuse Heuchera that won't burn! Color will be a darker lime green in deeper shade. Gently ruffled leaves and a vigorous growth habit. Creamy-rose flowers are produced in early summer. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

HEUCHERA X 'LIME MARMALADE' PP21861

Coral Bells

Size: 1 x 2'

Exposure: Part shade-Shade

USDA Hardiness Zone: 4

Vibrant, ruffled, lime-colored foliage makes a great accent plant in mixed gardens or as a mass planting. Also makes an excellent container plant. Small, white flowers emerge on stalks above the foliage in spring. Unlicensed propagation prohibited.

HEUCHERA X 'MAHOGANY MONSTER' PRIMO® PP31395

Coral Bells

Size: 2 x 3'

Exposure: Sun-Shade

USDA Hardiness Zone: 4

Huge, glossy, mahogany red, ruffled leaves in a large mounding form. Thick burgundy stems sport light pink buds with cream colored flowers. Consistent color throughout the season with older leaves taking on a coppery hue as they mature. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

HEUCHERA X 'MARMALADE' PP15945

Coral Bells

Size: 1 x 1.5'

Exposure: Sun- Part shade

USDA Hardiness Zone: 4

Russet to amber hued foliage with hot pink undersides. A hardy and vigorous grower. Unlicensed propagation prohibited.

HEUCHERA X 'OBSIDIAN' PP14836

Coral Bells

Size: 1 x 1'

Exposure: Sun-Shade

USDA Hardiness Zone: 4

With its compact mounding form and purple-black, shiny leaves, and dainty white flowers, this Heuchera adds drama to any landscape. Evergreen. Unlicensed propagation prohibited. *Photo courtesy of Terra Nova Nursery.*

HEUCHERA X 'PEACHBERRY ICE' PRIMO® PP31433

Coral Bells

Size: 1 x 3'

Exposure: Sun-Shade

USDA Hardiness Zone: 4

Large, apricot-orange leaves with pronounced ruffling and bright pink undersides. Color is most vivid in spring as new growth emerges. Burgundy stems hold dainty, cream colored flowers. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

Hosta 'Abiqua Drinking Gourd'

Hosta 'August Moon'

HEUCHERA X 'PINK PANTHER' PP31224

Coral Bells

Size: 1 X 2'

Exposure: Sun-Shade

USDA Hardiness Zone: 4

Semi-glossy leaves emerge in a metallic pink in spring, becoming a darker berry pink as they age. Plant in shade or filtered sun to protect color and ensure the best hue. Light pink flowers form on dark stems in midsummer. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

HEUCHERA X 'RED LIGHTNING' PP27767

Coral Bells

Size: 1 x 1.5'

Exposure: Part shade-Shade

USDA Hardiness Zone: 4

Large gold leaves feature dark red veins throughout the season. The vibrant color is eye-catching and stands out in the garden. Unlicensed propagation prohibited.

HEUCHERA X 'SOUTHERN COMFORT' PP20364

Coral Bells

Size: 1 x 2'

Exposure: Sun- Part shade

USDA Hardiness Zone: 4

This vigorous Heuchera sports huge, bronzy-peach colored leaves that change in color to a coppery hue then an amber hue as the seasons pass. White flowers spike in late summer. Unlicensed propagation prohibited.

HEUCHERA X 'SPEARMINT' DOLCE® PP31281

Coral Bells

Size: 1 x 2.5'

Exposure: Sun-Shade

USDA Hardiness Zone: 4

Silvery-green leaves with a dark green veining. Bicolor flowers, with dark pink tips and light pink bases, bloom early to midsummer. Unlicensed propagation prohibited.

HEUCHERA X 'TIMELESS GLOW' PP31677

Coral Bells

Size: 1 x 1.5'

Exposure: Sun-Shade

USDA Hardiness Zone: 4

Chartreuse-yellow foliage with a silvery sheen that matures to lime green. Color is best in part sun, becoming more green in shade. Pink flower on tall spikes contrast beautifully with the light foliage. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

HEUCHERA X 'TNHEUFF' FOREVER® PURPLE PP26358

Coral Bells

Size: 1 x 2'

Exposure: Shade-Part sun

USDA Hardiness Zone: 4

Vibrant purple, glossy leaves with fluted edges adorn this vigorous Heuchera cultivar. Short spikes of purple-pink blooms pop up in summer. Unlicensed propagation prohibited.

HEUCHERA X 'TNHEUFF' FOREVER® RED PP29644

Coral Bells

Size: 14 x 14"

Exposure: Shade-Part sun

USDA Hardiness Zone: 4

Vigorous grower with bright red, ruffled edges. 14" white flower spikes rise above in summer, creating a nice contrast with the red foliage. Unlicensed propagation prohibited.

HEUCHERA X 'TOFFEE TART' PP33694

Coral Bells

Size: 1 x 1.5'

Exposure: Sun-Shade

USDA Hardiness Zone: 4

Differing shades of ginger-caramel throughout the season, with newer leaves emerging in a silvery amber hue. Leaves mature in summer to green. Creamy white flowers adorn burgundy stems. Best in filtered sun, part shade to protect light colored leaves. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

HEUCHERA X 'WILD ROSE' PRIMO® PP29923

Coral Bells

Size: 1 x 2'

Exposure: Shade-Part sun

USDA Hardiness Zone: 4

Large, bright, rose-purple leaves with dark gray veins and dark burgundy flower spikes with matching dark buds that open to reveal light pink flowers. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

HOSTA 'ABIQUA DRINKING GOURD'

Plantain Lily

Size: 2 x 4'

Exposure: Sun-Part shade

USDA Hardiness Zone: 3

Rounded, cupped leaves are blue-green, and quite large. They also have a waxy bloom and heavy texturing. White flowers bloom in summer, and are held above the leaves. Slug resistant. *Photo courtesy of Walters Gardens, Inc.*

HOSTA 'AUGUST MOON'

Plantain Lily

Size: 18 x 36"

Exposure: Sun-Part shade

USDA Hardiness Zone: 3

Textured, heart shaped, chartreuse leaves turn to softer yellow as 'August Moon' ages, finally changing to a dramatic gold. Large spikes of pale lavender flowers contrast the yellow foliage.

Perennials

Hosta 'Blue Mouse Ears'

Hosta 'Dancing Queen'

Hosta 'Fire and Ice'

Hosta 'Guacamole'

Hosta 'Coast to Coast'

Hosta 'Curly Fries'

Hosta 'Diamond Lake'

Hosta 'Earth Angel'

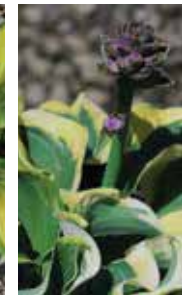

Hosta 'Fragrant Blue'

Hosta 'Great Expectations'

Hosta 'Island Breeze'

Hosta 'Mini Skirt'

HOSTA 'BLUE MOUSE EARS'

Plantain Lily

Size: 7 x 12'

Exposure: Sun-Part shade

USDA Hardiness Zone: 3

Small, rounded leaves give this hardy, clump-forming hosta its name. Short stalks of lavender flowers stand above blue-green to gray-green foliage.

HOSTA 'COAST TO COAST' PP26469

Plantain Lily

Size: 2.5 x 3'

Exposure: Part shade-Shade

USDA Hardiness Zone: 3

New growth emerges chartreuse and matures to a light gold with more sun. The upright vase-like habit shows off the wavy edges of its thick, textured leaves. Unlicensed propagation prohibited.

HOSTA 'CURLY FRIES'

Plantain Lily

Size: 6 x 16"

Exposure: Part shade-Shade

USDA Hardiness Zone: 3

Unusually narrow, wavy-edged leaves are the distinguishing feature of this small perennial. Foliage is chartreuse to green, best with morning sun. Lavender flowers bloom in summer.

HOSTA 'DANCING QUEEN'

Plantain Lily

Size: 1.5 x 3'

Exposure: Part shade-Shade

USDA Hardiness Zone: 3

Large yellow leaves have a rippled edge. The yellow color lasts all season, unless grown in too much shade, in which case the leaves to turn yellow-green. Pale lavender flowers emerge in midsummer, on 2' scapes.

HOSTA 'DIAMOND LAKE' PP30769

Plantain Lily

Size: 1.5 x 3.5'

Exposure: Part shade-Shade

USDA Hardiness Zone: 3

A low and wide hosta featuring thick and heavily corrugated blue leaves. Unlicensed propagation prohibited.

HOSTA 'EARTH ANGEL'

Plantain Lily

Size: 3 x 3'

Exposure: Part shade-Shade

USDA Hardiness Zone: 3

Thick, textured, heart-shaped leaves are blue-gray with creamy yellow margins. In summer, the margins become more white and pale lavender flowers bloom on 30" tall scapes. Slug and rabbit resistant.

HOSTA 'FIRE AND ICE'

Plantain Lily

Size: 16 x 32"

Exposure: Part shade-Shade

USDA Hardiness Zone: 3

Twisted leaves and variegation give this herbaceous perennial an interesting wavy look. Foliage has white centers and irregular dark green margins. Pale lavender flowers bloom in summer.

HOSTA 'FRAGRANT BLUE'

Plantain Lily

Size: 1.5 x 3'

Exposure: Part shade-Shade

USDA Hardiness Zone: 3

Heart-shaped, blue-green foliage is produced throughout the season, keeping this plant fresh looking. Plants in more sun will develop more green color. Pale lavender-blue flowers bloom in summer. *Photo courtesy of Ball Horticultural Company.*

HOSTA 'GREAT EXPECTATIONS'

Plantain Lily

Size: 2 x 3'

Exposure: Part shade-Shade

USDA Hardiness Zone: 3

Large leaves have gold centers which turn creamy white. Wide blue-green margins provide a nice contrast. White flower spikes rise above the foliage mound in summer.

HOSTA 'GUACAMOLE'

Plantain Lily

Size: 1.5 x 3'

Exposure: Part shade-Shade

USDA Hardiness Zone: 3

A large leaved hosta with large, fragrant, white flowers. Foliage is rich green with chartreuse centers.

HOSTA 'ISLAND BREEZE' PP27151

Plantain Lily

Size: 1 x 1.5'

Exposure: Part shade-Shade

USDA Hardiness Zone: 3

A sport of 'Paradise Island' Hosta, 'Island Breeze' has wider green margins thicker, yellow leaves on red stems. Unlicensed propagation prohibited.

HOSTA 'MINI SKIRT' PP26743

Plantain Lily

Size: 5 x 12"

Exposure: Part shade-Shade

USDA Hardiness Zone: 3

Creamy yellow margins and dark green centers with feathering intermediate colors are characteristic of this hosta. Growth habit is compact and rounded. Flowers appear just above the foliage in pale lavender. Unlicensed propagation prohibited.

Perennials

Hosta 'Munchkin Fire'

Lavandula angustifolia 'Ellagance Purple'

HOSTA 'MUNCHKIN FIRE'

Plantain Lily

Size: 7 x 16"

Exposure: Part shade-Shade
USDA Hardiness Zone: 3

This vigorous miniature yellow hosta has small, narrow leaves that maintain their vivid yellow color throughout the season. Lavender flowers appear in midsummer.

HOSTA 'PATRIOT'

Plantain Lily

Size: 2 x 3'

Exposure: Part shade-Shade
USDA Hardiness Zone: 3

A lovely selection with dark green leaves that have wide white edges. Lavender flowers bloom in summer.

HOSTA 'STAINED GLASS'

Plantain Lily

Size: 15 x 32"

Exposure: Part shade-Shade
USDA Hardiness Zone: 3

Large textured leaves are bright gold with irregular dark green margins. Heavy veins create a "stained glass" look. Pale lavender flowers are fragrant, blooming in late summer.

HOSTA 'SUN MOUSE' PP30033

Plantain Lily

Size: 6 x 12"

Exposure: Part shade-Shade
USDA Hardiness Zone: 3

Vigorous and compact, this mini hosta features slightly wavy, thick leaves that maintain their golden color all season. Bell shaped, dark lavender flowers appear just above the foliage in midsummer. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

HOSTA 'TEARS IN HEAVEN' PP33297

Plantain Lily

Size: 1.5 x 1.5"

Exposure: Part shade-Shade
USDA Hardiness Zone: 3

Uniquely blue toned, ruffled leaves beautifully cascade from this upright hosta. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

HOSTA 'WIGGLES AND SQUIGGLES'

Plantain Lily

Size: 1 x 2'

Exposure: Part shade-Shade
USDA Hardiness Zone: 3

A miniature hosta with bright yellow, narrow, wavy foliage for dramatic effect with a small footprint.

IBERIS GIBRALTARICA 'CHILL'™ LAVENDER'

Evergreen Candytuft

Size: 5 x 15"

Exposure: Full sun
USDA Hardiness Zone: 4

Compact growth habit with deep lavender flowers that bloom from late spring through summer.

IBERIS SEMPERVIRENS 'ALEXANDER'S WHITE'

Evergreen Candytuft

Size: 1 x 3'

Exposure: Full sun
USDA Hardiness Zone: 3

Evergreen, clumping foliage forms a blanket of white blooms in spring that last several weeks. This cultivar is known for its profuse flowering and its consistent, dense growth habit. Attracts butterflies. *Photo courtesy of Walters Gardens, Inc.*

IBERIS SEMPERVIRENS 'SNOWSATION' PP29637

Evergreen Candytuft

Size: 8 x 12"

Exposure: Full sun
USDA Hardiness Zone: 4

Large, crisp white flowers appear midseason on this evergreen, matt forming perennial. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

IBERIS SEMPERVIRENS 'SNOWFLAKE'

Evergreen Candytuft

Size: 1 x 3'

Exposure: Full sun
USDA Hardiness Zone: 3

Evergreen, clumping foliage forms a blanket of white blooms in spring that last several weeks. This cultivar is known for its profuse flowering and its consistent, dense growth habit. Attracts butterflies.

LAVANDULA ANGUSTIFOLIA 'ELLAGANCE PURPLE'

English Lavender

Size: 14 x 10"

Exposure: Full sun
USDA Hardiness Zone: 5

Fragrant, sage green foliage contrast spikes of deep purple flowers. With a particularly uniform growth habit, this lavender is great for low border hedges. Prune flower stalks to encourage blooms all summer long.

Leucanthemum x superbum 'Banana Cream' Amazing Daisies®

Leucanthemum x superbum 'Sante'

Leucanthemum x superbum 'Marshmallow' Amazing Daisies®

LAVANDULA ANGUSTIFOLIA 'HIDCOTE'

English Lavender

Size: 3 x 3'
Exposure: Full sun
USDA Hardiness Zone: 5

Fragrant, evergreen shrub provides deep purple flower spikes that rise above gray-green mounding foliage. Excellent for fresh or dried flower arrangements. *Photo courtesy of Walters Gardens, Inc.*

LAVANDULA PINNATA

Fernleaf Lavender

Size: 24 x 15"
Exposure: Full sun
USDA Hardiness Zone: 9

The unique leaf structure of this lavender variety gives it its name. Fragrant purple flowers and gray-green, lacy leaves attract butterflies and make excellent cut flowers. Blooms year round in mild climates.

LAVANDULA X INTERMEDIA 'NIKO' PHENOMENAL PP24193

Lavender

Size: 3 x 3'
Exposure: Full sun
USDA Hardiness Zone: 5

An early bloomer, long flowering stems support 5" spikes of fragrant violet-blue blooms, which may repeat in late summer to fall. Deer, rabbit, and drought resistant. Attracts pollinators. Unlicensed propagation prohibited. *Photo courtesy of Lloyd Traven.*

LEUCANTHEMUM X SUPERBUM 'BECKY'

Shasta Daisy

Size: 42 x 24"
Exposure: Full sun
USDA Hardiness Zone: 5

This hardy cultivar can withstand hot, humid summers and cold winters. A prolific producer of large 3" single, white blooms atop sturdy stems in early summer, continuing to bloom for several months.

LAVANDULA ANGUSTIFOLIA 'MUNSTEAD'

English Lavender

Size: 18 x 18"
Exposure: Full sun
USDA Hardiness Zone: 5

Compact, evergreen shrub with fragrant gray-green foliage and lavender colored flower spikes. Excellent for fresh or dried flower arrangements, sachets and oils.

LAVANDULA STOECHAS 'LABZ0004' JAVELIN FORTE™ DEEP PURPLE PP27493

French Lavender

Size: 20 x 18"
Exposure: Full sun
USDA Hardiness Zone: 7

An early flowering variety with large blooms and deep purple bracts. Lustrous gray-green foliage. Heat, cold and drought tolerant. Evergreen. Unlicensed propagation prohibited.

LAVANDULA X INTERMEDIA 'PROVENCE'

Lavender

Size: 3 x 3.5'
Exposure: Full sun
USDA Hardiness Zone: 5

Strong fragrance makes this an excellent lavender for drying. Large flower spikes with pale lavender flower bloom from mid to late summer, inviting pollinators to your garden. Drought, deer, and rabbit resistant.

LEUCANTHEMUM X SUPERBUM 'SANTE' PP19829

Shasta Daisy

Size: 26 x 20"
Exposure: Full sun
USDA Hardiness Zone: 4

This hardy variety sports double, crisp white flowers in summer on sturdy stems. Blooms from late spring through summer. *Photo courtesy of Ball Horticultural Company.*

LAVANDULA ANGUSTIFOLIA 'SUPERBLUE' PP24929

English Lavender

Size: 12 x 12"
Exposure: Full sun
USDA Hardiness Zone: 4

A compact and fragrant lavender with tight, blue-purple blooms from early to late summer. This tough, 12" tall lavender attracts pollinators and is great for containers and edging. Unlicensed propagation prohibited.

LAVANDULA X INTERMEDIA 'GROSSO'

Lavender

Size: 2.5 x 3'
Exposure: Full sun
USDA Hardiness Zone: 5

This particularly fragrant lavender features showy flower stalks of deep indigo blooms that attract pollinators. Drought, deer, and rabbit resistant. *Photo courtesy of Walters Gardens, Inc.*

LEUCANTHEMUM X SUPERBUM 'BANANA CREAM' AMAZING DAISIES® PP23181

Shasta Daisy

Size: 18-24" x 18-24"
Exposure: Full sun
USDA Hardiness Zone: 5

Huge 5" lemon yellow flowers mature to a bright creamy white. A prolific bloomer, enjoy flowers all summer long. Deer resistant. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

LEUCANTHEMUM X SUPERBUM 'MARSHMALLOW' AMAZING DAISIES® PP33878

Shasta Daisy

Size: 20 x 20"
Exposure: Full sun
USDA Hardiness Zone: 5

Large, fully double, bright white flowers have an almost puffy look. Cheerful blooms appear in early summer and continue for months when deadheaded. Attracts butterflies and bees. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

LEUCANTHEMUM X SUPERBUM 'ICE CREAM DREAM' PP34053

Shasta Daisy

Size: 12 x 18"
Exposure: Full sun
USDA Hardiness Zone: 5

Fully double flowers begin as intense yellow buds and open to creamy white pom-pom like flowers. Dense blooms blanket the compact, mounded, dark green foliage in summer. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

LEUCANTHEMUM X SUPERBUM AMAZING DAISIES® 'SPUN SILK' PP34197

Shasta Daisy

Size: 22 x 22"
Exposure: Full sun
USDA Hardiness Zone: 5

Delicate, narrow petaled flowers with fringed edges offer a fresh take on the classic Shasta Daisy. *Photo courtesy of Walters Gardens, Inc.*

LEUCANTHEMUM SUPERBUM 'SNOWCAP'

Shasta Daisy

Size: 1.5 x 1'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

A compact Shasta daisy that reaches only 18" tall. Large 4" daisies are prolific throughout summer if deadheaded. Perfect for fresh cut flowers. Drought tolerant. Deer and rabbit resistant.

LITHODORA DIFFUSA 'GRACE WARD'

Lithodora

Size: 10 x 24"
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

This evergreen ground cover has small, narrow green leaves and produces dark blue flowers in summer. Good for rock gardens. Needs some shade in hot summer climates.

LITHODORA DIFFUSA 'HEAVENLY BLUE'

Lithodora

Size: 12 x 14"
Exposure: Sun-Part sun
USDA Hardiness Zone: 6

A low growing, spreading perennial with small, blue flowers and evergreen foliage. The funnel shaped flowers will bloom throughout the summer. Perfect for rock gardens. Deer resistant.

LOBELIA SPECIOSA 'VULCAN RED'

Cardinal Flower

Size: 32 x 14"
Exposure: Sun-Part sun
USDA Hardiness Zone: 6

Upright stems carry deep red flowers from midsummer to early fall. Foliage and stems are greenish purple, adding even more color to the garden. Attracts bees and hummingbirds. *Photo courtesy of Proven Winners.*

LUPINUS POLYPHYLLUS 'BLACKSMITH' WESTCOUNTRY™

Lupine

Size: 3 x 2'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

Upright flower spikes of bold purple and white blooms form on the tops of foliage stems. Leaves are medium to dark green. This herbaceous perennial blooms from late spring to early summer. *Photo courtesy of Ball Horticultural Company.*

LUPINUS POLYPHYLLUS 'MAGIC LANTERN' WESTCOUNTRY™

Lupine

Size: 3 x 2'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Strong spires hold aloft bells of deep purple flowers, contrasted by yellow standards. Flowering June to July for spectacular summer display of color.

LUPINUS POLYPHYLLUS 'TEQUILA FLAME' WESTCOUNTRY™ PP23047

Lupine

Size: 3 x 2'
Exposure: Full sun
USDA Hardiness Zone: 5

A unique rosey red and soft yellow flower sets this Lupine apart. Tall, showy flower stalks make excellent cut flowers. Deer resistant. Unlicensed propagation prohibited.

LUPINUS POLYPHYLLUS 'MANHATTAN LIGHTS' WESTCOUNTRY™ PP18868

Lupine

Size: 3 x 2'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

Showy spires of densely packed, fragrant, deep purple and yellow flowers rise on sturdy stems above palmate foliage. Attracts butterflies and hummingbirds. Deer and rabbit resistant. Unlicensed propagation prohibited.

MONARDA DIDYMA 'BALBALMURP' BALMY™ PURPLE PP25561

Beebalm

Size: 14 x 12"
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

Large violet-purple blooms top this tight, well-branched perennial. Great for cut flowers, deer resistance, and attracts pollinators. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

Perennials

Monarda 'Cherry Pops' Sugar Buzz®

Monarda 'Rockin Raspberry' Sugar Buzz®

MONARDA 'CHERRY POPS' SUGAR BUZZ® PP27618

Beebalm

Size: 20 x 20"

Exposure: Sun-Part shade

USDA Hardiness Zone: 4

Cherry red blooms create a dome of color over dark green foliage. This hybrid shows above-average resistance to powdery mildew. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

MONARDA DIDYMA 'JACOB CLINE'

Beebalm

Size: 4 x 2'

Exposure: Sun-Part sun

USDA Hardiness Zone: 4

Dark green leaves are topped with whorls of vibrant red, tubular flowers. Fragrant leaves have an aroma akin to mint and basil. Great mildew resistance. Attracts hummingbirds, butterflies and bees. *Photo courtesy of Ball Horticultural Co.*

MONARDA 'ROCKIN RASPBERRY' SUGAR BUZZ® PP28752

Beebalm

Size: 20 x 20"

Exposure: Sun-Part shade

USDA Hardiness Zone: 4

Bright raspberry red blooms light up the garden in midsummer. Dark green foliage has an upright, clumping growth habit. Very attractive to hummingbirds, butterflies and bees. Aromatic foliage smells like minty-basil. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

NEPETA SUBSEVILIS 'BALNEPLUD' PRELUDE™ BLUE PP31901

Catmint

Size: 36 x 30"

Exposure: Full sun

USDA Hardiness Zone: 5

Deliciously scented, fragrant, minty foliage forms a mounding habit with blue-indigo flowers. Blooming for months, enjoy a color show throughout spring and summer. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

NEPETA X 'PSFIKE' LITTLE TRUDY® PP18904

Catmint

Size: 1 x 1.5'

Exposure: Full sun

USDA Hardiness Zone: 4

This dwarf catmint makes a nice border with its compact habit. Profuse deep lavender blossoms adorn spikes above the soft gray foliage. Stems are fragrant when broken. Attracts pollinators. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

NEPETA 'PICTURE PURRFECT' PPAF

Catmint

Size: 24 x 12"

Exposure: Full sun

USDA Hardiness Zone: 3

This compact Catmint produces purple-blue flowers from early summer to fall. Makes an excellent border plant. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Co.*

NEPETA FAASSENII 'PURRSIAN BLUE' PP24788

Catmint

Size: 1 x 1.5'

Exposure: Full sun

USDA Hardiness Zone: 3

Similar to 'Walker's Low', this compact Nepeta maintains a low habit. Sky-blue flowers with purple calyces bloom above gray-green, fragrant foliage. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

PAEONIA X 'BARTZELLA'

Peony

Size: 3 x 3'

Exposure: Sun-Part shade

USDA Hardiness Zone: 4

This sturdy peony bears large flowers that are bright yellow with a touch of red in the centers. The double blooms have a slightly spicy fragrance. *Photo courtesy of Walters Gardens, Inc.*

PAEONIA LACTIFLORA 'ALLAN ROGERS'

Peony

Size: 3 x 3'

Exposure: Full sun

USDA Hardiness Zone: 3

Large fragrant blossoms that will emerge a soft pink and quickly become pure white. Leaves are deep green making a nice contrast to the white blooms.

PAEONIA LACTIFLORA 'CIRCUS CIRCUS'

Peony

Size: 3 x 3'

Exposure: Full sun

USDA Hardiness Zone: 3

This spring blooming perennial has unusual flowers. White blooms are semi-double, with irregular reddish purple streaking. Ruffled petals surround bright yellow pistils. *Photo courtesy of David Stang.*

Perennials

Paeonia lactiflora 'Lemon Chiffon'

Paeonia lactiflora 'Sarah Bernhardt'

Papaver orientale 'Mix'

Penstemon schmidel 'Red Riding Hood'

Paeonia lactiflora 'Kansas'

Paeonia lactiflora 'Karl Rosenfield'

Paeonia lactiflora 'Monsieur Jules Elie'

Paeonia lactiflora 'Mother's Choice'

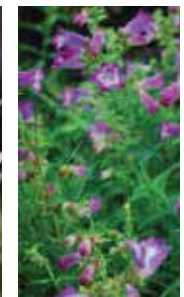

Papaver nudicaule 'Wonderland Mix'

Penstemon 'Cherry Sparks'

Penstemon schmidel 'Purple Riding Hood'

Penstemon 'Cha Cha'™ Lavender'

PAEONIA LACTIFLORA 'KANSAS'

Peony

Size: 2 x 2'
Exposure: Full sun
USDA Hardiness Zone: 3

Large, fluffy looking blossoms are brilliant pink and have a wonderful fragrance. Keeping a tidy habit, this Peony is great for landscapes and the blooms make great cut flowers. *Photo courtesy of Walters Gardens, Inc.*

PAEONIA LACTIFLORA 'KARL ROSENFELD'

Peony

Size: 2 x 2-3'
Exposure: Full sun
USDA Hardiness Zone: 3

Large, fully double blooms in spring are a vivid carmine color. Blooms emerge above lush green foliage. Makes a great cut flower. *Photo courtesy of Walters Gardens, Inc.*

PAEONIA LACTIFLORA 'LEMON CHIFFON'

Peony

Size: 3 x 2'
Exposure: Full sun
USDA Hardiness Zone: 3

Beautiful lemon-yellow, fully double blossoms are produced in late spring. Makes a great cut flower.

PAEONIA LACTIFLORA 'MONSIEUR JULES ELIE'

Peony

Size: 3 x 3'
Exposure: Full sun
USDA Hardiness Zone: 3

Rose-pink blossoms are profuse above deep green foliage. Blooms emerge in mid-spring and are long-lasting. They also make a great cut flower.

PAEONIA LACTIFLORA 'MOTHER'S CHOICE'

Peony

Size: 3 x 3'
Exposure: Full sun
USDA Hardiness Zone:

Double, creamy-white flowers will have occasional magenta margins. The blooms have excellent fragrance and make a great cut flower.

PAEONIA LACTIFLORA 'SARAH BERNHARDT'

Peony

Size: 3 x 3'
Exposure: Full sun
USDA Hardiness Zone: 3

A long-standing favorite Peony, Sarah Bernhardt features very large and very fragrant rose-pink double flowers. A late season bloomer that makes an excellent cut flower. *Photo courtesy of Walters Gardens, Inc.*

PAPAVER ORIENTALE 'MIX'

Oriental Poppy

Size: 36 x 24"
Exposure: Full sun
USDA Hardiness Zone: 2

Forms dense mounds of finely textured foliage from which emerges huge, delicate, papery flowers in shades of red, pink, orange and white in spring and summer. Great for attracting bees and butterflies.

PAPAVER NUDICAULE 'WONDERLAND MIX'

Iceland Poppy

Size: 18 x 24"
Exposure: Full sun
USDA Hardiness Zone: 2

A dwarf poppy variety in a mix of red, yellow, orange and crimson blooms on short stems. Blooms from late spring through midsummer. *Photo courtesy of Ball Horticultural Company.*

PENSTEMON 'CHERRY SPARKS' PP2869

Beardtongue

Size: 20 x 16"
Exposure: Full sun
USDA Hardiness Zone: 5

Large, bright, cherry-red blooms have a rich contrast against dark green foliage. Cherry Sparks boasts improved cold and heat tolerance. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

PENSTEMON 'CHA CHA'™ LAVENDER' PP26700

Beardtongue

Size: 20 x 20"
Exposure: Full sun
USDA Hardiness Zone: 6

This vigorous cultivar has dense clusters of lavender flowers that continue blooming week after week all summer long. Unlicensed propagation prohibited.

PENSTEMON SCHMIDEL 'PURPLE RIDING HOOD' PP18950

Beardtongue

Size: 18 - 30 x 18-24"
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

An upright herbaceous perennial with a compact habit. Dark blue to purple trumpet shaped flowers hang from strong stem attracting butterflies and hummingbirds. Great cut flower specimen. Rustic aesthetic, blooms spring through late fall.

PENSTEMON SCHMIDEL 'RED RIDING HOOD' PP18950

Beardtongue

Size: 18-30 x 18-24"
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

An upright herbaceous perennial with a compact habit. Red, trumpet shaped flowers hang from strong stems attracting butterflies and hummingbirds. Great cut flower specimen. Rustic aesthetic, blooms spring through late fall.

USDA Hardiness Zone: 9

Arching leaves are colored an elegant silvery blue with soft green centers. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

MANGAVE 'PINEAPPLE EXPRESS' PP28613

Annual

Size: 10 x 18"

Exposure: Sun

USDA Hardiness Zone: 9

Reminiscent of a pineapple top with its spiky growth habit, this mangave features long dark gray leaves with burgundy spots. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

MANGAVE 'DREADLOCKS' PP31216

Annual

Size: 1 x 3'

Exposure: Sun

USDA Hardiness Zone: 9

Ruffled dark green, burgundy spotted leaves (concentrated in the leaf centers) make this mangave hybrid a real stunner. Perfect for decorative containers. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

MANGAVE 'NIGHT OWL' PPAF

Annual

Size: 8 x 18"

Exposure: Sun

USDA Hardiness Zone: 9

Wide, wavy, nearly black leaves. Best in full sun. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

MANGAVE 'SILVER FOX' PP29642

Annual

Size: 10 x 18"

Exposure: Sun

USDA Hardiness Zone: 9

The waxy coating over the light green leaves make this mangave glow a silvery white. Blue-purple spotting and thick leaves with an arching habit. Unlicensed propagation prohibited. *Photo courtesy of Walters Gardens, Inc.*

A close-up photograph of a fruit tree branch, likely a cherry or plum, featuring several pink blossoms with yellow stamens and vibrant green leaves. The background is softly blurred, showing more branches and foliage. The text "Fruit Trees" is centered over the image in a clean, white, sans-serif font.

Malus 'North Pole Columnar' Semi-Dwarf

CYDONIA OBLONGA 'PINEAPPLE' DWF

Dwarf Fruiting Quince

Size: 15 x 12'

Exposure: Sun-Part sun

USDA Hardiness Zone: 5

Large yellow fruits appear in fall after a prolific white flowering in spring. A great choice for making jellies, jams, and pies. Self-fertile.

FICUS CARICA 'BROWN TURKEY'

Fig

Size: 30 x 30'

Exposure: Sun-Part shade

USDA Hardiness Zone: 6

Hardy medium-sized fruit with brown skin, strawberry colored flesh. Sweet flavor, best eaten fresh. Performs well on the coast or inland climates. Self-fruitful. 100Hrs.

FICUS CARICA 'DESERT KING'

Fig

Size: 15 x 15'

Exposure: Sun-Part sun

USDA Hardiness Zone: 6

An easy fruit tree to grow in mild climates, it needs winter protection elsewhere. Figs ripen in midsummer. Self-fertile, and will start producing 1-2 years after planting. Deer resistant.

FICUS CARICA 'LITTLE RUBY'

Fig

Size: 6 x 6'

Exposure: Sun-Part sun

USDA Hardiness Zone: 7

Small reddish brown figs ripen mid-summer to early fall. May not bear fruit until 1-2 years after planting. This cultivar has a smaller growth habit, and may be kept smaller with pruning.

MALUS '4-WAY'

Apple

Size: 15 x 15'

Exposure: Full sun

USDA Hardiness Zone: 4

McIntosh, Liberty, Gravenstein, Fuji

MALUS 'FUJI' SEMI-DWF

Apple

Size: 15 x 15'

Exposure: Full sun

USDA Hardiness Zone: 5

Produces medium-sized fruit that is colored green and red in various degrees. Has excellent crisp texture and sweet flavor. Good for fresh eating, baking, and cider. Requires a pollinator. Ripens in mid-October.

MALUS 'GALA' SEMI-DWF

Apple

Size: 15 x 15'

Exposure: Full sun

USDA Hardiness Zone: 4

Early fruit. Good for eating fresh and cooking. Requires cross-pollination.

MALUS 'GRANNY SMITH' SEMI-DWF

Apple

Size: 15 x 15'

Exposure: Full sun

USDA Hardiness Zone: 4

Late-harvest season. Habit is upright and spreading. Skin color is bright green with white dots and the fruit large. Flavor is tart and juicy. Keeps well and is good for eating fresh or making sauces.

MALUS 'GRAVENSTEIN' SEMI-DWF

Apple

Size: 15 x 15'

Exposure: Full sun

USDA Hardiness Zone: 4

Excellent for eating fresh or cooking. Apples are yellow with red stripes. Requires pollination by a different early flowering variety.

MALUS 'HONEYGOLD' SEMI-DWF

Apple

Size: 15 x 15'

Exposure: Full sun

USDA Hardiness Zone: 4

Late season. Good for eating fresh, pies, salads, and sauce. University of Minnesota.

MALUS 'MN#1711' HONEYCRISP SEMI-DWF

Apple

Size: 15 x 15'

Exposure: Full sun

USDA Hardiness Zone: 4

Mid-harvest season. Produces large bright red fruit. Excellent flavor and texture, ideal for fresh eating or cooking. Requires a pollinator. A cold hardy cultivar introduced by the University of Minnesota.

MALUS 'NORTH POLE COLUMNAR' SEMI-DWF

Apple

Size: 12 x 3'

Exposure: Full sun

USDA Hardiness Zone: 4

This columnar apple works great in a small landscape or container. Fruit is crisp and juicy. Pair with another mid-late, non-sterile apple for pollination.

Fruit Trees

Malus 'Pink Lady' Semi-Dwf

Prunus armeniaca 'Wenatchee' Semi-Dwf

Prunus avium 'Bing' Semi-Dwarf

Prunus avium 'Rainier' Semi-Dwf

Malus 'Scarlet Sentinel Columnar' Semi-Dwf

Malus 'Spitzenburg' Semi-Dwf

Malus 'Winter Banana' Semi-Dwf

Prunus armeniaca x domestica Dwf

Prunus avium 'Black Tartarian' Semi-Dwarf

Prunus avium 'Lambert' Semi-Dwf

Prunus avium 'Royal Ann' Semi-Dwf

MALUS 'PINK LADY' SEMI-DWF

Apple

Size: 15 x 15'
Exposure: Full sun
USDA Hardiness Zone: 6

Late-harvest season. Fruit is oblong with pink blush over yellow overtone. Flesh is creamy white. Flavor is sweet-tart. Long storage life.

MALUS 'SCARLET SENTINEL COLUMNAR' SEMI-DWF

Apple

Size: 12 x 3'
Exposure: Full sun
USDA Hardiness Zone: 3

Mid-summer fruit. Good for fresh eating, sauces, and pies.

MALUS 'SPITZENBURG' SEMI-DWF

Apple

Size: 12 x 15'
Exposure: Full sun
USDA Hardiness Zone: 3

Aka 'Esopus Spitzenburg'. Requires a pollinator. Very cold hardy. Tart flavor, good for fresh eating and cooking. Late season. University of Minnesota.

MALUS 'WINTER BANANA' SEMI-DWF

Apple

Size: 12 x 15'
Exposure: Full sun
USDA Hardiness Zone: 4

Requires a pollinator. Good for mild winter regions.

PRUNUS ARMENIACA 'WENATCHEE' SEMI-DWF

Apricot

Size: 15 x 15'
Exposure: Full sun
USDA Hardiness Zone: 4

Large, early summer fruit. Good for fresh eating, drying and canning. Self-fertile. Blooms early, susceptible to late frosts.

PRUNUS ARMENIACA X DOMESTICA DWF

Plumcot

Size: 15 x 15'
Exposure: Full sun
USDA Hardiness Zone: 5

Plumcot is a cross between a plum and an apricot. A very flavorful fruit with vibrant red flesh and plum-colored skin. A great source of vitamin C as well.

PRUNUS AVIUM 'BING' SEMI-DWARF

Cherry

Size: 20 x 20'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

Large fruit. Good for fresh eating or canning. Requires cross-pollination.

PRUNUS AVIUM 'BLACK TARTARIAN' SEMI-DWARF

Cherry

Size: 20 x 20'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

Large, early summer fruit. Good for eating fresh and preserves. Requires cross-pollination.

PRUNUS AVIUM 'LAMBERT' SEMI-DWF

Cherry

Size: 15 x 15'
Exposure: Full sun
USDA Hardiness Zone: 5

Sweet fruit is good for eating fresh and cooking. Requires a pollinator.

PRUNUS AVIUM 'RAINIER' SEMI-DWF

Cherry

Size: 15 x 15'
Exposure: Full sun
USDA Hardiness Zone: 5

Fragrant white flowers bloom in early spring before the foliage. Sweet, firm cherries ripen in summer. An unusual cherry, the skin is yellow with a red blush and the flesh is yellow. Dark green foliage turns yellow in fall. Good for eating fresh, baking and preserves. Needs a pollinator and 700 chill hours.

PRUNUS AVIUM 'ROYAL ANN' SEMI-DWF

Cherry

Size: 14 x 10'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

A vigorous well-shaped tree that produces large fruit. The fruit is pale yellow with bright red cheeks. The sweetness of the fruit is cut by a slight tart finish. This variety is not self fertile, so placement of another variety of cherry in close proximity is required for fruiting.

Prunus persica 'Reliance' Semi-Dwarf

Prunus persica 'Vivid' Semi-Dwarf

Prunus salicina 'Burbank' Semi-Dwarf

Prunus salicina 'Satsuma' Dwarf

Prunus salicina 'Superior' Semi-Dwarf

PRUNUS AVIUM 'VAN' SEMI-DWF

Cherry

Size: 20 x 20'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

Medium sized, midseason fruit. Good for fresh eating. Requires cross-pollination.

PRUNUS DOMESTICA 'STANLEY' DWF

Plum

Size: 20 x 15'
Exposure: Full sun
USDA Hardiness Zone: 5

Late-harvest season. Tree is large, spreading and bears young. Fruit is large. Skin color is dark blue. Plum is tender and sweet. Good for cooking and fresh eating.

PRUNUS PERSICA 'EARLY ELBERTA' SEMI-DWF

Peach

Size: 15 x 15'
Exposure: Full sun
USDA Hardiness Zone: 5

Early ripening version of Elberta peach. Rich, sweet, yellow flesh and golden yellow blushed red skin. Large fruits in early July.

PRUNUS PERSICA 'FROST' SEMI-DWF

Peach

Size: 15 x 15'
Exposure: Full sun
USDA Hardiness Zone: 5

Beautiful pink spring blossoms followed by semi-freestone fruit that is heavily blushed with red. Great vigorous plant that has an exceptional fruit set and prolific bloom. Self-fertile.

PRUNUS PERSICA 'RED HAVEN' SEMI-DWF

Peach

Size: 15 x 15'
Exposure: Full sun
USDA Hardiness Zone: 5

Self-pollinating. Freestone, early season fruit. Good for fresh eating, canning, and freezing. Self-fertile.

PRUNUS PERSICA 'RELIANCE' SEMI-DWF

Peach

Size: 15 x 15'
Exposure: Full sun
USDA Hardiness Zone: 5

Semi-dwarf and very cold hardy variety that produces medium to large, mid-summer fruit. Peaches are sweet and freestone. Beautiful pink flowers in spring are an added bonus. Good for canning, freezing, and eating fresh. Self-fertile.

PRUNUS PERSICA 'VIVID' SEMI-DWF

Peach

Size: 15 x 15'
Exposure: Full sun
USDA Hardiness Zone: 4

Produces a bright red, freestone fruit that is juicy and sweet. Fruit ripens mid-August.

PRUNUS PERSICA VAR. NUCIPERSICA 'FANTASIA' SEMI-DWF

Nectarine

Size: 20 x 20'
Exposure: Full sun
USDA Hardiness Zone: 5

Lovely masses of pink flowers appear in spring and are followed by fruits which ripen in late summer to yellow and red. A great choice for fresh eating, preserving or cooking. Self-pollinating.

PRUNUS SALICINA 'BURBANK' SEMI-DWF

Plum

Size: 20 x 15'
Exposure: Full sun
USDA Hardiness Zone: 4

Large, late summer fruit. Good for fresh eating, jam, and jelly. Requires cross-pollination. Early blooms are susceptible to late frosts.

PRUNUS SALICINA 'SANTA ROSA' DWF

Plum

Size: 10 x 10'
Exposure: Full sun
USDA Hardiness Zone: 5

Early-harvest season. Habit is large and hardy and fruit is large with a cone shape. Skin color is a deep purplish red. Plum has a sweet tart taste and is firm. Excellent for fresh eating. Slow ripening. Pollinizer required.

PRUNUS SALICINA 'SATSUMA' DWF

Plum

Size: 10 x 10'
Exposure: Full sun
USDA Hardiness Zone: 5

Small to medium fruit is firm and juicy, ripening in late mid-season, depending on location. Cold hardy, but also suitable for mild winter areas. Semi-freestone. For better production, plant another Japanese plum variety as a pollinator.

PRUNUS SALICINA 'SUPERIOR' SEMI-DWF

Plum

Size: 12 x 12'
Exposure: Full sun
USDA Hardiness Zone: 4

This tree produces many, high quality dessert plums with proper management. The fruits take on a characteristic point at one end. The long, willowy nature of the branches can be managed with early pruning.

Fruit Trees

Pyrus communis 'Anjou' Semi-Dwf

Pyrus communis 'Bosc' Semi-Dwf

Pyrus pyrifolia 'Chojuro' Semi-Dwf

Pyrus pyrifolia 'Shinseiki' Semi-Dwf

Pyrus communis 'Asian 4-way'

Pyrus pyrifolia '20th Century' Semi-Dwf

PYRUS COMMUNIS 'ANJOU' SEMI-DWF

Pear

Size: 10 x 15'
Exposure: Full sun
USDA Hardiness Zone: 5

Large, late summer fruit. Good for eating fresh, making juice, sauce, jam, and drying. Requires cross-pollination.

PYRUS COMMUNIS 'ASIAN 4-WAY'

Pear

Size: 15 x 18'
Exposure: Full sun
USDA Hardiness Zone: 5

5 different varieties grafted onto a single tree: Comice, 20th Century, Shinseiki, Dwarf Chojuro, and Dwarf Hosui. The Comice, although not an Asian pear, is a good pollinizer for the other varieties.

PYRUS COMMUNIS 'BARTLETT' DWF

Pear

Size: 20 x 20'
Exposure: Full sun
USDA Hardiness Zone: 5

This heirloom pear variety offers a heavy crop of medium yellow pears with juicy, sweet flesh. In spring, creamy white blossoms drape the branches.

PYRUS COMMUNIS 'BOSC' SEMI-DWF

Pear

Size: 15 x 18'
Exposure: Full sun
USDA Hardiness Zone: 4

Mid-harvest season. Tree is large with upright growth. Fruit is large and narrow shaped with a long neck. Skin color is dark yellow with russet. Pear is juicy, sweet and tender. Good for canning, and fresh eating.

PYRUS COMMUNIS 'RED BARTLETT' SEMI-DWF

Pear

Size: 15 x 18'
Exposure: Full sun
USDA Hardiness Zone: 4

Early-harvest season. Fast growing tree with medium to large fruit. Pear is sweet and tender making it good for canning or eating fresh. Does not require cold storage. Needs a pollinator.

PYRUS PYRIFOLIA '20TH CENTURY' SEMI-DWF

Asian Pear

Size: 20 x 20'
Exposure: Full sun
USDA Hardiness Zone: 5

Mid-harvest season. Tree is medium in size, upright and spreading. Fruit is round. Skin color is greenish yellow with some green blush. Pear is sweet and slightly tart, firm and juicy. Pollinizers are Bartlett, Chojuro and Shinseiki.

PYRUS PYRIFOLIA 'CHOJURO' SEMI-DWF

Asian Pear

Size: 10 x 7'
Exposure: Full sun
USDA Hardiness Zone: 5

Mid-harvest season. Habit is medium in size and spreading. Skin color is greenish brown and fruit is oblong in shape. The texture is somewhat coarse with a sweet and mild flavor. Pollinizers are Shinseiki and Bartlett.

PYRUS PYRIFOLIA 'SHINSEIKI' SEMI-DWF

Asian Pear

Size: 12 x 15'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

Asian pear tree producing medium-sized yellow skinned fruit from white. Tasty when eaten crisp and when soft. Covered in white blossoms in early spring followed by bright green leaves.

A close-up photograph of a grass seed head, likely a species of grass, with the word "Grasses" overlaid in white text. The image shows a dense cluster of fine, needle-like structures radiating from a central point, creating a textured, almost spherical appearance. The lighting is soft and directional, highlighting the intricate details of the seed head and casting gentle shadows on the surrounding blades. The overall color palette is a mix of muted greens, browns, and soft yellows, suggesting a natural, outdoor setting. The text "Grasses" is centered horizontally and vertically, rendered in a clean, sans-serif font that stands out against the complex background of the plant.

BOUTELOUA GRACILIS

Blue Grama Grass

Size: 2 x 2'
Exposure: Full sun
USDA Hardiness Zone: 3

This long lived, perennial grass grows in a range of soil types and topographic positions. Green to greyish in color, it's distinctive seed head spikes hang from only one side of its flowering stems. Foliage turns golden brown in autumn, adding further interest.

BOUTELOUA GRACILIS 'BLONDE AMBITION' PP22048

Blue Grama Grass

Size: 3 x 3'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

A cold hardy grass featuring blue-green foliage and distinctive chartreuse colored flower heads that fade to blonde at maturity. Unlicensed propagation prohibited. *Photo courtesy of Ball Horticultural Company.*

CALAMAGROSTIS X ACUTIFLORA 'KARL FOERSTER'

Feather Reed Grass

Size: 5 x 2'
Exposure: Full sun
USDA Hardiness Zone: 5

This is a cool season, clumping grass with a compact, erect growth habit. Magnificent, wheat-like seed heads appear in late spring and last all season long. This tall grass provides a great backdrop for lower growing plants and is also useful for screening, and will not reseed. A good choice for heavy clay soils. *Photo courtesy of Ball Horticultural Company.*

CAREX DOLICHOSTACHYA 'KAGA NISHIKI'

Sedge Grass

Size: 15 x 20"
Exposure: Part shade-Shade
USDA Hardiness Zone: 5

Evergreen in areas with mild winters, this sedge has bright green foliage with yellow margins. Leaves are fine-textured, arching up and out like a fountain.

CAREX FLACCA 'BLUE ZINGER'

Sedge Grass

Size: 1.5 x 1.5'
Exposure: Part shade-Shade
USDA Hardiness Zone: 5

Blue-green narrow foliage grows in upright clumps. May be evergreen in warm winter climates. Tolerates some standing water.

CAREX MORROWII 'ICE DANCE'

Sedge Grass

Size: 1'
Exposure: Part shade-Shade
USDA Hardiness Zone: 5

Bright green leaves with creamy white margins compliment shady borders and gardens. Spreads via rhizomes to create a dense groundcover.

CAREX OSHIMENSIS 'CARFIT01' EVERCOLOR® EVEREST PP20955

Sedge Grass

Size: 1.5 x 1.5'
Exposure: Part shade
USDA Hardiness Zone: 5

An evergreen, variegated sedge with green centers and bright white edges. Neat grass-like leaves rise from the crown and arch gracefully to create a stunning effect. Useful in containers, borders, or to brighten up a shady garden. Unlicensed propagation prohibited.

CAREX OSHIMENSIS 'EVERGOLD'

Sedge Grass

Size: 2 x 1'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

This clumping evergreen sedge has arching narrow leaves with a creamy yellow central stripe and dark green margins. Insect and disease resistant.

CAREX OSHIMENSIS EVERCOLOR® 'EVERGLOW' PP30466

Sedge Grass

Size: 1.5 x 1.5'
Exposure: Part shade-Shade
USDA Hardiness Zone: 5

Featuring bright green foliage with cream colored margins, this cultivar develops an orange tint to its edges in fall and winter. Unlicensed propagation prohibited.

CAREX OSHIMENSIS EVERCOLOR® 'EVERORO' PP23406

Sedge Grass

Size: 1.5 x 1.5'
Exposure: Part shade
USDA Hardiness Zone: 5

A small evergreen sedge, this cultivar is good for borders or massing. Foliage has gold centers and dark green margins. Unlicensed propagation prohibited.

CAREX TESTACEA

Sedge Grass

Size: 2 x 2'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

This orange New Zealand sedge has bronze green, arching leaves becoming vivid orange in fall. Foliage provides multi-season interest. Deer and rabbit resistant.

HAKONECHLOA MACRA 'ALL GOLD'

Japanese Forest Grass

Size: 14 x 18"
Exposure: Part shade
USDA Hardiness Zone: 5

Shiny, pure golden leaves arch gracefully. Slow to establish. Good in shady and woodland gardens.

HAKONECHLOA MACRA 'AUREOLA'

Japanese Forest Grass

Size: 18 x 18"
Exposure: Part shade
USDA Hardiness Zone: 5

Green and gold striped foliage arches gracefully. Slow to establish, but worth the wait.

HAKONECHLOA MACRA 'BENI-KAZE'

Japanese Forest Grass

Size: 18 x 24"
Exposure: Part shade
USDA Hardiness Zone: 5

Graceful ribbon-like leaves, that are green in summer, turn brilliant shades of red in the fall. Clumping, spreading habit. Easy to grow.

MISCANTHUS SINENSIS 'GOLD BAR' PP15193

Maiden Grass

Size: 4 x 3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

A dense, upright, clumping grass that is noted for its horizontally banded, creamy yellow and green foliage. Burgundy inflorescences rise above the foliage, maturing to beige. Unlicensed propagation prohibited.

MISCANTHUS SINENSIS 'GRACILLIMUS'

Maiden Grass

Size: 6 x 6'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Narrow, arching leaves give this large ornamental grass a delicate appearance. Leaves are green with a silver midrib. In fall, coppery red inflorescences, which rise 2' above the foliage, mature to silvery white. Tolerates drought, air pollution and most soil conditions.

MISCANTHUS SINENSIS 'LITTLE MISS' PP28849

Maiden Grass

Size: 2-3 x 2-3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 4

A compact, clumping grass with narrow, arching foliage develops blades tipped in crimson and purple tones. This two-tone effect intensifies as the season progresses. Red flowers rise above the foliage, producing showy buff colored seed heads late in summer. Unlicensed propagation prohibited.

MISCANTHUS SINENSIS 'LITTLE ZEBRA'

Dwarf Zebra Grass

Size: 4 x 3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

An interesting medium sized, compact ornamental grass of blue-green leaves with irregularly spaced horizontal bands of golden yellow. 'Little Zebra' has an upright, arching habit and bears burgundy flower plumes above its foliage in late summer, aging to light tan.

MISCANTHUS SINENSIS 'MORNING LIGHT'

Maiden Grass

Size: 6 x 4'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

Light green, narrow leaves with white margins make this ornamental grass glow when backlit. Bronze-red flowers yield cream colored seedheads. Blooms late summer.

MISCANTHUS SINENSIS 'NCMS2B' BANDWIDTH PP29460

Maiden Grass

Size: 2.5-3 x 3'
Exposure: Sun-Part shade
USDA Hardiness Zone: 5

This dwarf maiden grass is striped yellow and green with an upright growth habit. Feathery plumes arrive in fall and last into winter. A non-invasive cultivar. Unlicensed propagation prohibited.

MISCANTHUS SINENSIS 'ZEBRINUS'

Zebra Grass

Size: 5 x 4'
Exposure: Full sun
USDA Hardiness Zone: 5

Deep green foliage cut by yellow horizontal bands make an attractive variable pattern. Growing to an impressive 8 feet tall with blooms.

Grasses

MUHLENBERGIA REVERCHONII 'PUND01S' UNDAUNTED®

Ruby Muhly Grass

Size: 1.5 x 2'
Exposure: Full sun
USDA Hardiness Zone: 5

Gray-green rounded clumps of foliage are topped by 1' tall red flower spikes in fall, persisting into winter. Nice in mass plantings or as a specimen.

OPHIOPOGON PLANISCAPUS 'NIGRESCENS'

Black Mondo Grass

Size: 1 x 1'
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

This semi-evergreen has purple-black grass-like leaves which form a slowly spreading clump. Small bell-shaped, light pink flowers produce glossy dark purple berries.

OPHIOPOGON PLANISCAPUS 'YAPARD' BLACK BEARD PP22128

Black Mondo Grass

Size: 16 x 24"
Exposure: Sun-Part shade
USDA Hardiness Zone: 6

Black foliage creates an interesting contrast in any landscape. In summer, stalks of small pale lilac flowers appear. Unlicensed propagation prohibited.

PANICUM VIRGATUM 'DALLAS BLUES'

Switchgrass

Size: 4-6 x 2-3'
Exposure: Sun-Part sun
USDA Hardiness Zone: 5

Wide, smoky blue foliage contrast red-purple plumes arriving in early autumn. Winter interest is provided by seed heads that attract birds.

PANICUM VIRGATUM 'HOT ROD' PP26074

Switchgrass

Size: 4 x 2.5'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

Leaves emerge blue-green on this perennial, becoming burgundy by summer. Seedheads are also burgundy, appearing in mid-summer. Drought tolerant and deer resistant. Unlicensed propagation prohibited.

PANICUM VIRGATUM 'PRAIRIE SKY'

Switchgrass

Size: 6 x 3'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

This tall ornamental grass has powder blue leaves that turn yellow in fall, aging to brown. Seed plumes can last through winter. Clumps will increase in size over time. Tolerates occasional flooding.

PANICUM VIRGATUM 'RR1' RUBY RIBBONS PP17944

Switchgrass

Size: 3-4 x 2-2.5'
Exposure: Sun-Part sun
USDA Hardiness Zone: 4

A base of blue-green foliage developing into stunning red wine and purple tones by mid summer. Unlicensed propagation prohibited.

PENNISETUM ALOPECUROIDES 'BURGUNDY BUNNY' PP21917

Fountain Grass

Size: 1 x 1'
Exposure: Sun-Part sun
USDA Hardiness Zone: 6

A dwarf fountain grass forming an upright clump of narrow green leaves. Red highlights begin in late spring and by fall the foliage is completely ablaze. Small tufts of cream colored flower plumes appear a few inches above the foliage in late summer. Unlicensed propagation prohibited.

Grasses

Pennisetum alopecuroides 'Little Bunny'

Phormium 'Platt's Black'

Phormium 'Yellow Wave'

Pennisetum alopecuroides 'Hameln'

Phormium 'Jester'

Phormium 'Sundowner'

Schizachyrium scoparium 'Standing Ovation'

PENNISETUM ALOPECUROIDES 'HAMELN'

Fountain Grass

Size: 2.5 x 2.5'

Exposure: Sun-Part sun

USDA Hardiness Zone: 5

This compact ornamental grass forms spreading clumps, with deep green leaves that turn golden yellow, then beige in fall. Flower spikes are fine, pinkish white bottle brushes, which turn brown as seeds form. May not flower in too much shade.

PENNISETUM ALOPECUROIDES 'LITTLE BUNNY'

Fountain Grass

Size: 20 x 20"

Exposure: Full sun-Part sun

USDA Hardiness Zone: 4

An attractive miniature of the popular fountain grass. Dark green foliage supports tufted seed heads.

PHORMIUM 'AMAZING RED'

Flax

Size: 3-4'

Exposure: Full sun

USDA Hardiness Zone: 8

With an upright, clumping growth habit and dark red colored foliage, this variety of New Zealand flax is sure to amaze!

PHORMIUM 'JESTER'

Flax

Size: 3'

Exposure: Full sun

USDA Hardiness Zone: 8

Multicolored in hues of pink, green and lime green with an arching habit. Evergreen.

PHORMIUM 'PLATT'S BLACK'

Flax

Size: 4 x 4'

Exposure: Full sun

USDA Hardiness Zone: 8

A dramatic, dark flax cultivar featuring elegant, arching, chocolate black foliage. This evergreen perennial may produce panicles of tubular, red flowers in summer.

PHORMIUM 'SUNDOWNER'

Flax

Size: 5 x 6'

Exposure: Full sun

USDA Hardiness Zone: 8

This New Zealand flax cultivar has bronze-green leaves with coral-red margins and streaks. Long, arching leaf form. Foliage is great for adding an unusual touch to cut flower arrangements. Evergreen.

PHORMIUM 'YELLOW WAVE'

Flax

Size: 4 x 5'

Exposure: Full sun

USDA Hardiness Zone: 8

Arching leaves heavily striped with cream, buttery yellow and lime-green. In summer, when fully mature, the foliage is topped with a dramatic flower stalk of tubular yellow flowers that are attractive to hummingbirds. Evergreen.

SCHIZACHYRIUM SCOPARIUM 'STANDING OVATION' PP25202

Little Bluestem Grass

Size: 4 x 2'

Exposure: Full sun

USDA Hardiness Zone: 3

A beautiful ornamental grass with a distinctly sturdy upright habit. The foliage is a lovely steel blue briefly showing red tips, becoming blazing orange-red in fall. Unlicensed propagation prohibited.

Ferns

Ferns

Adiantum pedatum

Athyrium niponicum var. pictum

Dryopteris erythrosora 'Brilliance'[™]

Polystichum munitum

Athyrium filix-femina

Athyrium niponicum
'Godzilla'

Blechnum spicant

Cheilanthes lanosa

Dryopteris koidzumiana

Matteuccia
struthiopteris

Polystichum tsus-simense

ADIANTUM PEDATUM

Northern Maidenhair Fern

Size: 12 x 18"

Exposure: Part shade-Shade

USDA Hardiness Zone: 3

A graceful fern with a spreading habit, this plant adds woodland charm to the garden. Delicate, lacy, light-green fronds radiate outward from wiry black stems.

ATHYRIUM FILIX-FEMINA

Lady Fern

Size: 3 x 2.5'

Exposure: Part shade-Shade

USDA Hardiness Zone: 4

Light green feathery fronds add great color and texture to the landscape. Fronds are arrowhead-shaped, up to 1' wide and 3' long. This deciduous fern grows in thick, rounded clumps.

ATHYRIUM NIPONICUM 'GODZILLA'

Japanese Painted Fern

Size: 3 x 6'

Exposure: Part shade-Shade

USDA Hardiness Zone: 5

So named for its towering stature, this hardy fern forms a clump of arching, silvery fronds highlighted with tinges of green with dark purple stems.

ATHYRIUM NIPONICUM VAR. PICTUM

Japanese Painted Fern

Size: 12-24 x 12"

Exposure: Part shade-Shade

USDA Hardiness Zone: 4

Deciduous, arching, blue-green fronds with silver-gray and reddish variegation. Good in woodland gardens, mass plantings, containers, and borders. Needs good air circulation.

BLECHNUM SPICANT

Deer Fern

Size: 1.5 x 2'

Exposure: Part shade-Shade

USDA Hardiness Zone: 5

Evergreen. Sterile fronds are narrow, glossy dark green and angled; fertile fronds are upright with widely spaced leaflets. Needs good air circulation.

CHEILANTHES LANOSA

Hairy Lipfern

Size: 1 x 1.5'

Exposure: Sun-Part shade

USDA Hardiness Zone: 5

Unlike most ferns, this one prefers dry, loose soils, and is more sun tolerant. Grey-green deciduous fronds are covered with soft brown hairs. Fronds may dry and curl, but will revive when watered. Spreads slowly by rhizomes.

DRYOPTERIS ERYTHROSORA 'BRILLIANCE'[™]

Autumn Fern

Size: 1.5 x 2'

Exposure: Part shade-Shade

USDA Hardiness Zone: 5

Young fronds are lustrous, displaying orange, copper, and pink colors that intensify the landscape.

DRYOPTERIS KOIDZUMIANA

Autumn Fern

Size: 2 x 2'

Exposure: Shade

USDA Hardiness Zone: 7

A brilliantly colorful evergreen fern. New growth, which arrives late in the season, is a flashy orange and burgundy and will hold color well into summer.

MATTEUCCIA STRUTHIOPTERIS

Ostrich Fern

Size: 4 x 3'

Exposure: Part shade-Shade

USDA Hardiness Zone: 3

The light to medium green fronds of this beautiful and elegant fern are upright and slightly arching. Their size and texture lend a tropical air wherever they are planted. The young fiddleheads are edible.

POLYSTICHUM MUNITUM

Western Sword Fern

Size: 4 x 7'

Exposure: Part shade-Shade

USDA Hardiness Zone: 5

A great structural, evergreen fern growing from a dense, slowly expanding crown.

POLYSTICHUM TSUS-SIMENSE

Korean Rock Fern

Size: 1.5 x 1.5'

Exposure: Part shade-Shade

USDA Hardiness Zone: 6

Clump forming and semi-evergreen, this fern has glossy, dark green fronds with black veins.

Terms & Conditions

TERMS AND CONDITIONS

Orders must be prepaid, unless credit is previously approved. New accounts requesting credit terms must complete a credit application. All credit applications will be considered. Please allow 30 days for processing. Approved credit accounts are due 30 days from date of shipment. All orders are subject to availability of product at time of shipment. Overdue accounts will be charged interest at the rate of 1.5% monthly on the unpaid balance. Accounts not meeting established terms will revert to prepayment status, and may result in a loss of discount. Accounts inactive for 4 years or greater will revert to prepayment, and will need to fill out a new credit application 30 days prior to shipping. Payment by credit card is accepted, and nominal service fees will apply.

PRICING

Prices are subject to change without notice. Please contact us for current pricing. Freight costs are not included in pricing.

PHYTOSANITARY CERTIFICATES

Orders shipped to Canada or within a state that requires a phytosanitary certificate will be charged a fee to process phytosanitary documents.

ORDER MINIMUMS

For efficiency, quantity minimums will apply to all material, as described in the current availability. Orders shipped via common carrier must also meet our net dollar minimum as stated in the current availability.

SHIPPING

At your request, we will arrange shipping via 3rd party carrier. You will be charged freight COD, unless you have previously established credit with the carrier. If you are arranging a carrier, please allow us at least three days' notice prior to shipping to prepare your order. We do not assume responsibility for the product once loaded. Freight claims must be submitted to the carrier directly.

ADJUSTMENTS AND CANCELLATIONS

Please review your confirmations promptly and notify us of any changes. Cancellations will not be accepted after January 15th for field-grown material. Any material cancelled after March 1st will be subject to a 20% restocking fee. Prebooked confirmed orders must ship by June 1st. We reserve the right to substitute one size larger or smaller on all material, unless prior instructions of "no substitutions" are given. We reserve the right to cancel product due to weather damage, error in availability, insect or disease injury, acts of nature or government, and all other causes beyond our control. In the event that the plant material ordered is not available to us for any reason, we shall provide you with the option of substituting another product upon terms and conditions agreeable to both parties.

CLAIMS

All claims must be noted on the Bill of Lading. Claims must be made in writing within five (5) days of receipt of shipment and include pictures of the damaged material. Any material subject to claim must be held for inspection and disposition. Claims made regarding damage in transit must be made directly to the carrier. We will be glad to assist if requested. We are not responsible for any sum greater than the purchase price of the stock.

CUSTOM LABELS

We can add your company's retail prices, SKUs, and/or our UPCs to our tags for each plant, or you can send us your own tags. Retail pricing, SKU codes and/or your company tags must be received by January 15th. Please refer to the current availability for the custom label charge.

CONDITIONS OF SALE

The Seller makes no warranty, expressed or implied, extending beyond the description herein, including merchantability. Liability, in all cases will not exceed purchase price of the subject plants.

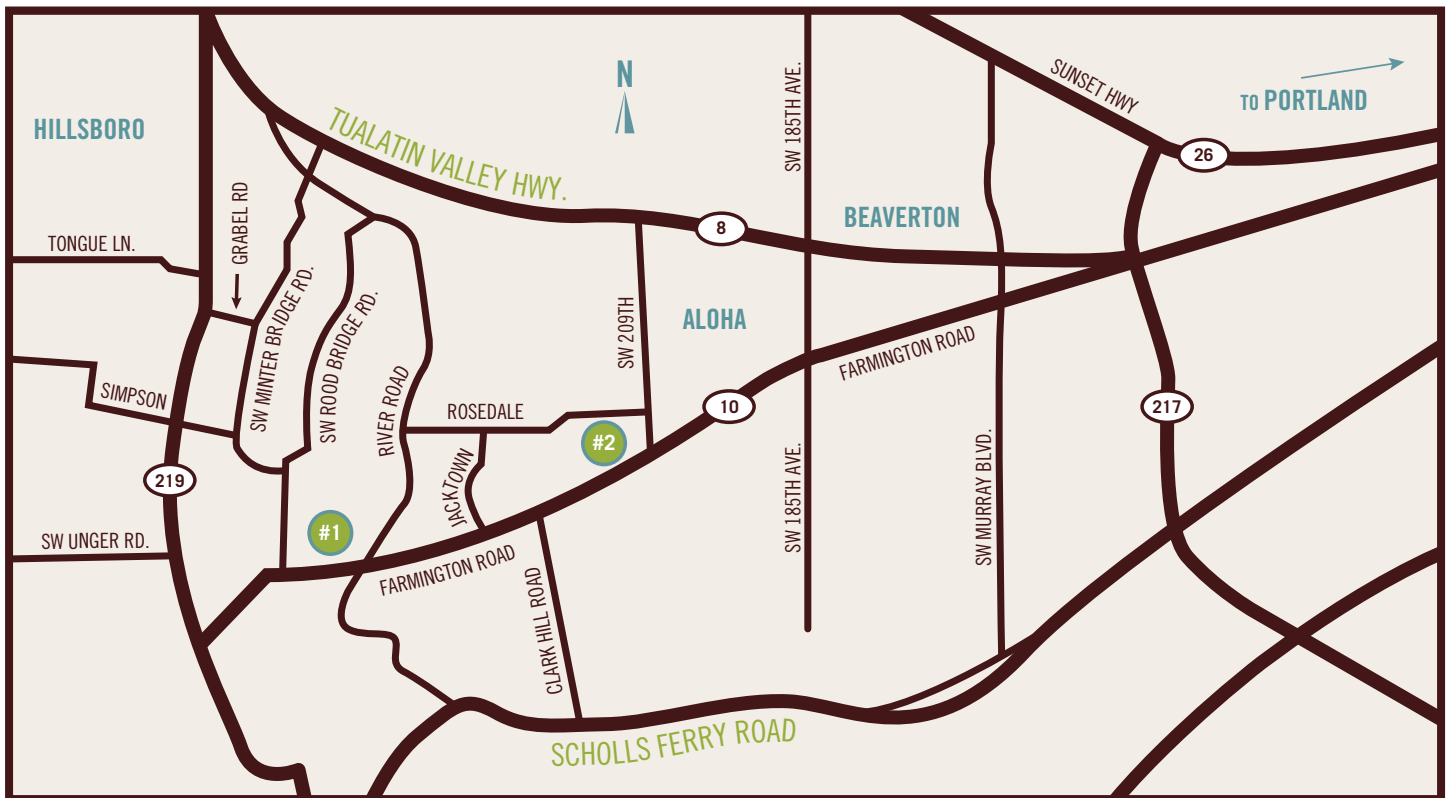

PLANT PATENT and/or TRADEMARK

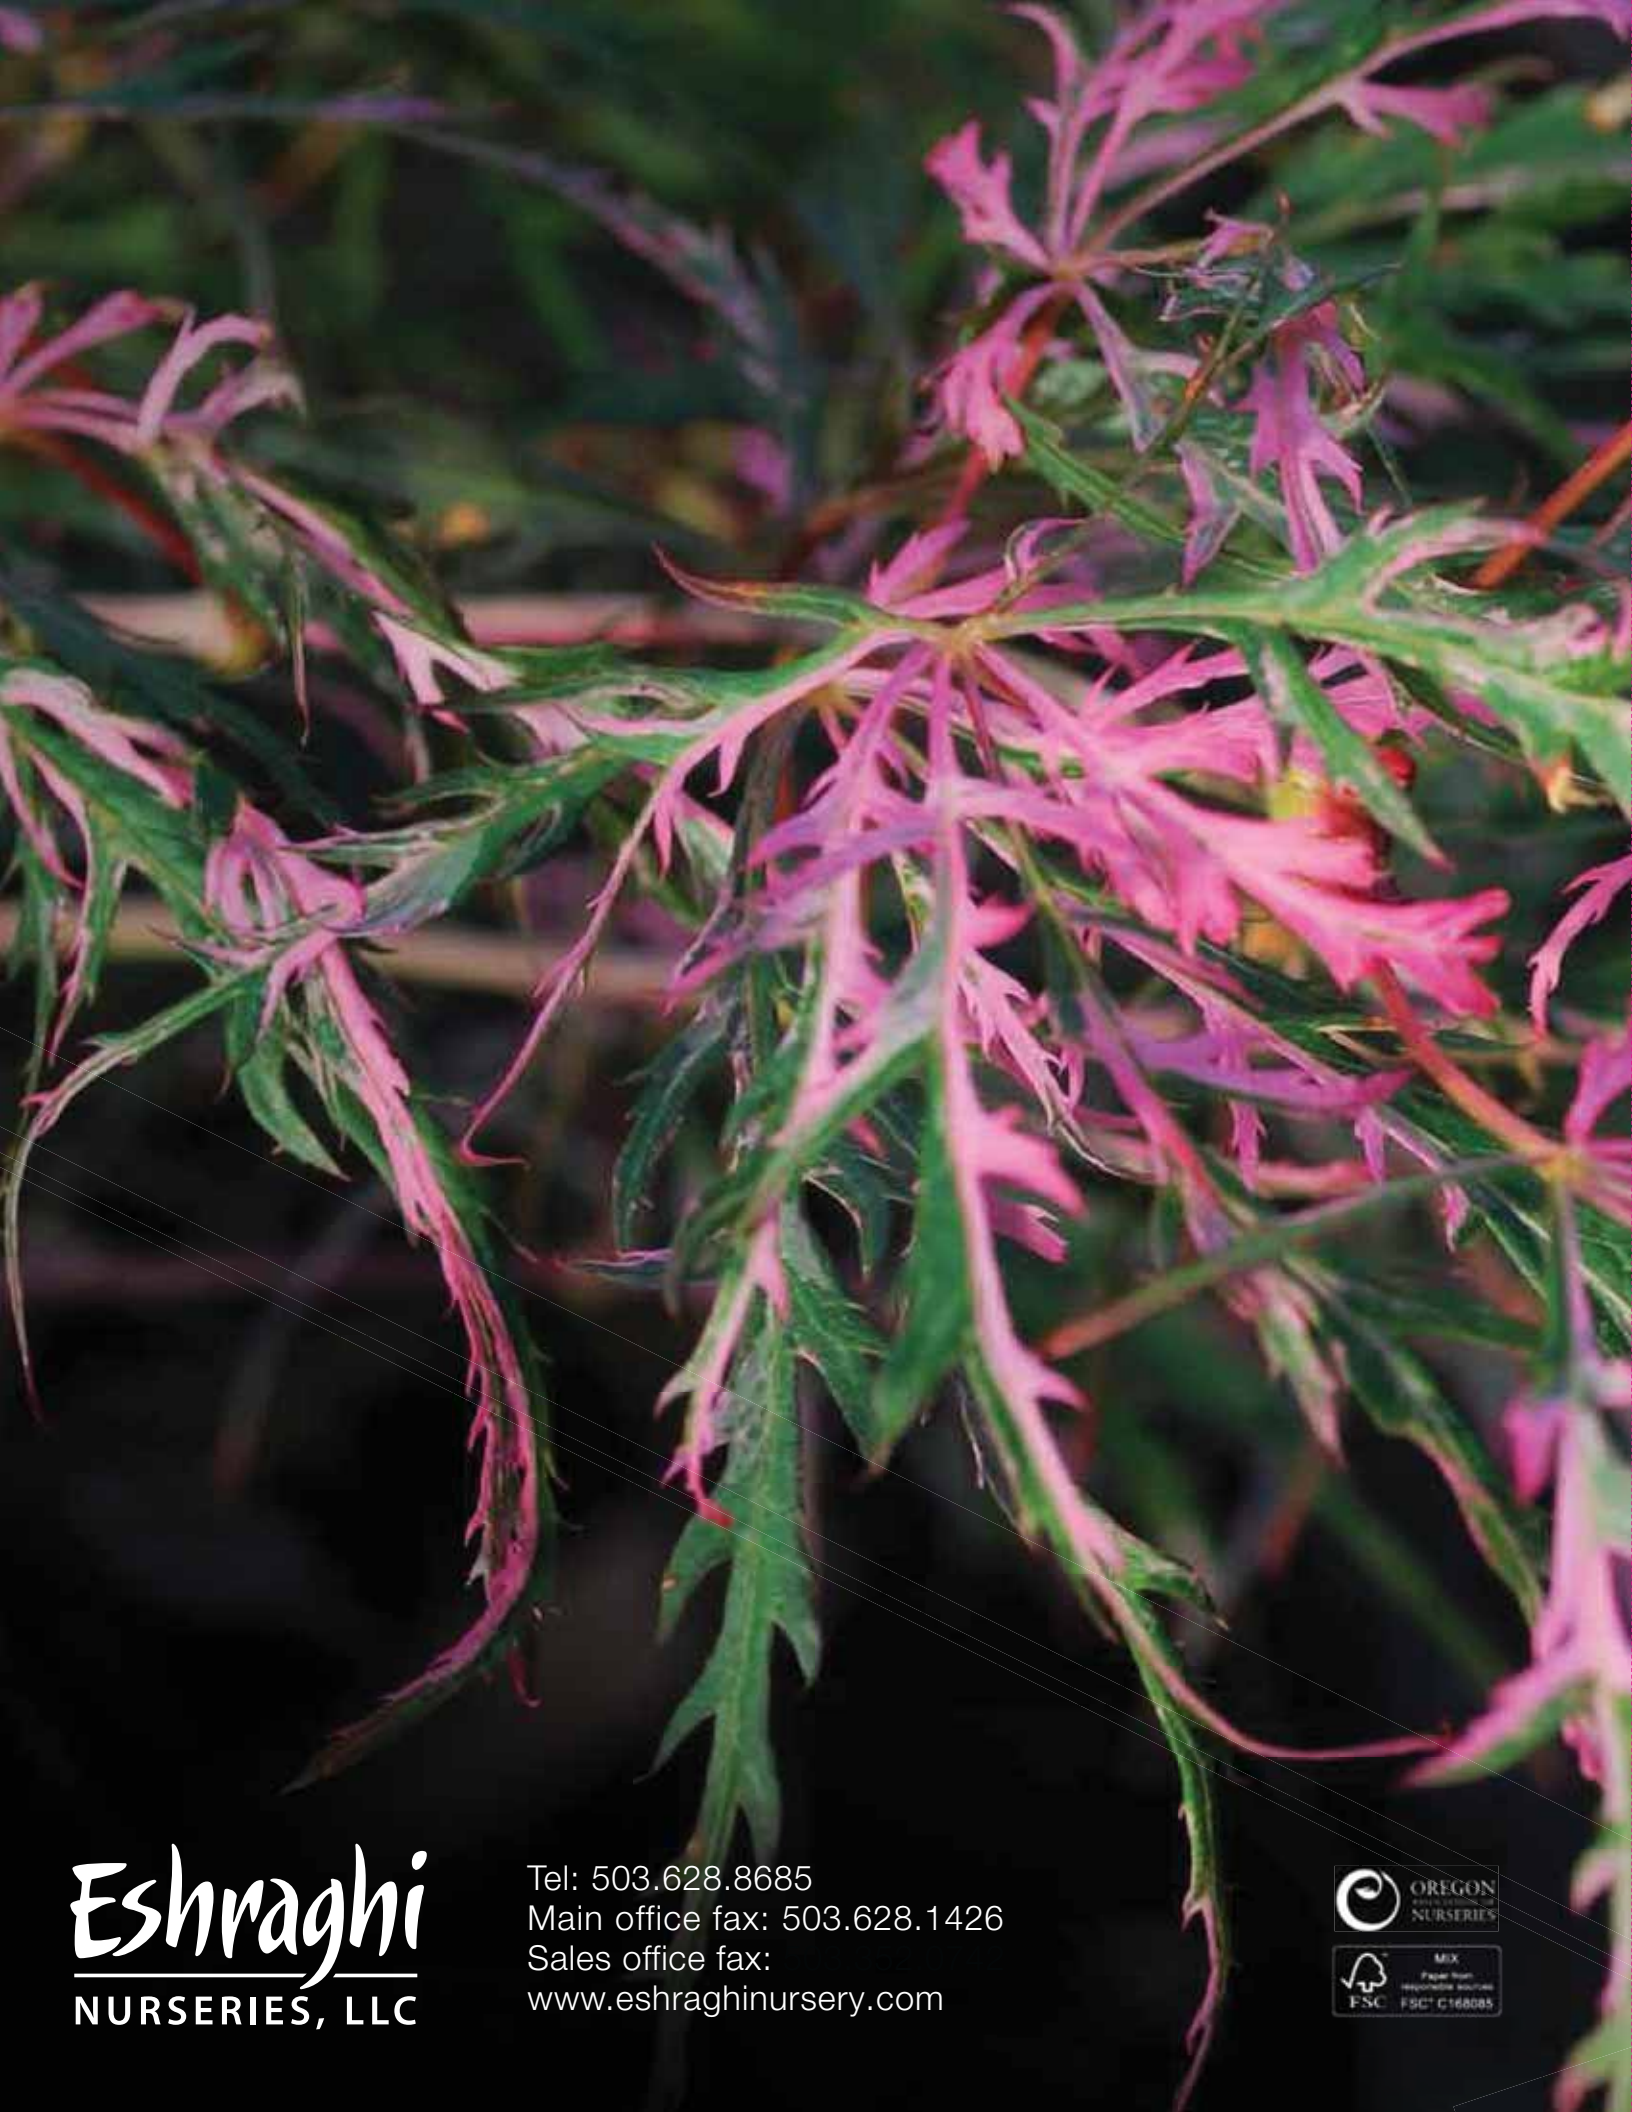

The price of certain plants purchased may include a plant patent and/or trademark royalty. In exchange for those royalty payments, you are granted a limited, non-exclusive license to grow and sell the plants. This license does not include the right to propagate the plants in any manner.
